

OFFICIALS HAMPER STATE FOOD FIGHT

Indiana Attorney-General Declares He Will Appeal to President.

SODA BENZOATE IS ISSUE

Department of Agriculture Reluctant to Give Aid and Court Order Is Demanded Before Dr. Wiley Will Testify.

WASHINGTON, Aug. 19.—Asserting that he had been hampered in every possible way in his efforts to uphold the laws of his state against the sale of food containing benzoate of soda and announcing that he would appeal to President Taft, Attorney-General Bingham, of Indiana, today denounced the Department of Agriculture officials.

The scoring occurred in the hearing held here in connection with the case of Williams Brothers and others against the Board of Health of Indiana. Dr. Harvey W. Wiley, chief of the Bureau of Chemistry, and a sworn enemy of benzoate of soda, a food preservative, was under cross-examination at the time.

"How Deal" Charged.

"The State of Indiana, which is seeking evidence in its defense against the suit brought by food manufacturers because Indiana prohibits the sale of foods containing benzoate of soda as a preservative, has received a raw deal from the Department of Agriculture," declared Attorney-General Bingham. "I intend to make a report to Secretary Wilson, of the Department of Agriculture, and to take the case to President Taft himself. When I appear before the Department of Agriculture to send Dr. Wiley and his assistants to Indiana to testify, the request was refused. Yet the members of the Remsen board and their assistants to testify in the case against Indiana.

Court Order Demanded.

"The department said if I wanted the testimony of Dr. Wiley and his assistants I would have to come here and get it. When we came here the department, with Acting Secretary Hays at its head, informed us that we would have to get a court order to compel the experts to testify. In court the department was represented by counsel to whom we furnished this testimony. But the court decided in our favor.

"I have applied for the original documents on file in the department and the Acting Secretary Hays has refused to furnish them. He has demanded a court order for these, too."

Later in the day the documents demanded by Attorney Bingham were furnished by the Department of Agriculture.

LEWIS PREPARES DATES

Schedule for Testimony on Water Rights Outlined.

SALEM, Or., Aug. 19.—(Special.)—State Engineer John H. Lewis and Attorney General Bingham prepared the schedule of dates for hearing testimony and making examination of surveys on some of the Oregon projects.

The examination of water rights on the North Powder project in Baker County, October 2, has been named as the date, when the State Engineer will make an examination of the water rights on October 4. M. Saxon, Superintendent of Water Division No. 2, will take testimony and this will be continued at Baker City on October 6.

Surveys have been completed on the Crooked River project in Crook County and the maps will be inspected by the State Engineer on October 17. Examination will take place at Paulina, October 18 and at Prineville October 20. He will leave here for Malheur County to take testimony for the Willow Creek claimants.

These adjudications of water rights deal with problems arising prior to the water code as adopted by the Legislature in 1908.

errors of the Rocky Mountain and Pacific Coast states was called to consider that proper representation on the floor of the forthcoming Conservation Congress at St. Paul, which had been tacitly denied on formal application, and

"Whereas, it was the corollary intent to devise if possible ways and means of preventing before the St. Paul Congress and the Nation the just, reasonable and irrepressible views of the states most vitally concerned in the statutory affirmation of the accepted conservation policy of the country, and

"Whereas, the representatives of the Governor of Minnesota have given assurance that the programme of the National Conservation Congress has been amended as to insure, on a day specially set apart, the free and full discussion of the subject of conservation by the representatives of all the states or their representatives, therefore be it

"Resolved, that the Governors of the Rocky Mountain and Pacific Coast states represent and represented, cordially take part in the proceedings of the St. Paul Congress and appoint in compliance with the invitation extended them, delegations of such force, character and ability as will impress upon that distinguished assembly the sincerity and justice of the demands to be presented by the struggling young states most to be affected in their internal economy and growth by the National conservation policies and laws."

Panama Exposition Indorsed.

Resolutions were also adopted pledging the support of the states represented to the American Mining Congress, which will meet at Los Angeles, September 28, October 1, and to the Panama Pacific Exposition at San Francisco in 1915.

A vote of thanks was tendered Governor William Spry, of Utah, and the citizens of Salt Lake City for their kindness and hospitality during the conference.

Governor Hay, of Washington, and C. N. McArthur, representative of the State of Oregon, left for Portland this afternoon.

Insane Sailor Runs Amuck.

MARSHFIELD, Or., Aug. 19.—(Special.)—William Jacobson, a sailor on the schooner Omega, will be adjudged insane. While the schooner was en route from Honolulu to Coos Bay the man lost his mind and attempted to kill the captain. He was kept in irons for 28 days and turned over to the authorities here.

PHOTOGRAPHS SHOW INTEREST IN NEW YORK'S WOUNDED MAYOR'S FIGHT FOR LIFE.

Robert Adams Giving Out Bulletin to Reporters.

GAYNOR IS BETTER

All Wounded Mayor's Symptoms Continue Favorable.

HE INQUIRES ABOUT DOG

New York Executive Expresses Great Sympathy for Injured Animal Because Wound Is Where He Cannot Lick It.

NEW YORK, Aug. 19.—

Propped up with pillows, Mayor Gaynor sat up in bed for more than an hour today, reading and talking to his 7-year-old daughter, Ruth.

After a most satisfactory day, marked by the last blood test that will be taken, Robert Adams, the Mayor's secretary, said tonight that the surgeons had assured him that the Mayor was practically out of danger.

The following official bulletin came from his bedside tonight:

"3:30 P. M.—The Mayor passed a comfortable day. All his symptoms continue to be favorable.—Arlitz, Brewer, Downey."

The foregoing, although timed 3:30 o'clock, was not issued until 10. No significance is attached, however, to the delay in the issuance of the bulletin.

Mr. Gaynor continues his cheery demeanor and from time to time asks questions about various matters and persons. He inquired again today about "Mel" Smith's dog, a little animal which had been run down by an automobile at St. James, the Mayor's "dog home." He expressed great sympathy for the dog, because, he said, the animal's injury was right behind the ear, "where he couldn't even lick it."

Mayor Gaynor also inquired again about "Big Bill" Edwards, street commissioner, who has kept very close to his chief's side ever since the shooting. Commissioner Edwards is so encouraged by the Mayor's condition that he has ventured out of town for a rest.

DEMANDS TO BE PRESENTED

(Continued From First Page.)
prosecution, the Blue Island concern's officials are to have told how the frauds on the Illinois Central road were perpetrated, how the money was divided, and produced the documentary evidence to substantiate his assertions.

Here are the admissions declared to have been secured from him in this confession:

"That the Illinois Central road was made up of \$400,000 and \$500,000 in fake repair bills and exorbitant prices for materials stolen from the railroad.

Stockholders Cut "Melons."
"That the road was compelled to pay for doors and roofs for coal cars, which never have doors or roofs, and that the stockholders' "melons" were cut among the stockholders of the corporation, in addition to the big dividends paid. This, it was declared, was done in secret in order to prevent the outward appearance of too much prosperity on the part of the corporation.

"That the officials and directors of the company became so careless that they failed to destroy the records of many of these "melons," and that the documentary proofs of their gatherings still exist and can be produced at the present hearing.

The investigation began over a year ago. It reached a crisis last Spring when President Harahan began actions to recover some said to aggregate more than \$1,000,000 alleged to have been secured by car repair companies in connivance with high officials of the road. Harriman, Ewing, Taylor and a large number of others of lesser magnitude resigned their positions.

Name of Suicide Involved.

Much of the money is said to have been repaid privately. The names of Ira G. Rawn, vice-president of the road, who resigned to become president of the Monon and who was found dead recently at his home with a bullet wound in his breast, was brought into the scandal. Murray Nelson, Jr., attorney for the Illinois Central, stated today that Rawn's death headed off warrants which would have been issued for him.

Private detectives are said to have unearthed frauds involving the diverting of \$1,000,000 or more from new construction. The investigators declare they have secured several confessions. Today's developments bring the name of Ewing into the case for the first time. He was seen at his residence by reporters but declined to discuss the charges against him.

Harriman Insists He Is Loyal.

Harriman embraced the opportunity to declare his innocence. "I have never been approached by an attorney or detective engaged in this case," said Mr. Harriman. "I am perfectly innocent of any and all charges made against me. I will admit that I have been awaiting some such action as this in order to refute the charges. I am glad of the opportunity to clear my name.

"I have always been true to my friends and I want them to know, as

ACTING-MAYOR MITCHELL AND POLICE COMMISSIONER BAKER LEAVING HOSPITAL AFTER CALL ON WOUNDED MAYOR.

will be shown in court, that I always was true to the Illinois Central."

Harriman's connection with the Illinois Central covers a period of 21 years. He began as a civil engineer's apprentice, served three years as an assistant roadmaster, and rose through the grades of construction engineer, trainmaster and division superintendent to the general management.

Graft Gigantic, It Is Said.

An official of the road intimated that other warrants would follow those issued today. He declared that the system of graft unearthed by the railroads makes political graft look trivial.

"We will get the last man in this conspiracy if it takes us down to the lowest section hand," he declared. "The mass of evidence we have secured is so great that it demonstrates that political graft in its palmyest conditions passes into insignificance beside the hoodwinking of railroad executives by designing underlings. I predict that other roads will wake up and that their awakening will produce more than one sensation."

President Harahan awaited the minute details of the investigation before striking. When he considered the report, as he did last night, he took the field himself. He called on Chief Justice Olson, of the Municipal Court, and with the assistance of a pile of documents and photographs, laid the case before him. Judge Olson referred him to Judge Bruggemeyer, in the jurisdiction of whose court the Illinois Central officers are located.

Judge Bruggemeyer issued the warrants, but made every effort to keep the fact a secret. Not until the arrests were made this afternoon did the secret leak. It created a sensation in railroad and social circles, where the defendants are well known. Hearing on the warrants was set for next Friday.

Greene had assigned his patent to John J. Welch, of New York, as trustee, pending the formation of a cotton grading company. In consideration, he alleges, for the payment to him of \$50,000 in cash on the organization of the company and a block of stock worth \$50,000. He declares Sully and the Hammonds had the trustee transfer the patents to the company and issued him the \$50,000 in stock, but did not make the cash payment.

In his suit Green says he called his patent to the attention of Sully who, in turn, interested the Hammonds and a company was formed. He charges that Sully refused the cash payment to him, and then organized, he alleges, another company to which was assigned the patent rights in consideration of \$1 royalty on each grade sold. He declares the entire stock of the new company was issued to the Hammonds and Sully "for the sole purpose of defrauding him."

He tenders the return of the stock in the grading company and asks the court to compel the financiers to reassign to him his patent rights.

Equalization Board Cuts Taxes.

VANCOUVER, Wash., Aug. 19.—(Special.)—For three weeks the County Commissioners have been sitting as a Board of Equalization, and during that time 29 complaints have been filed. Nine were granted reductions of taxes in part, while 11 were refused. The assessment in the county this year is rather high, being 44 per cent in Vancouver. In the county it varies, accordingly, as the school tax levy in the different districts vary, but it is not less than 3.2 per cent in any district.

FREE LOVE NOT FOR WIFE

HUSBAND PROSECUTES WHEN SPOUSE IS FICKLE.

Man Accused of Kissing Woman on Back Porch Admits Charge, but Says She Tempted Him.

ROSEBURG, Or., Aug. 19.—(Special.)—Although James Inman, of Looking Glass, at one time prospective candidate for President of the United States on the Socialist ticket, professes to believe in "free love," he draws the line when it comes to men other than himself practicing the teachings of the belief with his wife.

Inman appeared before District Attorney Brown late today and asked that a warrant of arrest be issued for William B. Clay, once United States Ambassador to Russia. Inman alleged that he fed and clothed Clay out of sympathy, only to discover last night that the stranger had won his wife's affections.

Inman declares that he suspected his wife and succeeded in detecting Clay hogging and kissing her, on the rear porch of the family residence. Clay admits the charge, but says the woman tempted him.

"Why," said Clay, "that woman followed me out on the porch and after addressing me as dearie, placed her arms around my neck and sprinkled kisses after kiss on my brow."

Clay was taken in custody by Sheriff Fenton late afternoon. He says he recently came to Douglas County from Portland, where he worked several months.

NEGROES INORSE THIRD TERM IDEA

Support of Race Is Pledged After Roosevelt Makes Speech to League.

LIFE OF IDLENESS WRONG

Respect of White Men of South Is Vital to Solution of Problem. Ramshackle Cabins Are Reproach to People.

NEW YORK, Aug. 19.—The support of the negro electorate of the United States for a possible third term was pledged to Colonel Roosevelt today by the 1100 delegates of the National Negro Business Men's League here in convention.

The indorsement of the ex-President was voted after he had addressed the delegates on the opportunities for advancement open to the colored race in this country. Colonel Roosevelt said:

"The white man of the South is the vital man to have sympathy with the negro. When your neighbor respects you, you have won your battle. The white man of the North does his worst work in interfering between the two peoples of the South and his best work when he improves their relationship."

"I would not stir over the injustice with which good colored men are treated, but I feel that the really substantial way of conquering injustice is to train your people so that the white man will willingly recognize in his colored neighbor a desirable neighbor. Every white man at the head of a ramshackle negro cabin is not only bad for the people who live in it, but is a reflection on the race. A man who lives a 'ner' do well' life of idleness is not only doing ill to himself, but to his people to live."

"I believe in this league. As I wrote five years ago when I was President, I believe in it. You stimulate among your people principles of business and enterprise. You also stimulate among your people principles of business and enterprise. That is all right, too. You should build a firm foundation before you erect the superstructure."

COLONEL LIKES RURAL LIFE

Country Is Place to Live, Garden City Folks Are Told.

GARDEN CITY, La., Aug. 19.—Theodore Roosevelt stopped at Garden City on his way from New York to Oyster Bay today and laid the cornerstone of a building which is being built here by a publishing firm.

The Colonel in his speech said that the country was the people's proper place in which to live. He said that he would not stir over the injustice with which good colored men are treated, but I feel that the really substantial way of conquering injustice is to train your people so that the white man will willingly recognize in his colored neighbor a desirable neighbor. Every white man at the head of a ramshackle negro cabin is not only bad for the people who live in it, but is a reflection on the race. A man who lives a 'ner' do well' life of idleness is not only doing ill to himself, but to his people to live."

CARNIVAL WILL END TODAY

Speed Boat Pacer of Portland Wins \$100 Prize and Trophy.

MARSHFIELD, Or., Aug. 19.—(Special.)—The Coos Bay Deep Waterway Carnival, which has been in progress here for the past week, will close tomorrow, which is expected to be the biggest day. Many visitors are here from out of the city and hotel and rooming-house accommodations are taxed to the utmost. It is believed tomorrow will see the largest crowd ever known to Coos Bay.

The committee having in charge the boat races changed the decision in the match race of yesterday between the Wolf and the Wolf. The race has been decided in favor of the Wolf, the home boat. This was for the ten-mile race. The Wolf won the 20-mile race and was awarded the \$100 prize and the trophy cup.

Don't Be Bald

Almost Any One May Secure a Splendid Growth of Hair

You can easily find out for yourself if your hair needs nourishment. If it is thinning, getting dry, harsh and brittle, or splitting at the ends, you should simply have to pull a hair from the top of your head and closely examine its root. If the bulb is plump and rosy it is all right; if it is white and shrunken your hair is diseased and needs nourishment.

We have a remedy for hair troubles that cannot be surpassed. It has a record of growing hair and curing baldness in 93 out of 100 cases where used according to directions for a reasonable length of time. It will even cure baldness on bald heads if the scalp is not glazed and shiny. That may seem like a strong statement—it is, and we mean it to be, and in one should doubt it until they have put our claims to an actual test.

We are so sure that Rexall "93" Hair Tonic will completely eradicate dandruff, prevent baldness, stimulate the scalp and hair roots, stop falling hair and grow new hair, that we personally give our positive guarantee to succeed every penny paid us for Rexall "93" Hair Tonic in every instance where it does not do as we claim or falls to give entire satisfaction to the user.

Rexall "93" Hair Tonic is as pleasant to use as clear spring water. It is perfumed with a pleasant odor, and does not grease or gum the hair. We have it in two sizes, prices 50 cents and \$1.00. We urge you to try Rexall "93" Hair Tonic on our recommendation and with our guarantee back of it. You certainly take no risk.
