SALMON PARTLY INSURED Net Loss in Bristol Bay Fire on

29,000 Cases Is \$15,000.

ASTORIA, Or., Aug. 12-(Special)-Advices from the North are that in the fire which destroyed the Portland-Alaska Parkers Association's cannery, at Nushagak River, Bristol Bay, Alaska, on August 1, 29,000 cases of saimon were burned, the remainder of the season's pack, 22,000 cases, having al-ready been loaded on the ship Berlin.

As the selling price for Aluska reds is expected to be fixed at \$1.30 a dozen, the loss on the 23,000 cases destroyed will amount to about \$145,000, on which there was insurance at the rate of \$1.17% a doman or a total of \$130,000, leaving a not loss to the packing com-pany, \$15,000. This is in addition to the loss on

the cannery, machinery and supplies, which were valued at not less than \$150,000, and the insurance on which has not been given out.

All skin affections come from humors and acids in the circulation. The blood, as it circulates through the system, deposits these acids and humors in the sensitive membranous flesh which lies just beneath the outer skin or tissue covering the body. This acrid matter causes inflammation and a discharge which breaks through the delicate cuticle, and skin diseases are the result. To cure any skin trouble the blood must be freed from all acids and humors, and for this purpose nothing equals S. S. S.
