## T. R. TAKES STAND WITH INSURGENTS

### Osawatomie Speech Announces Creed.

## "NEW NATIONALISM" IS URGED

### Curbing of "Special Interests" Declared to Be Essential.

## KANSAS CROWD DELIGHTED

### Warning Given, However, Against Extremists—Scene Where Address Is Delivered Resembles That of County Fair.

OSAWATOMIE, Kan., Aug. 31.—In clear and emphatic fashion Theodore Roosevelt announced his political creed here today. It was a creed of "progressive" Republicanism. It aligned him definitely with the "progressive" movement within the party as a whole. It placed him on record as an advocate of some policies which find favor with the insurgents and as an opponent of every "special interest" which he believes exercises a sinister influence on the affairs of the people.

Colonel Roosevelt declared himself in favor of a wide increase in the power of the National Government, so that it might assume greater activity in control of the corporations and in working out the policies which he believes should be adopted. He declared for the "new nationalism," as he termed such an increase in governmental power.

### Free Men in Struggle.

Colonel Roosevelt characterized the issue of the day as the "struggle of free men to gain and hold the right of self-government as against the special interests, who twist the methods of free government into machinery for defeating the popular will."

"The issue is joined and we must fight or fall," said he.

This ex-President declared himself in favor of these principles:

First—Elimination of special interests from politics.

Second—Complete and effective publicity of corporation affairs.

Third—Passage of laws prohibiting the use of corporate funds directly or indirectly for political purposes.

Fourth—Government supervision of the capitalization not only of public service corporations, but of all corporations doing an interstate business.

Fifth—Personal responsibility of officers and directors of corporations which break the law.

Sixth—Increase in the power of the Federal Bureau of Corporations and the Interstate Commerce Commission to control combinations in industry more effectively.

### Tariff Revision Asked.

Seventh—Revision of the tariff, one schedule at a time, on the basis of information furnished by an expert tariff commission.

Eighth—Graduated income tax and graduated inheritance tax.

Ninth—Readjustment of the country's financial system in such a way as to prevent repetition of periodical financial panics.

Tenth—Maintenance of an efficient Army and Navy large enough to insure for the Nation the respect of other nations, as a guarantee of peace.

Eleventh—Use of natural resources for the benefit of all the people.

Twelfth—Extension of the work of the Department of Agriculture of the National and state governments and of the agricultural colleges and experiment stations, so as to take in all phases of life on the farm.

### Labor to Be Helped.

Thirteenth—Regulation of the terms and conditions of labor by means of comprehensive workmen's compensation acts, state and National laws to regulate child labor and the work of women, enforcement of better sanitary conditions for workers and extension of the use of safety appliances in industry and commerce, both within and between the states.

Fourteenth—Clear division of authority between the National and the various state governments.

Fifteenth—Direct primaries, associated with corrupt practices acts.

Sixteenth—Publicity of campaign contributions, not only after election but before election as well.

Seventeenth—Prompt removal of unfaithful or incompetent public servants.

Eighteenth—Provisions against the performance of any service for interstate corporations or the reception of any compensation from such corporations by National officers.

### Extremists Are Warned.

While Colonel Roosevelt's speech is regarded by many of those who heard it as carrying him further than before with the "progressive" movement, the Colonel coupled with his declaration a warning against the extremists, indicating an eschewment of any extreme remark on the subject into his prepared speech.

"I do not want our people to follow men whose intentions are excellent, but whose eyes are a little too wild to make it safe to trust them," he said.

Another sentence which Colonel Roosevelt uttered was:

## RUNAWAY ENGINE TEARS DOWN GRADE

### STOPS JUST IN TIME TO AVOID WRECKING SAWMILL.

### Locomotive Becomes Unmanageable and Travels So Fast Boxes Grow Hot and Stop It in Time.

DUNSMUIR, Cal., Aug. 31.—(Special.)—News has just reached here of a thrilling accident on the logging railroad of the Castle Lake Lumber Company near Castella, six miles below here. A locomotive owned by the company was being used at one of the logging camps four miles up the grade from Castella, when some of its working parts went wrong and it became unmanageable, dashing down the steep grade with ever-increasing momentum.

Engineer Ed Eichler and his fireman, after shutting off the steam and all, jumped from the cab. Eichler's foot caught and he was thrown under the engine. He escaped being crushed to death, but was badly bruised and cut.

The engine dashed down the road toward the mill at a terrific speed that threatened to send it flying off the curve into Castle Creek. It kept on the rails, however, and its speed caused the boxes to become hot, stopping it within 100 yards of the end of the line.

At the end of the road is a trestle and below this are the power-house and sawmill of the lumber company, which would have been wrecked had the box-cars of the locomotive been in better condition.

## 2 MOTORCYCLES WRECKED

### Collisions With Carriages, Few Seconds Apart, Result Seriously.

SAN BERNARDINO, Cal., Aug. 31.—(Special.)—Charles Gibson, son of Chief Santa Fe Lineman F. C. Gibson, is dead, and T. G. Maher, H. E. Vorhees and H. L. Gibbs are severely injured as the result of a collision between a motorcycle driven by Gibson and Maher and a carriage occupied by Gibbs and Vorhees.

The accident occurred just north of Colton, on Colton avenue. The vehicles approached from opposite directions. Gibson and Maher were driving their motor rapidly and were engaged in regulating the machinery, realizing their danger only when within a few feet of the carriage. Both vehicles were completely wrecked and the horses may be shot.

A few seconds after this collision, James Eggleston, of Redlands, riding a motorcycle at terrific speed, collided with a buggy occupied by Harry L. Jonas. Both men were severely injured and the vehicles were wrecked, while the horse will probably be shot. The Eggleston-Jones accident makes the sixth collision this week between motorcycles and carriages.

## SORORITIES GIVEN BLOW

### Judge in San Francisco Upholds Board of Education.

SAN FRANCISCO, Aug. 31.—Declaring that the consensus of opinion among educators was that secret societies in preparatory schools were injurious to the pupils, Superior Judge Seawell today sustained the constitutionality of the state law forbidding high school students from belonging to such organizations.

The suit in which this decision was rendered was brought as a test case and sought to compel the Board of Education to reinstate Miss Dorris Bradford, who was expelled from the girls' high school for refusing to resign from her sorority. The board pleaded that, under the statutes, its course was compulsory. This contention was upheld by the court in overruling the demurrer interposed by Miss Bradford's attorneys.

## PEER SHOVELS IN STREET

### Missing Danish Nobleman Said to Be Located in Tacoma.

TACOMA, Wash., Aug. 31.—(Special.)—Olaf Holstein, son of Countess Holstein, of Denmark, and a member of the royal family, who is being sought in this state at the instance of King of Denmark, is in Tacoma, according to Miss Margaret Mason, 322 East C street, who declares he is working on a street gang under the name of Olaf Hammer.

Miss Mason says Hammer has confided enough of his history to persons in Tacoma to make it possible he is the missing Count Holstein. He has been traced through many states by the Danish Brotherhood of America and lived one year ago at 804 West Main street, Seattle. From there he again disappeared.

Trouble over a love affair caused the heir to the title and fortune to flee to America. His father is now dead and he succeeds to the title and fortune. His mother, the Countess, is critically ill.

## FAST OF 38 DAYS IS FATAL

### Mrs. Nellie Boyle, Holy Roller, Dies From Starvation.

LOS ANGELES, Cal., Aug. 31.—Mrs. Nellie Boyle, one of the four Holy Rollers who entered upon a fast which lasted 38 days before being interrupted by the police, died at the County Hospital today from starvation. Two others, John Irving O'Neil and Alice Griffin, a 16-year-old girl, died some days ago.

James Butler, the sole survivor of the long fast, clings tenaciously to life and the physicians say he will probably recover.

Mrs. Boyle was 43 years old and a native of Wisconsin.

## HAMER IS BADLY BEATEN IN IDAHO

### French, Insurgent, Wins Congress Race.

## BRADY AHEAD FOR GOVERNOR

### Clagstone Has Hope in Count of Second-Chance Votes.

## RETURNS COME IN SLOWLY

### O'Neil Followers Also Believe They Have Chance If Brady Is Not First Choice—Democrats Name J. H. Hawley.

BOISE, Idaho, Aug. 31.—(Special.)—The sweeping insurgent victory in this state in the now assured nomination of Burton L. French, "progressive," over Thomas R. Hamer, regular, for Congress, is the one paramount feature of yesterday's direct primary, returns from which are still very meager.

French carried almost every county in the state, even those of the southeastern part, where Hamer was supposed to be entrenched. Reports from all parts of the state show that nothing is absolutely certain, except the overwhelming defeat of Hamer by French and the strong probability of the nomination of Brady as Republican first choice for Governor. Nothing but fragmentary reports have been received from most portions of the state, though a few precincts have made full report.

### Brady Carries Towns.

Brady has developed unexpected strength in the towns of Southern Idaho, having carried every town from Weiser to St. Anthony, with the exception of Gooding and Hailey. He has carried Weiser, Pocatello, Caldwell, Nampa, Mountain Home, Glenns Ferry, Rexburg, Blackfoot, Idaho Falls and Pocatello, has a little more than broken even in Montpelier, and has probably carried every county in the south except Blaine and possibly Owyhee.

In Blaine County the precincts outside of Gooding and Hailey are reported to have given a majority for him on first choice. Brady has carried Ada County by a large plurality and possibly by a majority. He has Canyon County three or four to one, has Washington by a comfortable majority, and also Boise County, though, by a small vote.

### Clagstone Strong in North.

Reports from the north are not giving much real information as to the outcome there, though Clagstone has developed unexpected strength.

It appears that in many parts of the state Democrats voted the Republican ticket. It will probably be Friday or Saturday before anything like a definite result of the voting can be (Concluded on Page 2.)

## CHORUS GIRLS' DEFI DEFEATS CARESSES

### WARRANT OUT FOR CHICAGO MILLIONAIRE'S NEPHEW.

### Taken for Automobile Ride Show Maidens Are Ousted for Repulsing Young Men's Advances.

CHICAGO, Aug. 31.—(Special.)—That chorus girls cannot be kissed and caressed against their will by any man who takes them for a midnight automobile ride was demonstrated today, when Miss Esther B. Lee, of "The Midnight Sons" company, swore out warrants for the arrest of Lee W. Partridge, nephew of C. A. Partridge, millionaire member of the Board of Trade, and George Taylor, said to be engaged in the real estate business.

Miss Gladys Preston, of the same company, is the other complainant.

Partridge admitted that the girls were in the machine with two other men, but denied he had any part in what took place. He said the girls were put off the machine because they resisted the lovetaking by the other men.

The girls say they were driven to a lonely spot between Chicago and Evanston, and when they fought the advances of the men they were thrown out and ordered to walk to the city.

The men tore off their shoes, as further punishment, but later allowed them to put on their shoes. The automobile dashed away and the girls walked a mile over the lonely road until another automobile, being taken to the barns by a chauffeur, overtook them. They were taken to their hotel.

## INDEX OF TODAY'S NEWS

### The Weather.

YESTERDAY'S—Maximum temperature, 69 degrees; minimum, 37 degrees.

TODAY'S—Fair and warmer; northwest winds.

### Politics.

Kansas "Progressives" like Roosevelt speech. Page 2.

## EX-AMBASSADOR IS ACCUSED BY CLIENT

### Choate's Expulsion by Bar Is Asked.

## CONDUCT OF CASE ASSAILED

### Suit for \$250,000 "Thrown Away" Is Specific Charge.

## "NOMINAL" VERDICT WON

### Damages of Six Cents Obtained, Although Offer of \$50,000 to Settle Litigation Was Made, Complainant Declares.

CHATTANOOGA, Tenn., Aug. 31.—Charges that Joseph A. Choate, of New York, ex-Ambassador to Great Britain, violated the confidence of clients, was guilty of conduct not in accord with the ethics of the legal profession and committed many offenses in violation of good morals and fair dealing were made here by the American Bar Association here today.

Mr. Choate's expulsion is asked. The charges were referred to the committee on grievances.

Complainants are Mr. and Mrs. James R. Watts, who are represented by George W. Chamblee, of this city, a member of the association. They assert that the ex-Ambassador has brought dishonor and disgrace upon the association and upon the profession of the law.

The first charge has to do with the certain litigation entrusted to Mr. Choate and his associates in the firm of Everts, Choate & Beaman, of New York City, and in an associate partnership with Treadwell Cleveland.

In 1885 Watts engaged the firm of Everts, Choate & Beaman to bring suit against Walter Weston and Alfred Weston, former business associates, for \$250,000 damages. This suit was filed. The petition alleges that not long afterward Mr. Watts was in the office of Mr. Choate and overheard by accident a conversation between Mr. Choate and an attorney, in which this attorney, representing Weston brothers, offered to settle the suit for \$50,000 to compromise the case.

"Selling Out" Is Charged.

Mr. Watts now says in his petition to the bar association that he believed his law suit was "sold out" or "thrown away." Only nominal damages were granted, the sum in fact being 6 cents. Other charges relate to an alleged wrongful appropriation of \$750 collected by the firm of Everts, Choate & Beaman for Mrs. James A. Watts and the alleged wrongful detention of notes for \$300 against solvent parties placed in the hands of Mr. Choate's law firm for collection in 1891, and the failure of Mr. Choate's firm to bring suit for \$250,000 said to have been wrongfully in (Concluded on Page 3.)

## FOREIGNERS MAY GO TO PUBLIC SCHOOLS

### CHICAGO SCHOOL BOARD WILL ADMIT ORIENTAL ADULTS.

### Parents of White Children Oppose Plan, but Are Powerless to Prevent Action.

CHICAGO, Aug. 31.—(Special.)—After wrestling with the problem for several days, the School Board today decided to admit Chinese, Japanese and any other foreign adults to the public schools, provided they are of good moral character and vouched for by some person known to members of the board.

The attorney for the board could not discover any law whereby he could bar foreign adults. It also became apparent that, if the Japanese and Chinese were barred, the same rule would apply to Hungs, Poles, Slavs and all the numerous other nationalities here. Agents of these nationalities have been very busy since it became apparent that foreign adults might be barred from schools.

The case came up on the application of a Chinese and a Japanese, both of whom are above 21 years of age. Both were vouched for by responsible persons, and Mrs. Ella Flagg Young, superintendent, recommended that they be admitted. Parents of white children are opposed to the plan, but seem powerless to prevent it.

## TRAIN WHEELS MAIM GIRL

### Miss Mabel Krause Narrowly Escapes Death at Aurora.

AURORA, Or., Aug. 31.—(Special.)—Headlessly attempting to cross the railroad tracks as the evening passenger train was pulling out of the depot at 6 o'clock tonight, Miss Mabel Krause was struck by the engine, thrown under the wheels and dragged along the ground. Before the engineer could stop the train the wheels of the engine had severed one foot from the young woman's leg and otherwise mangled her body.

Miss Krause was taken to Portland tonight for attention at the Good Samaritan Hospital. An operation will be performed.

The young woman is the daughter of William M. Krause and is about 20 years of age.

## FRUIT ORCHARD GOLDEN

### While Plowing, Owner Picks Up Quantities of Gold Nuggets.

PLACERVILLE, Cal., Aug. 31.—(Special.)—W. H. Frey, of Slug Gulch in this county, owns an orchard that pays handsomely for its cultivation, whether the fruit crop is good or bad. He has a cigar-box full of gold nuggets and specimens one, picked up while he was plowing and harrowing this orchard this season. These specimens range in value from one dollar to \$119 each.

There are five acres in the orchard and it produces the finest pears in the county and a very fine quality of peaches, figs, apples, grapes and other fruits. His pears measure almost six inches long and are among the choicest exhibits in the local Chamber of Commerce display.

Whether the season is good or bad, Frey finds it profitable to thoroughly cultivate the unique orchard.

## HAY SELECTS DELEGATES

### Washington Representatives at Conservation Congress Chosen.

OLYMPIA, Wash., Aug. 31.—(Special.)—Governor Hay today appointed the following delegates to the National Conservation Congress to be held at St. Paul, September 5 to 7:

J. J. Browne, Spokane; A. L. Flewelling, Spokane; E. F. Benson, Prosser; E. V. Ross, Olympia; R. W. Douglas, Seattle; D. F. Simons, Seattle; O. C. McGilvra, Seattle; C. F. White, Seattle; C. E. Packard, Seattle; J. J. Bell, Tacoma; Menz, Seattle; Colonel George H. Emerson, Hoquiam; Frank M. Dalem, Jr., Olympia; C. C. Goss, Walla Walla; T. S. Denton, Walla Walla; A. O. Hendricks, Walla Walla; Professor E. A. Bryan, Pullman; Professor H. C. Sampson, Spokane.

## BEAR CARRIES OFF PIG

### Many Bruins Are Seen in Vicinity of Fort Klamath.

PORT KLAMATH, Or., Aug. 21.—(Special.)—That the bears are being run out of the hills down into the valleys is shown by the fact that a cub was caught less than a half mile from this city and is now a captive. One also visited the slaughter pen of T. C. Norris Sunday night and carried away a pig, which has caused the residents to organize a bear-hunting expedition. So far they have met with disappointment, although another cub has been seen in the vicinity.

## SURVEYORS ENTER FIELD

### Grants Pass & Western Party Establishing Preliminary Grades.

GRANTS PASS, Or., Aug. 31.—(Special.)—A party of 25 men left with a surveyors outfit this morning to begin surveying at Love's station, 16 miles south of here, to establish grades and obtain field information preparatory to beginning active work upon the Grants Pass & Western Railroad from this city to the coast.

Teams are being assembled to carry along supplies and tools. More provisions and supplies have arrived at the depot to be taken out along the route as soon as men and teams may be had.

## AUGUST SMASHES BUILDING RECORDS

### Monthly Figures Show City's Prosperity.

## ALL INDUSTRIES ON ADVANCE

### Lumber Shipments Set New Mark for Portland.

## BANKS MAKE BIG INCREASE

### Postal Receipts and Realty Transfers Also Reflect Great Progress—Only Four Cities Do More Improving.

	August, 1909.	August, 1910.	Increase.
Portland	\$ 996,245	\$2,444,415	145.30
Seattle	1,186,655	1,457,748	2.25
L. Angeles	1,535,199	1,576,990	11.18

\*Decrease.

Records for August in the various lines of industry proclaim the great advance of Portland. Comparisons with August, 1909, show record-breaking increases in the amount of building permits and lumber shipments while the bank clearings, realty transfers, and postal receipts for the month also show a great gain over the corresponding month of last year.

Two new high records were established last month. Building permits, showing an increase of 145.30 per cent over a year ago, with a total of \$2,444,415, are over \$430,000 greater than the totals for any previous month. These figures are so great as to place Portland, in all probability, in the fourth place for the building operations of the country, following only New York, Chicago and Philadelphia. Shipments of lumber from Portland are also greater than in any previous month, with a total of \$9,928,090.

### Bank Clearings Increase.

It is not only in these two items, however, that Portland's prosperity is reflected. Bank clearings are 35.95 per cent greater than in August, 1909, postal receipts are 22.37 per cent greater, and real estate transfers, despite the fact that August has been a supposedly dull month, are 5.89 per cent higher than they were a year ago.

Portland's great gain in building operations is the striking feature of the statistics for the month. A year ago in August the total was 473 permits for a total valuation of \$996,245. This year there were 642 permits at a valuation of \$2,444,415. The great increase of 145.30 per cent is by no means due to any one large building being erected.

### Large Buildings Under Way.

There were permits for many large edifices issued last month, among these being the Selling 12-story block, valued at \$400,000; the Portland Railway, Light & Power Company factory at Front and East Lincoln streets, to cost \$250,000; the Trinity Place apartment-house, to cost \$150,000; the O. R. & N. Co. freight sheds, to cost \$120,000; the Baker Theater, to cost \$125,000; the Timothy Place apartments at Trinity Place and Washington streets, to cost \$100,000; the Joseph Simon apartment-house, to cost \$75,000, and the Smith \$50,000 frame store building at Williams avenue and Russell street.

From month to month the building permits in Portland have been showing an increase, although not as great as has just been recorded, by any means, and for the first eight months of the year the increase is 44.45 per cent, as shown by a total of \$11,862,157 this year and \$8,213,359 from January 1 to August 31 in 1909.

### Lumber Industry Booms.

Lumber shipments, both coastwise and foreign, show a total of \$9,928,090 feet shipped last month, as compared with \$6,230,000 feet last August, when there were no foreign shipments. The combined figure sets a new high record for Portland. Coastwise shipments amounting to 10,492,000 feet are in themselves far in excess of the similar shipments for August, 1909.

The great wealth of business which is being transacted in Portland is reflected in the strides forward in the item of bank clearings. The August total of \$11,862,157 is an increase of 25.95 per cent over the same month last year. It is but slightly less than the increase shown by the first eight months of the year over the corresponding period of last year, which is 28.40 per cent.

### "Dull" Month Second Best of Year.

Even the real estate transfers held up well last month, a month usually dull. Transfers totalling \$1,784,849 were filed, giving an increase of 5.89 per cent. Since January 1 the real estate business has been unusually good in Portland, and in every month save one an increase has been shown, that exception being last May. For the year to date the increase is now 25.95 per cent over the corresponding eight months of 1909.

Postal receipts are the second high (Concluded on Page 3.)

## HIS HONOR—"GUILTY OF BEING BEHIND THE TIMES. SENTENCE, NINE MONTHS IN GOLD STORAGE. OFFICER, DO YOUR DUTY!"
