SUPPLIES ARE SENT

Yacolt Fire Sufferers Get Cash, Food and Clothing.

GRASS SEED TO BE SENT

Two Cash Contributions Are Added to Chamber of Commerce Relief Fund—Two Minor Fires Reported in Cascade Reserve.

Four boxes of clothing and supplies, one barrel of coffee, 50 sacks of flour, several bales of bedding, many cooking utensils, household furniture and a check for \$150 were sent to the forest fire sufferers in the vicinity of Yacolt, Wash., yesterday by the Portland Chamber of Commerce and the People's Institute, under whose auspices the relief work is being conducted.

The supplies were sent by the People's Institute direct to the scene of destitution, while the check was sent to a committee in Vancouver. The members of this committee are Sheriff W. D. Sappington, of Clark County, chairman; Rev. H. S. Tompkins, Charles Blurock, Hugh Parcel and E. E. Beard. This committee will purchase supplies and send them to the scene of suffering immediately.

Cash Donations Made.
Only two cash contributions were received at the Portland Chamber of Commerce yesterday, although many merchants sent supplies to the People's Institute. The cash contributions were: R. M. Wade & Company \$25 and Mayor Simon \$10. These donations brought the fund up to almost \$1000.

Through the agency of the barracks at Vancouver, most of the sufferers are now housed in tents, loaned for the time being. While these tents afford some protection they will not be sufficient to keep out cold during the winter. It is for this reason that money is needed so destitute people can build homes at once. Money and bedding are still needed by the forest fire sufferers. Through the appeal for grass-seed made by Miss Pritchard on Monday, the business men of Portland handling that article are now contemplating donating a sufficient amount to provide for all. Arthur Bowman, one of the managers of the Portland Seed Company, volunteered to arrange for the seeds for the sufferers.

Bedding is Contributed.
Realizing the necessity of bedding, Fleischer, Mayer & Company yesterday sent many quilts and blankets to the

People's Institute. Individual contributions of clothing and supplies were many yesterday.

"There are two minor fires reported in the southern end of the Cascade reserve," said Supervisor Tom Sherrard, yesterday, "but they are under control. Almost all of the soldiers now combating fires in Southern Oregon and other parts of the Northwest will be called in about the last of the week, said a member of the Forest Service. No report has been made to the Forest Service about a new fire said to be burning near Yacolt."

WOMAN BLUFFS HUSBAND

Mrs. George Simpson Holds Empty Revolver for Protection.
By "running a bluff" with an empty revolver and a butcher knife, Mrs. George Simpson, wife of the proprietor of the Eagle rooming house, saved herself bodily harm from her husband Monday night. Patrolman Webster and Cameron were called and placed the man under arrest. He came home, the woman said, in an ugly frame of mind and attempted to assault her. She seized the weapons and held him at bay while waiting for the officers. His hearing was set for September 8.

MAN STRUCK BY CAR DIES

George Lechmeyer, Brewery Employee, Leaves Widow and Children.
George Lechmeyer, who was run down by a streetcar at East Fifteenth and East Ankeny streets, Monday afternoon, died at St. Vincent's Hospital early yesterday morning. Death resulted from a fracture of the skull.
Lechmeyer was an employee of Weinhard's Brewery and lived at 619 East Ash street, the motorman, M. J. McNary, who is almost prostrated by the affair, says that he saw Lechmeyer running across the street until he reached the middle of the track, where he stopped, apparently dazed. McNary at once applied the brakes, but could not stop the car in time. Lechmeyer was struck and knocked to the street. He leaves a widow and four children.

Dr. Armstrong Out on Bail

Dr. W. S. Armstrong, who was indicted last Saturday on a charge of manslaughter for the alleged performance of an illegal operation upon Bessie Richmond, was released from the County Jail yesterday morning on \$2000 bonds. His bondsmen are Charles Foster, part owner of the Model Livery, and Louis Purdy, a teamster. The crime of which Dr. Armstrong stands accused was committed in August, 1909, it is alleged.

BUILDING TO BE FRAME

MT. TABOR SCHOOLHOUSE WILL NOT BE FIREPROOF.

Taxpayers Protest but Contract Is Already Let—Schools Said to Cost Too Much in Portland.

The new schoolhouse on East Sixtieth and East Ash streets, at Mount Tabor, will be a frame building, notwithstanding the efforts of the Mount Tabor Improvement Association. Already the foundation of the four-room structure has been completed. The association passed resolutions asking the Board of Education to hold up the erection of the Mount Tabor building for another year rather than build a frame building, but the contract had already been let and the work could not be stopped.
J. H. Haak, president of the Mount Tabor Improvement Association, and of the new club federation, says the four rooms for which a building permit has been issued can be finished, but whether the entire building can be completed under the permit is a question, as the new ordinance requiring the erection of fire-proof schoolhouses will go into effect the first of the year. The rest of the Mount Tabor schoolhouse will not be finished until next year, and it is thought the ordinance might stop the erection of the remainder of the frame structure.

"We have been gathering statistics," said Mr. Haak before the Mount Tabor Improvement Association Monday night "from different cities showing the cost of schoolhouse construction and find by comparison that the taxpayers of Portland are paying as much for their frame buildings in Portland as Eastern taxpayers are paying for fire-proof structures. We have been told of an 11-room fire-proof schoolhouse which cost \$34,000, and yet the Lentis 8-room frame building cost the taxpayers \$22,000."
"I have not a word to say against the directors of our district. They are able, honest and representative citizens, but a condition has grown up in our district that is causing the taxpayers to pay very high prices for their schoolhouses. Through our club federation we expect to reach a remedy."

BOYS DRUNK ARE FINED

National Hotel Bartender Charged With Selling Them Liquor.

William Dell and Joe Volk, young boys, arrested in Sellwood last Saturday night for being drunk and disorderly, appeared in Police Court yesterday morning and were fined \$5 each. They said that they procured their intoxicants at the National Hotel bar, and the light fine was imposed upon them on condition that they would go

30,507 ARE REGISTERED

CLERK HOPES TOTAL WILL ULTIMATELY REACH 45,000.

Increase Is Shown to Date by Comparison With Record of Two Years Ago.

All day yesterday and until 9 o'clock last night the registration clerks at the Courthouse were busy making out cards for voters. Multnomah County's registration went over the 30,000 mark yesterday, the total this year now being 30,507. This is 1614 more than the number who had registered on the 78th day in 1908, there being 28,893 names on the books at that time. County Clerk Fields hopes that before 5 P. M., September 14, which is a week from today, 15,000 more voters will register, which will make the total this year about 45,000.
The office is being kept open every night until 9 o'clock. Yesterday was pension day. Every pensioner was asked by the clerks if he had registered, and it was found that many had not. "Why, I live out in the country. Can I register?" was the question asked by several. They were assured that their votes were as valuable as those of persons living in the city. Naturalized citizens may vote on their first papers if they desire to do so, but the law requires that they exhibit them to the clerk.
Yesterday's figures were as follows: Republicans 590, Democrats 162, miscellaneous 56, total 728. This makes the grand totals—Republicans 23,131, Democrats 4498, miscellaneous 2572.

MAN GIVEN BLACK OPTIC

Charles Dornier Starts to Sing in Saloon and Trouble Begins.

"I started to sing in a saloon and they hit me," said Charles Dornier at the Police Station, in explaining an enormous "shanty" that someone raised over his eye. In getting to the eye, the assailant had struck the brim of Dornier's hat, tearing it so that it hung over his face like a frame and gave him a chic appearance.
It was charged that when the un-musical assailants struck him, he pulled a revolver, which was taken away from him. So bad was his injured optic that Dr. Ziegler was called to the station to dress it. The physician pulled open the bruised member, and, placing his hand over the good eye, asked, "Can you see now?" "Say, Doc," responded Dornier, "which eye have you got covered?"

Big Sawmills Not Burned

BURNS, Or., Sept. 6.—(Special.)—Reports that the Bunyard sawmill, northeast of Burns, and the Horton & Sayer sawmill, recently rebuilt northwest of Burns, were destroyed by fire, are not correct. There has been no fire in the vicinity of the Bunyard sawmill, and the fires in the other direction, while they burned some timber on the Horton & Sayer properties, did not come near the mill. There has not been any sign of incendiarism there.

ROAD WILL BE BUILT

Klickitat County Taxpayers Agree on Special Levy.

GOLDENDALE, Wash., Sept. 6.—(Special.)—State Auditor C. W. Claussen, State Treasurer J. D. Lewis and Commissioner Bolby, who comprise the State Road Commission, were in Goldendale Friday to interview the County Commissioners regarding road work in the Eighth district. The funds for the district have been depleted.
The best immediate relief is to ask the aid of Klickitat County. The State Road Commissioners state that it will take \$2,000 to keep this work in progress

St. Johns Files New Remonstrance

A remonstrance against the annexation of St. Johns to Portland containing 21 names was filed with City Auditor Barbur yesterday. This is supplemental to the remonstrance filed last Saturday containing 167 signatures.

The Number of Chinese Entering the United States and Insular Possessions (except the Philippines) in the fiscal year ended June 30, 1909, was 7014, of which 1811 were new arrivals and 5203 were travelers, returning residents, etc.

Frank L. Smith Meat Co.

"FIGHTING THE BEEF TRUST"

You will find Smith's markets throughout the city. When you come to Smith's Alder-street market be sure you get in the right place. See that Smith's name is over the door.
Smith's Oregon Creamery Butter—made in Oregon, mind you—other folks can't say their butter is made in Oregon. Smith's Oregon Creamery only 75¢ per square.
