SAN FRANCISCO, Sept. 11.—(Special.)—McCredie's Beavers had an awful fall today. It was bad enough, perhaps, to have lost that morning session, but to come right back in the afternoon and make five hits along with a couple of passed balls and a wild pitch, right in the teeth of the largest crowd that ever jammed its way into Recreation Park, was still worse.

When those Northerners get away to a bad start they put up a brand of baseball that a tallent team would be ashamed to produce. It was very much like that in the afternoon, and after the Oaks had scored three runs in one inning on a single hit, not to mention the fumbles and boofs, you know what brand of the National game was on tap. It was wild baseball, but the crowd strolled leisurely away from the grounds and said that it was good.

Attendance Breaks Record.

Chilling winds and a somewhat overcast sky couldn't keep the crowd away from the park today. Last season the Portlanders and the Oaks once had a record-breaking crowd that ran into 13,000, but Harry Walton is authority that the attendance today went the 1909 season a little better. Add to that the 8000 who crammed their way into Freeman's Park in the forenoon, and better than 21,000 paid to see the two games.

Krapp once more essayed in the afternoon to beat the Oaks, who have always proved his downfall, but he couldn't come back. It was far from being his fault, however, as he held the Computers to three hits. His support was altogether too ragged for him to expect to win the game. Beavers didn't do much better off Christian, who allowed but four hits, two of them doubles, but they certainly made the most of their swatting, scoring in every inning where the column shows a hit.

Beavers Score in First.

The Beavers started the game with a tally. Olson doubled to center, took third on a passed ball, and came home on an out by Krueger. The trouble came in the last of the second. Cameron walked and took third when Olson threw wild on handling Wolverton's grounder. A single by Cutshaw tallied the first sacker. A passed ball helped Wolverton to third and he scored as Spens dropped Pfy's fly to right. Thomas filed to short and Christian walked. Maggart was fanned, but a wild pitch tallied Cutshaw, after which Wares was struck out, retiring the side.

In the fourth the Beavers gained their second run. Krueger opened with a two-bagger into the crowd, went to third on Casey's grounder to first, and was scored when Sheehan worked the squeeze play. Luckily for the Oaks they landed another unearned run in the sixth. Wolverton had singled and was sacrificed to second. Krapp dropped a fly that Pfy sent into the air, a passed ball took Wolverton to third, and he scored when Fleher made a wild throw to third in an effort to redeem himself.

ANGELS AND SEALS EACH WIN

In Both Games Opportunity Hitting in One Inning Does Trick.

LOS ANGELES, Sept. 11.—In today's double-header Los Angeles and San Francisco each won a game, and practically in the same manner. In but one inning of each game could the batters do anything. Los Angeles won the morning contest by bunting three hits off Henley in the eighth, scoring the only run of the game, and in the afternoon San Francisco won in the 12th inning by getting three hits, scoring three runs and winning, 3 to 2. Bodie's hitting in the afternoon was a feature. The score:

Morning Game:

Los Angeles	1	4	0	San Fran.	0	6	1
Batteries—Nagle and Orendorff; Henley and Williams.							

Afternoon Game:

Los Angeles	2	7	2	San Fran.	5	13	1
Batteries—Thorsen and Orendorff; Suter and Williams. Umpire—McGregory.							

ARELLANES PUZZLES VERNON

Villagers Are Unable to Locate His Curves and Senators Win.

SACRAMENTO, Sept. 11.—Frank Arellanes, late of the Boston Americans, was on the mound for the Senators today and held Vernon to three hits and no runs. The villagers were unable to connect at all with Arellanes' shoots, while Carson was hit at opportune times. Helster in center field for Sacramento and Castille occupying the same position for Vernon made several brilliant catches. The score:

Sacramento 3, Vernon 0.

Batteries—Arellanes and La Londe; Carson, Schaefer and Hogan. Umpire—Hildebrand.

PIRATES VANQUISHED BY CUBS

Cole Is Touched Up for Twelve Hits, but He Keeps Them Scattered.

CHICAGO, Sept. 11.—Chicago regained its lead of 10½ games in the National League race today by defeating Pittsburgh, 5 to 2, before a record-breaking crowd. Cole, though hit for 12 safeties, kept the drives scattered. Loose fielding, Canitz's wildness and timely hits won for the locals. Score: Chicago 5, 3; Pittsburgh 2, 12, 4. Batteries—Cole and Kling; Canitz and Gibson. Umpires—Rigler and Emille.

St. Louis 8; Cincinnati 6.

CINCINNATI, Sept. 11.—St. Louis won a see-saw game from Cincinnati today, 8 to 6. Gasper was batted hard at all stages. Score: St. Louis 8, 15; Cincinnati 6, 10, 2. Batteries—Golden, Harmon and Breckinridge; Gasper and McLean.

ADVANTAGE LIES WITH PORTLANDS

Fans Believe Beavers Will Win Pennant, Despite Poor Work Yesterday.

KRUEGER VALUABLE MAN

He Has Been Playing Better Game Than Pfy. Although It Would Have Helped McCredie to Have Secured Both of the Men.

SAN FRANCISCO, Sept. 11.—(Special.)

Although the series between Portland and Oakland will not be concluded until the ninth game is played tomorrow afternoon, the Beavers and the Portland fans have every reason for feeling well satisfied with results. The series stands four for each club to date, with the rubber still to be played, but Portland has shown enough to convince the experts that the Beavers ought to win the pennant.

Portland certainly played poor ball today, making nine errors in the two games, but during the early part of the week the Beavers showed a far better advantage than the contenders in the race. Oakland was confident before the series opened that they would be in first place by this time, but there isn't a chance of that. It is the general belief that Portland has a shade over Oakland as far as the balance of the schedule is concerned.

McCredie Has Advantage.

As between Krueger and Pfy it looks very much as if McCredie had the better of the argument, although he would have strengthened his position had he obtained both men. Krueger has been doing good hitting particularly in the pinch, and has proved a fast man on the bases. Pfy has not had as much of an opportunity with the Oakland club, but he appears to be a splendid luter and the fans think well of him. He is a trifle heavy, but ought to wear that off in a week or so. There is no question but that he will be a big help to the Computers.

McCredie had hoped to transfer his coming series with Sacramento to Portland, but could not make the deal. The Oakland and San Francisco clubs objected strenuously. Neither team wanted to give McCredie the advantage that a series at home would mean. They say that already he has 18 weeks out of 22 at home, and that ought to be enough.

Feat Is Prohibited.

Catcher Fisher did not get a chance to catch a ball thrown from a house on the building. The superintendent of the building refused to allow the performance, as he was advised by his attorney that the owners of the building would be held responsible in case of an accident.

The week's play has shown that there are not the best feelings between individuals of the two clubs. Fisher has had a war of words with Ralph Willis and also with Silvers Nelson, and while the men have not come to blows their fighting spirit is up.

The attendance during the Oakland-Portland series has been remarkable and is the best evidence of the hold that baseball has on the fans. It is estimated that something like 55,000 people will have attended all of the games when the affair is at an end. That is "going some" for baseball on the Pacific Coast.

Olson pulled off a great play in the fourth and fooled Thomas. The latter was on first when Christian hit Olson. The latter made a bluff as if to throw Christian out at first and Thomas continued on toward third. Then Olson reversed, threw to third and Thomas was an easy out.

46,000 SEE SHOW

Livestock Association Will Have Small Cash Surplus.

1911 PLANS IN EMBRYO

Exhibit Proves Conclusively That Oregon Is Taking Front Rank as Great Stock Breeding and Agricultural State.

When the turnstiles at the Portland Fair and Livestock Association's grounds closed behind the last person on Saturday, it registered close to 46,000 admissions for the week and ended the most successful livestock show and racing meet ever held in Portland. For the first time in the history of Portland a show of this kind was a financial success. The receipts were \$17,000.

The association will not have a great surplus, but it will have a few marks on the right side of the ledger. After the winding up of last year's business there was a deficit of about \$4000. This was met by selling third mortgage bonds.

A meeting of the board of directors of the association will be held early this week and the report of Secretary F. A. Welch will be submitted. That the fair was a huge success was amply demonstrated by the large attendance.

On Thursday 17,000 people passed through the turnstiles, the greatest number ever attending a race meet in Portland. The magnet for this thing was the \$10,000 trot, won by Helen Stiles, the entry of C. A. Durfee, of San Jose. Monday, Labor day, and opening day, 10,000 were registered.

Rain Spoils Last Day.

However, all chances of reaping a gold harvest, were killed when it rained Saturday, the heavy rain fell, spoiling the races and keeping many people at home. Only 2500 paid admissions were recorded. Had not the rain interfered the officials of the association believe they would have had fully \$3000 as a nest egg toward next fall's show.

The races were the most successful ever held here. The class of entries equaled that seen on the Grand Circuit, said horsemen who have raced in the East. This was due, no doubt, to the fact that large purses were offered. There was one \$10,000 purse and several others of two thousand dollars purses. One horseman said if big purses were put up again next year the best stables all along the Pacific Coast and from the East would come here.

"If Portland will do her share toward making big purses for the Northwest circuit," said one prominent racing man, "we will gladly take this circuit in preference to the East. While we won't win as much in prizes, we will save a lot in shipping and the difference won't be very great in the end."

Judges Praise Exhibition.

The judges of the livestock pronounced the local show one of the best ever held in the United States. While the exhibition of cattle and blooded horses was somewhat limited, what it lacked in numbers was made up in quality. Oregon came in for its share of the prizes in this department. A. C. Ruby's horses capturing a number of the blue ribbons.

Poultry, too, came in for attention, due, no doubt, to the Oregon Agricultural College demonstration train, containing a large poultry exhibition, which was sent through the state last fall. Farmers took an added interest in poultry-raising and a large and varied exhibition was the result.

J. L. Mohr, treasurer of the Portland Fair and Livestock Association, said last night that the 1910 fair will in all probability meet all expenses and have a neat sum left on the right side of the ledger, as a nest egg for next year's exposition. It will take a day or two before all the items are disposed of and then it will be known definitely what the surplus is.

Success Pleases Meier.

"It is gratifying to the fair management that we have met with a financial success," said Mr. Meier. "When we decided to give the fair less than two months ago we realized what was before us. Our expectations have been more than fulfilled. We are pleased

AUTO RACE TO END FAIR

LAST DAY AT SALEM WILL BE NOTABLE FOR 50-MILE EVENT.

Intermountain Motor Racing Association Has Charge of Details of Contest.

As grand finale of the 49th annual State Fair being held in Salem this week, an automobile race will be held on Saturday afternoon on the one mile race track at Salem. Large prizes have been assured, the winners of the event to be paid as soon as the races are over.

The chief race of the day will be the 50-mile event for stock cars, owned either privately or by an automobile company. A number of the Portland automobile dealers have stated their willingness to enter cars in the races. The races are to be held under the auspices of the Inter-Mountain Motor Racing Association. The motto of this association is: "Boost for good roads."

Kenneth Honeyman, a Portland man, has already entered his car. R. D. Inman is expected to enter his big 38-horsepower car. Should he decide to race, the spectators will have an opportunity of seeing some real speeding.

Inman's car has a record of better than a mile a minute, made at the Gearhart races July 4, when it won the 10-mile free-for-all contest on the sand. Honeyman's car came in fourth in this race despite its low power.

Probably there will be five events for automobiles during the afternoon. These races will be held after the completion of the horse races. Each car will be required to post an entrance fee. This will be refunded if the car starts in the race.

C. H. Williams, with his powerful car, in which he has made some road records, will probably enter his machine. Races with both flying and standing starts will be held. The Inter-Mountain Motor Racing Association has its headquarters at room 210 United States National Bank building, Salem, Or. Entries can be made there.

Vanderbilt's Horses Win.

PARIS, Sept. 11.—W. K. Vanderbilt was successful in two events at Chantilly today. His Brume won the Prix la Rochette (triennial stakes for 2-year-old fillies) while his Manfred captured the Prix la Rochette for 2-year-old colts. Each prize amounted to \$4000. The distance was five and a half furlongs.
