## TAFT'S WORD MADE USE OF

Eastern Washington Republicans Are Urged to Elect Senator Who Is for Policies Advocated by the President.

SPOKANE Wash, Sept. 11 - Special.) At a meeting of former Wilson men of this city Saturday afternoon in the office of Charles P. Lund. It was unanimously decided to support Judge Burke for United States Schator, and the following resolutions were passed, and signed by those present: "To the People of Eastern Washing-

ton. The question of paramount im-portance to the people of this state is the election of a United States Senator the election of a United States Senator who will work in complete and perfect harmony in all important legislative matters with Presideng Taft. It is unquestionably a fact that President Taft has expressed his disapproval of Mr. Poindexter, and is very earnest in his expressed wish that another should be selected as United States Senator.

The question is who is the strongest The question is who is the strongest The question is who is the street and date against Poindexter. After a careful canvass of the situation we believe such to be Hon. Thomas Burke. He is in absolute accord with the Administration as to all important mat-

ters of policy and legislation.

"Judge Burke is a man of courage
Among those who know him his word Among those who know him his word is never questioned. He believes in upholding the hands of the President and is unswerving in his support. His antire platform breathes loyalty and devotion to the Republican party and the interests of the people as a whole breath and statemential. and evinces a broad and statesmanlike grasp of the questions of the day. We, therefore, urgs the people of Eastern Washington to dast their bai-iots on next Tuesday for the Honora-ble Thomas Burke, for United States

The total registration up to tonight was only 254 below the estimated voting strength of the city. The estimated it is predicted by Chief Clerk Courtwright will be exceeded with Monday's

# STATE PRINTER IS SWAMPED.

Office Capacity Prevents Turning Out Pamphlets on Time. SALEM. Or. Sept. 11.—(Special.)—
Although state pamphlets were all due
from the hands of the printer to be
delivered to the Secretary of State yesterday, the Multinomah and Marion

amphiets and the Democratte pamphiet have been received by the Secre-ary, while the balance of them are in the bindery. It is probable that it will require four days more to finish the

Multnomah County pamphiet.

The taw required that the pamphiets be delivered yesterday, but failure to have them at the Secretary's offic is blamed more generally to the law than it is to the State Printer. There is such a great volume of work in consection with this first election under nection with this first election under the corrupt practices act and the time between the dates when the printer re-ceived the copy and when he must deliver the completed work as required by law, is so short that it is practically a physical impossibility, it is argued, to turn out such an enormous grist of pamphiets.

pamphiets.

The bindery is literally snowed under with the work and all the available presses are laboring incessantly on the thousands of sheets necessitated.

HUSUM VOTERS APATHETIC

Slight Interest Shown in Primary Election Set for Tuesday.

HUSUM, Wash., Sept. 11 -- (Special.) The primary election next Tuesday is causing only slight interest in this voting precinct. Outside of county politics the choice for United States Senator is being considered seriously, and Judge Thomas Burke appears to have a slight lead over Miles Poindexter. However, White Salmon is reported as being favorable for Poindexter. Burke is said to be in the lead in the Trout Lake precinct, covering the Upper White Salmon Valley.

M. J. Van Vorst, of White Salmon,

is making a strong pull for State Sen-ator on the Republican ticket for the joint district of Kilckitat and Skamania Counties. John E. Chappell, of Goldendale, is the only Democratic candidate for the same office.

The withdrawal of Coate and Cayser

leaves only one candidate in the field for Senator on the Republican ticket. George F. Bresilm, of Skamania County.

Deputy Fish Warden Gor found three fish traps located along what is known as the Barbary Coast on the Washington side of the river that were being op-erated about 9 o'clock Saturday morning, three hours before the opening of the Pall fishing season. The traps were No. 533 and 534, owned by Anderson & Johnstrem, and No. 634, the owner of which is not yet known.

Complaints are to be filed against the owners, probably in the Washington courts, as the traps have licenses from that state. One of the traps had evi-dently been fishing for several hours, as it contained a large number of sal-

FALL SALMON SEASON IS OPEN High Prices Will Cause Increased Amount of Fishing.

ASTORIA, Or., Sept. 11.—(Special.)— The Fall fishing season on the Columbia River opened at noon Saturday and more than the average amount of gear will probably be in the water, owing to the comparatively high prices being paid for he raw fish.

The Sunday closing law does not apply the Pall season, so there need be no cessation of fishing operations so long as the catch made will warrant the plants continuing to pack.

POSTOFFICE SITE

Schoolmate of President Taft to Do Work for Treasury Department.

MERRICK RECEIVES WORD

Portland Postmaster Is Instructed to Lend Assistance to Mr. Hill, Who Received Job Through Senator Bourne's Efforts.

Postmaster Merrick was informed yeserday that Dr. J. W. Hill, former schoolmate of President Taft, had been apsointed a special agent to make preliminary recommendations for selection of a Postoffice site in Portland. Bids submitted to the Treasury Department were opened August 2. The bids are prac-lically an option on the properties offered tically an option on the properties offered for sale. The purchase of a site is the result of a bill which passed the last session of Congress appropriting \$500,000 for the purpose. The letter addressed to the Postmaster is signed by C. D. Hilles, assistant secretary, and is said to have been the result of the direct recommendation of Senator Bourne.

Senator Bourne was last night absent from the city, or was so reported at the

Since the bidding closed there has been unusual interest in the result of the contest to sell the Government a suitable site, but at all times the commercial bodies of Portland have held along from odles of Portland have held aloof from his movement. When informed of the action of the

Treasury Department, Harvey Beckwith, president of the Commercial Club, said:
"It is to be regretted that the Government did not send a disinterested ernment did not send a disinterested party to make an examination of and recommendation for a new Postoffice site. I do not intend to cast any reflection upon I do not intend to cast any reflection upon the integrity of J. W. Hill, but no matter what site may be chosen by him there will be dissention. In that case the odium of the transaction will rest with the entire city. I have always understood that the method to be pursued by the department would be the selection of a man who knew nothing but the interest of the Government and the city, and I a man who knew nothing but the interest of the Government and the city, and I centainly hope that the department will yet see fit to place the whole matter in the hands of other than Portland

### BANK EXAMINERS ARE LAX Controller Says Effective Reports Would Prevent Failures.

WASHINGTON, Sept. 11.-Controll WASHINGTON. Sept. II.—controller of the Currency Murray, in a statement issued today, assarted that every recent National bank failure could have been averted if bank examiners had reported actual conditions. The Controller, in his statement addressed to examiners,

"In almost every case of a National bank failure, since I have been Control-ler, the insolvency could have been averted, had the National bank exam-ingra determined the true condition and iners determined the true condition and American reported his findings in time for me Railroads.

to force a correction in the administra-tions of the bank's affairs."

Condemning the excuses made by bank examiners, Mr. Murray said he had been compelled to undertake a personal examination of the conditions in every district, so as to ascertain at first hand why an examiner was unable to discover impending disaster in the affairs of a bank. After reciting that examiners of

failed banks had offered excuses that they had been unable to learn in ad-vance of a bank's true condition, that officers and directors of banks would not correct conditions brought to their attention, or any one of another dozen

reasons, Mr. Murray bays:

"The Controller is of the opinion that a board of directors which will not or cannot meet with a representative of the Government for a short time twice each year to go over in de-tail the conditions which he finds and reports to it, is composed of members who are not doing their duty in any sense of the word."

## PENINSULA SCHOOL SAFE

Inspection Shows That Building Can Be Used Monday.

Uneasiness about the Peninsula school building was allayed Saturday after an inspection of the building by a committee of citizens and Deputy Building Inspector G. L. Thornton. The committee considers the building safe and children will be sent to school

Monday.

Building Inspector H. E. Plummer has asked the School Board architect to order the contractors to repair the arch, which collapsed last week, and make it safe, and also strengthen the other two arches, which Deputy Inspec-tor Thornton says are not properly

constructed.

School patrons on the Peninsula were alarmed about the building last Summer, when part of the roof blew off. When called on the telephone United States Senator Chamberkin said that he had not been advised of the fact that the had not been advised of the fact that the Treasury Department had decided to leave the melection of a Postoffice site to a Portland man.

"I am not ready to say that an honest man cannot be found in Portland to act in this capacity," said Senator Chamberlain. "I have not been consulted in the matter in, any particular, but I apprehend that Mr. Hill was selected because he is an old friend of the President. I
