

HUMPHREY BEHIND IN VOTES COUNTED

Poindexter Carries State by Lead of 30,000, Second Choice Aids Him.

LEAD IN KING COUNTY 6000

Two Counties Only Are Lost by Insurgent Candidate for Senator.

McCredie Loses to Warburton in Second District.

Without value, Poindexter swept every county in the state except Jefferson, which gave Burke a majority of 60, and Thurston, which Ashton carried.

The Democratic vote was so small that returns sent in thus far take no account of it. It is expected that State Senator George P. Cottrill, of Seattle, National leader of the Good Templars, has received the Democratic nomination for Senator.

Democrats Vote for Republicans.

In the Third District there were two candidates. As the Democratic vote was only 1 per cent of the total, it is evident that the Democrats voted Republican ballots, and the regular Republicans assign this as a cause of their defeat.

WALLA WALLA HELPS RESULT

Poindexter Has Majority in County Over All Other Candidates.

WALLA WALLA, Wash., Sept. 14.—(Special.)—Complete returns from all but two of the 24 precincts of this county give Poindexter a large majority over all candidates and show that Lafayette is elected, completing the insurgent victory here.

The vote for Senator was: Poindexter 1426, Ashton 572, Burke 480, Freeman 28, Humphreys 22. Cottrill, Democratic, led Byrne for the Democratic nomination, 96 to 23.

CLARK STRONG FOR M'CREIDIE

Home County Gives Him 2153 Votes—Poindexter Leads All.

VANCOUVER, Wash., Sept. 14.—(Special.)—Miles Poindexter received 1490 votes, 296 more than all other candidates, according to unofficial returns from 25 precincts in Clark County.

For member of the Lower House, E. L. French, of Ellsworth, incumbent, and G. Y. Moody, of Washougal, were elected.

The successful county officers are: Sheriff, Ira Crease; County Clerk and Clerk of the Superior Court, W. S. T. Derr; Auditor, William N. Marshall; Assessor, Fred Temper; Assessor, A. F. Davis, incumbent; Superintendent of Schools, Jay Wright; Coroner, H. J. Bailey, incumbent; Coroner, W. Knapp, incumbent; Commissioner, First District, W. S. Lindsey; Second District, J. W. Wright.

For member of the Peace and C. M. Furey for Constable.

Donald McMaster, candidate for reelection as Superior Judge, is conceded to be in the lead with E. M. Green a close second. McMaster carried Clark County by a good majority. McMaster and Green's names will appear on the election ballots.

VOTE IN FROM WAHIAKUM

Poindexter Leads Burke and McCredie Has Big Vote.

CATHLAMET, Wash., Sept. 14.—(Special.)—Complete returns from eight out of 10 precincts in Wahiaquam County give Poindexter 135, Burke 110, Ashton 52, Humphreys 22.

For Representative, the vote stands: McCredie 202 and Claypool 205 votes. For Senator, Burke received 286 votes; Poindexter 148, and Ashton 188 votes.

Vote Light at Centralia.

CENTRALIA, Wash., Sept. 14.—(Special.)—Only 690 votes, out of a registration of 1466, were cast here yesterday. For Representative, Warburton received 152 votes; McCredie 202 and Claypool 205 votes. For Senator, Burke received 286 votes; Poindexter 148, and Ashton 188 votes.

PACIFIC COUNTY FOR ASHTON

McCredie, for Representative, Is Believed to Have Lead.

SOUTH BEND, Wash., Sept. 14.—(Spe-

cial.)—Thirteen precincts, out of 23 in Pacific County, show Ashton slightly in the lead over Poindexter. No figures will be available until the official count is made. Ell Royce, for State Senator, has a lead of 135 over Harry Emy, J. H. Driscoll leads for Representative.

McCredie has probably carried the county.

Vote Light in Skamania.

STEVENSON, Wash., Sept. 14.—(Special.)—Skamania County, all except two precincts, gave Poindexter 71, Burke 24 and Ashton 50.

GLASGOW'S CARLINE

Municipally Owned Tramways in Scotch City Made Fine Showing.

The recently published report of the Glasgow Corporation Tramways for the year ending May 31, 1910, affords another object lesson in the practicality of municipal ownership of public utilities.

During the past year the income from the municipally owned street railway system, after deducting \$20,000 for operating expenses, was \$21,504 9s 5d. Of this amount \$7,238 15s 3d was paid for interest on capital; \$2,686 8s 4d was applied to the sinking fund account, to take up the bonded obligations on maturity; \$18,580 4s 8d was required to meet the income tax; \$10,688 11d went to the depreciation fund, and \$2,918 went into the permanent way renewal fund.

Stanton Warburton, Insurgent Republican Who Has Defeated W. W. McCredie for Nomination to Congress.

turned into the city treasury for the common good. This is \$10,000 more than the city has received any single year since the municipality took over the streetcar system.

The receipts for the common good fund for the year ending May 31, 1908, the first year after the city had taken over the railways were \$2,000, or about \$5,000. Ten years later it was \$25,000, or about \$75,000. For the years 1908 and 1909 the service turned into the city treasury \$26,000 per year. Thus, for the last three years the amount received by the city amounts to \$75,000, or about \$125,000. In addition to this substantial sum paid into the city treasury, it must be remembered that there is annually set aside in the operating fund an amount which will be sufficient to meet the indebtedness on the bonds at their maturity. A large sum is also spent annually in extending and improving the service.

Dog Plays Ball Like League Star.

Pittsburg Dispatch. Honus, a Pittsburgh freeman's pet dog, is thought to be the only dog in the world that has gained even a slight knowledge of baseball and can actually play a position. Honus can get under a high fly and capture nine out of ten in his teeth. Hard batted grounders have no terrors for him. He literally "eats them up."

Residents in the neighborhood marveled at the sight of the pretty English bull dog diving this way or that for an elusive bounding sphere that has force enough behind it to make the average back lot performer sidestep. Sometimes he grabs up swift grounders traveling so fast that they make him throw a back somersault. He always comes up with the ball in his teeth. His judgment of bounding grounders is nothing short of remarkable.

VICTORIOUS CANDIDATE FOR REPUBLICAN NOMINATION FOR CONGRESS IN SECOND WASHINGTON DISTRICT.

Thomas F. Reveille, of Seattle.

A little this way or a little that—it makes no difference. He covers the ground, goes after everything, and seldom misses anything within reasonable distance of his little body, quick eye and sharp teeth. The freemen now are trying to teach him how to run to first base with the ball after he has captured it. Honus has the happy faculty of grabbing up a fast one and then running in the opposite direction. Once or twice, however, he has made a dash for first base with the ball in his teeth and beaten the runner to the bag. The dog has become such an adept at playing shortstop that he has been christened Honus.

Harris Trunk Co. for trunks and bags.

WOUNDED MAN DIES

Joe Powell, Logger, Shot by Enemy, After Quarrel.

RIFLE RENTED FOR DEED

Thomas Alexander Empties Contents of Weapon Into Powell's Abdomen—After Shooting He Is Placed Under Arrest.

KEAMATH FALLS, Or., Sept. 14.—(Special.)—Joe Powell, who was shot by Thomas Alexander last night about 11 o'clock, died this afternoon at 4:45. Powell was a logger, 32 years old, while Alexander is a workman, about 40.

The two became involved in a quarrel, in Volmer's Cafe, on Main street, about 9 o'clock last night and Powell knocked Alexander down.

Alexander picked himself up and left the place. He then went to Chamber's Gunstore and rented a 22-calibre rifle, paying for its use for four days and he also purchased three boxes of cartridges. He went outside the store and loaded the rifle. He is reported to have remarked to a bystander: "I'll get him this time."

Alexander then returned to the cafe, where he hid the trouble with Powell, and as he entered the door, Powell started for him. Alexander fired a shot, which entered Powell's abdomen. Powell then grappled with Alexander and knocked him down.

Arrest Follows Shooting. Alexander was placed under arrest, while physicians cared for Powell, who was found to be badly wounded, his intestines being pierced in several places. An operation was performed, but he died this afternoon. Powell lived in Rockland, Tenn. Alexander is a veteran of the Spanish-American war.

A Coroner's Jury will be called tomorrow to fix the blame for Powell's death.

FRIENDS FEAR SUICIDE

LOUIS VIERHUS, REDLAND FARMER, DISAPPEARS.

Horse Comes Home With Empty Vehicle Tuesday Morning—Sheriff and Friends Search.

OREGON CITY, Or., Sept. 14.—(Special.)—Louis Vierhus, a prominent farmer of Redland, has disappeared under very mysterious circumstances, and it is feared he has taken his life.

Vierhus was in Oregon City last Monday, and at 8 o'clock Monday night left, with his horse and buggy, for home. The next morning the animal arrived at the farm, with an empty vehicle and nothing having been heard from the man. His family is greatly alarmed.

Upon the return of the horse and buggy a thorough search was made along the country road from Redland to Oregon City, and in a fence corner was found a bundle of old letters, addressed to Vierhus.

Sheriff E. B. Beatie started out this morning, with a party of 25 friends and neighbors of Vierhus, to join the hunt. Vierhus has a wife and six children, and was in good circumstances, but he became involved a few weeks ago in the management of The Old Alaska Fuel Company, and the other stockholders have been having some trouble, it is understood, and these things may have preyed upon the mind of Vierhus.

It is said Vierhus had two brothers who committed suicide.

7 SEINING GROUNDS OPEN

Fishermen Wait for Run of Silversides Which Are Small.

ASTORIA, Or., Sept. 14.—(Special.)—Seven of the lower river seining grounds are being operated during the fall season, and while the majority of them are securing sufficient fall salmon to pay expense, all are awaiting a run of silversides, which are the class of fish that seines get the most of at this season of the year. Seining grounds that are to be operated this fall are as follows: The Hansen and Olsen ground on the lower end of Sand Island, Farrell, Tongue Point, Alex. Grant, Nora Fitzpatrick, George Kabin and the Miller Sands.

The catch of fish last night was not very heavy and probably will not be until after the weather conditions change. One peculiar feature regarding the fish taken is that the silversides average unusually large, many of them weighing over 25 pounds each, while the silversides average small.

PASS CROSSED IN AUTO

McKenzie Valley Entered From East by Machine for First Time.

EUGENE, Or., Sept. 14.—(Special.)—V. G. Howell, of Portland, owner of Belknap Hot Springs, and his party, are the first to have driven an automobile over the McKenzie Pass, connecting Eastern Oregon with the McKenzie Valley. Mr. Howell's machine, while considerably scratched by the rough trip, stood the test well, and the party drove it on to Portland from Eugene yesterday.

The roads on the east side of the mountains are good, but on this side considerable repairing had to be done to allow the automobile to be sent to all places considered an impossible trip with a machine.

MEACHAM MAN SUSPECTED

Umatilla Grand Jury to Probe Alleged Liquor-Selling.

PENDLETON, Or., Sept. 14.—At least one alleged violator of the local option law will face the Umatilla County grand jury, which will be convened tomorrow, one week in advance of the regular term of court. He is J. Peterson, proprietor of the near beer saloon at Meacham.

A shooting scrape and a cutting affair have occurred in his place within the past week. Today he was arrested on a charge of selling liquor in violation of the local option laws. Other alleged violators of this law will probably be investigated before the jury is discharged.

FALL OPENING

Today the Tull & Gibbs Store Invites You to View Its Autumn Displays

And presents for your approval the season's cleverest and most exclusive types in Fall and Winter apparel for Women—beautiful styles and materials that have received the sanction of Fashion—creations by the most distinguished of European and American style originators. In beautiful Gowns and Dresses, in Tailored Suits, Coats and other garments, there's that style distinctiveness that never fails to bring forth favorable comment from those of good taste.

Today, too, marks the opening of two new sections—Gloves and Furs, and we have spared no efforts in making these as complete—both from a standpoint of quality in merchandise, and service—as the precedent established by our various other departments.

And in the Homefurnishing Departments—in the Furniture displays—second, third, fourth and fifth floors and annexes, where are gathered the productions of America's best furniture factories—a showing representing every grade; in Floor Coverings, Draperies and Bedding—those three most complete sixth-floor departments—complete in every detail for home-beautifying and home-comfort; in the Basement Store—Crockery, Stoves and Ranges, Graniteware and those hundred and one things that go to lighten the labors of the housewife. It's the high character of merchandise—the fairness of prices, and the service that has made this Portland's Foremost Homefurnishing Store.

Again we extend to you and yours a cordial invitation to be with us on this occasion—to enjoy the conveniences of this store at all times.

From two to six o'clock this afternoon, well-selected programmes will be rendered on first and sixth floors by Portland's leading orchestral talent.

ON FIRST FLOOR—Orchestra under the direction of Waldemar Lind. ON SIXTH FLOOR—Orchestra under the direction of M. Christensen.

BROWN OFTEN INSURGED

FREQUENT BLACK EYES PROVE IT, SAYS MR. MULKEY.

Brand of Insurgency Shown by Frequent Appearances in Court, Declares Candidate.

SALEM, Or., Sept. 14.—(To the Editor.)—I see one Oliver Brown, Mr. Grants Pass, through the columns of the Oregonian takes great offense at my standing before the people as an insurgent Republican candidate for Congress. Mr. Brown, besides doubting my brand of insurgency, also charges incompetency as Prosecuting Attorney, first district.

The fact is, were I less competent as Prosecuting Attorney, Mr. Brown would like me better. Mr. Brown is often in trouble. Mr. Brown says he is an insurgent. Probably that accounts for the fact that Mr. Brown carries a black eye about six months of each year. From the tone of his letter, I judge Mr. Brown would be classed the only insurgent but, unfortunately for Oliver, there are always two when he gets beligerent.

When Circuit Court convenes in Josephine, we generally expect to see Mr. Brown standing about the premises with one eye pointed, in the capacity either of complaining witness or defendant.

Mr. Brown, deeming himself to be the chief insurgent in Josephine, does not understand why he should not have been made Deputy Prosecuting Attorney, but since he admits the two men appointed are not worthy, I presume the public are not concerned about Mr. Brown's private grievances. Respectfully yours, B. F. MULKEY, Insurgent Republican candidate for Congress.

COLLEGE MEN TO ORGANIZE

University Club to Be Formed by ex-Football and Literary Stars.

MEDFORD, Or., Sept. 14.—(Special.)—Secretary Malboeuf, of the Medford Commercial Club, is preparing a circular letter to be sent to all college men in this locality calling them together to form a university club. E. Carlton, a Yale man who has an orchard near Eagle Point, has been gathering a number of college men in the vicinity of Medford, and while by no means complete, contains 128 names.

The number of university men in Medford and on the surrounding farms is over 200. Among them are former gridiron stars who have been lured from their homes in the East by the call of the West. Most of the college men own farms, but there are a number of

PERKINS' BODY FOUND

MURDERER AFTER SHOOTING VICTIM MAKES BUNGLING ATTEMPT TO CONCEAL HIS CRIME.

MARSHFIELD, Or., Sept. 14.—(Special.)—The body of Roy Perkins, who has been missing since September 1, was found in the bay this morning.

Frank Garrison admitted to City Marshal Carter several days ago that he had killed Perkins and thrown him in the bay, but he could not tell the exact spot. Garrison's confession was not made public until the body was found.

The discovery was made by Donald Charleston, a Government engineer, who had started up Coos River. Attached to the body were two ropes, at the end of each of which was tied a big rock. The rope was sufficiently long to allow the body to float in shallow water. A bullet hole showed that Perkins had been shot through the heart. The body had been cut out in a rowboat after being tied and was sunk where the murdered thought it never would be found.

Evidence will be taken before the grand jury at Coquille tomorrow. Garrison owed money to Perkins and had quarreled with him about it.

MILWAUKEE TO HAVE NEW WALKS.

MILWAUKEE, Or., Sept. 14.—(Special.)—Owing to the absence of Mayor Sireb the Council last night adjourned until Friday night. City Auditor Dowling announces that petitions for more concrete sidewalks have been filed, besides those now being laid on Main street, which will carry the sidewalk area to the Southern Pacific car tracks.

Rainier Schools Show Gain.

RAINIER, Or., Sept.—(Special.)—The Rainier public school opened Monday with an attendance of 290 pupils, a gain of 15 per cent. The four-year high school course is given this year in place of the two-year course. A German course has been added.

Supply Bids to Be Opened.

OLYMPIA, Wash., Sept. 14.—(Special.)—The State Board of Control will tomorrow begin opening sealed bids for six months supplies for all state institutions. It will take about 30 days to award the contracts.

Pedagogues Petition for More Pay.

NORTH YAKIMA, Wash., Sept. 14.—A fight for a fair living wage on the part of the teachers signals the opening of the school year here. A salary schedule which provides for a minimum and maximum wage, with a yearly increase

VALE GETS \$10,000 BUILDING.

VALE, Or., Sept. 14.—(Special.)—Work on another large brick building has begun here. It will cost nearly \$10,000 and will be used for a laundry and engine room at the Vale Sanitarium. The \$15,000 bathhouse is practically completed now.

OLD SORES DUE TO DISEASED BLOOD

Every symptom of an old sore suggests diseased blood. The inflammation, discolored flesh, and the fact that local applications have no permanent effect toward healing the ulcer, shows that deep down in the system there is a morbid cause for the sore. But more convincing proof that had blood is the cause for these places is furnished by the fact that even removing the sore or ulcer by surgical operation does not cure; they always return. Nature will heal any sore if the blood is pure and healthy, but until the circulation is cleansed of all impure matter and supplied with nourishing and plasmic qualities the infected condition of flesh is OBLIGED to remain. S.S.S. heals Old Sores in a perfectly natural way. It goes into the blood, removes the impurities and morbid matters, adds nourishing qualities to this vital fluid, and brings about the very conditions that are necessary before any sore can heal. S.S.S. is a perfect blood purifier, acting directly on the circulation through the stomach and digestive mem-

MISSING MAN FOUND.

MISSING MAN FOUND. The body of Roy Perkins, who has been missing since September 1, was found in the bay this morning.
