Causes Debility Here Are Facts Backed up by a Strong Guarantee. Catarrh causes debility. In our opinion, most people suffering from general debility have catarrh. Such cases of debility cannot be completely cured by medicine not designed to eradicate catarrh. In every case where our remedy fails to give entire satisfaction we will not charge a cent for the medicine employed during the trial. Now, surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We will take all the risk; no one else can lose anything by the transaction. We make these statements and this offer because we know and have tried and again proved that Rexall Mucotone rarely fails to do as we claim. It is not a curial prescribed to cure every disease that leads to catarrh. It is intended for one purpose, i. e., to cure catarrh by assailing the diseased condition in a reasonable, scientific way, which is to employ agents that have been found to have the tonic and alternative power to correct faulty metabolism (issue change) and to stimulate and help nature overcome the cause or causes of catarrh. This being done, appetite increases, nutrition improves, weight is gained, comfort of body is attained and life's work taken with the zest natural to the perfectly healthy individual.
