CASON REFUSES TO SUBMIT TO SCARE

Candidate for State Senator Target of Bitter Attack by Bourne Forces.

RINGSTERS ARE ALARMED

Unable to Persuade Him to Withdraw, They Make Threats of Grand Jury Investigation. Candidate Welcomes Charges.

Alarmed by the candidacy of Boon Cason for State Senator against George W. Joseph, of the Bourne slate, Bourne anti-assembly ringsters have resorted to intimidation after having failed to talk Mr. Cason out of his candidacy. talk Mr. Cason out of his candidacy, so it became known last night. Entreattles and promises proving of ne avail, hints that he would be investigated by a grand jury were dropped to Mr. Cason during the day and he was charged with being an assembly stalking horse, with receiving his campaign expenses from assembly sources and with having no right to be in the race.

But the candidate was not inclined

But the candidate was not inclined to quake or quit. He took a firm stand. His candidacy, too, has stirred up more publicity than the anti-element had counted upon, and has made the Bourne element show its slated hand more clearly than might be discreet. Mr. Cason, when seen last night, was in no way alarmed over the threats made against him, but the attitude of his fellow anti-assemblyites served to set him talking of his experi-

ences in seeking to run for the Legis-lature as a Statement No. 1 man. "I had my petition out for the full term Senatorship," said he, "when a friend came to me and said he wanted me to step up and talk with the editor of the Democratic caper that is booming the anti-assembly Republican ticket. He said it was necessary for me to stand in right with the right crowd if I expected to win on the people's side.

SHEPHERD MAKES SPEECHES

Candidate for Representative in Congress Talks "Deep Water."

George S. Shepherd, anti-assembly can-

didate for Representative from the Second district, held a series of street meetings last night in the interest of his candidate. He was accompanied by Henry S. Westbrook, who spoke earnestly in support of the candidate.

Deep water to the sea and a battleship fleet for the Pacific Coast were two of the main issues presented by Mr. Shepherd. In urging the need of a battle-ship fleet he quoted Admiral Evans, who ship fleet he quoted Admiral Evans, who said while in Portland recently that we are safe on the Pacific Coast because of the friendliness of our neighbors. In introducing Mr. Shepherd, Mr. Westbrook pointed out the importance to Portland and Oregon of a deep channel and urged that Mr. Shepherd is the man who could do most toward securing that end. as "deep water to the sea" is his hobby.

"You will remember that two years ago I ran for Congress on a deep-water-to-the-sea platform," Mr. Shepherd said. "Opposed to me were the present incum-bent and ex-Governor Geer, who had pre-viously carried Multnomah County for the Republican nomination for Governor over his closest competitor by more than 2006 majority, and you remember that the people of this county indersed my policy by 1500 votes over my nearest com-

BENNETT NAME IS SCRATCHED

County Clerk Fields Issues Notice to Election Board Chairmen.

The herculean task of cancelling the name of Frank S. Bennett from the 24,000 ballots which will be handed to Republican voters Saturday was begun yesterday. The name will be cancelling the cancelling celled in County Clerk Fields' office from all ballots which have not yet been set out. But as the larger part of the ballots have already been sent to the chairman of the election boards, it will be their duty to see that the name is cancelled, and that the name of the candidate chosen in Judge Ben-nett's piace is posted upon a card in each election booth.

The law provides that the name of a deceased candidate must be cancelled not only on the white ballots, but upon

the colored samples.

County Clerk Fields has sent to the chairmen of the election boards in-structions to cancel Judge Bennett's name before giving out the ballots to voters. For this purpose he is en-closing with the election supplies a stamp and ink pad for each precinct. He has also posted, as required by law, an official announcement of Judge Bennett's death. It reads:

It is with deep regret that I officially an-nounce the death of Frank S. Bennett, can-didate for County Judge on the Republican ticket, he having complied with the law by filing a declaration and petition for said

office.

In encoordance with section 2802 of the election laws I have cancelled his name on some of the ballots and ordered it cancelled on others.

OREGON 107,729

Total About 12,000 Less Than for General Election in Year 1908.

MORE VOTERS IN STATE

As in Previous Years, Large Number of Democrats Seemingly Are Registered as Republicans for Primary Election.

With returns practically complete from all counties, the total registration for the State of Oregon for the primary election is 107,729. The returns give the Republicans 74.037 voters, the Democrats 23,148, and miscellaneous parties 10,544.

In several of the counties there are outlying precincts which had not been heard from when the reports to The Oregonian were mailed, so it is probable that the total registration will run al-most to the same figures as did the reg-

istration for the primary election of 1908
when the figures reached 109.643.
The registration for the primaries will
be about 12,000 short of the registration for the general election of 1908,
and will be about 1000 votes under the
total number cast for Presidential electors in that year. ors in that year.

No Difference Expected.

Although there is apparently less interest in the campaign than there was two years ago, Oregon undoubtedly has a greater number of voters, and with the registrations counted that will come in after the primaries it is safe to predict that the total registered for the general election will not be far different from the total of 1908.

As in previous years a large number of Democrats seemingly are registering as Republicans. In 1908 the number of registered Republicans was in round figures \$1,000, while the number registered as Democrats was 28,700. Yet when it came to the voting in the general election 9000 more Democrats than were registered voted for the Democratic Na-tional ticket, and 19,000 fewer Republicans than were registered voted for Taft

Some Republicans Switched.

The Democrats did not get their re cruits from the miscellaneous voters for of these 12,386 were registered and 10,-293 voted. The only way it can be fig-ured is that at least 7000 men registered as Republicans voted for Democratic

ing strength on the National ticket more than half as great as the Republi-can strength, but when it came to registering this year the Democrats could muster a number less than one-third of the number registered as Republicans. If registration figures were true in dications of party strength, the figures for this year would show, when com-pared with the votes cast in the general election of 1908, that in two years nearly 25 per cent of the Democrats had deserted the party while the Republicans had gained nearly 30 per cent.

DUNIWAY WILL MEET JOHNSON

Oregon's Champion Billiardist to Play for Northwest Championship.

Wilkle Dun'sway, Oregon's champion dillard player, will play W. G. Johnson, of Tacoma, for the champtonship of the Northwest, which is now held by him. They will play at Tacoma, October 3, 5 and 7. In a recent match in Portland, the Tacoma man defeated Duniway by a narrow margin. The men will play for 1000 points of 14.2 balk line, 300 points each the first two nights and 400 points the third night. The winner of the match will get a handsome gold medal.

Duniway is now in good practice, but is practicing all the more diligently for the match next month. Duniway is from the Multnomah Amateur Athletic Club and has held the title of Oregon

PORTLAND LABORER KILLED

Man, Believed Joe Mullens, Run Over by Train.

ROSEBURG, Or., Sept. 21 -- (Special.)-A roughly dressed transient, apparently 40 years of age, was ground to pieces by the north-bound Ashland-Portland by the north-bound Ashland-Portland passenger train at a point about 300 yards east of the city limits shortly after 2 o'clock today. It is presumed that he fell from the rods underneath the coach, onto which he had swung himself for a ride. In the man's pockets were found a few silver coins and a labor union card worded as follows: "Joe Mullens, 63½ North Second street; laborer, member of local union No. 92, Industrial workers of the World, Portland, Oregon."

Securing Factories for Portland Object of Campaign.

R. W. RAYMOND IN CHARGE

Members of Commercial Club Be-New Branch Will Secure Establishment of at Least One New Big Industry a Year.

At least one new factory should be built in Portland every year, think members of the Commercial Club, and with this end in view, R. W. Raymond, recently appointed manager of the newly created industrial bureau of the club, sumed his duties yesterday morning.

The ambition to acquire a single fac tory a year is a conservative one, say officers of the club, but they declare that they would rather exceed mediocre intentions than fail to live up to higher ones. After the bureau is thoroughly ones. After the bureau is thoroughly organized, they expect to add to the city's factory enterprises in half dozen or dozen lots every year.

For the next few months Mr. Raymond's work will be largely preliminary. He will compile data and information illustrating the natural advan mation inustrating the manufacturing tages of Portland as a manufacturing center. Particular statistics will be prepared for each of the several particular enterprises that the city hopes

Wood-Users Sought.

The first factories sought will be those that consume the natural prod-ucts of Oregon-furniture plants and others that call for the use of wood. One present disadvantage that the bureau hopes to overcome is the difficulty in obtaining coal. With the development of the Alaskan coal fields and the opening of new steamship routes, the local price of coal can be greatly reduced, it is believed. In the meantime the use of California oil will

be urged.

The easy possibility of procuring water and electric power through "harnessing" the mountain streams in Eastern Oregon will be pointed out to prospective manufacturers. It is estimated that this city can be supplied with electric power at a rate as low as that furnished the cities that draw upon Niagara Falls for energy.

More Factories Needed.

When the records are completed and all the statistics are available, he thinks that Portland will present even thinks that Port

POLITICAL GOSSIP

GRANGERS are saying they intend to scrutinize the expense accounts of the expense accounts will begin pouring in after the primaries and there is an inclination on the part of many to believe that not a few candidates are parting with more money than the law permits of.

Anti-assemblyites of the slate variety are getting behind Judge Dimick for Governor and are now doing everything possible for the Oregon City man, this after trying vainly for months to run him out of the race. The belief is current in that fold that Colonel E. Hofer is no longer to be recoved with be reckoned with.

The Jefferson Myers campaign slogan will be printed on the baffots in Multnomah County scoording to an errangement perfected yesterday. County Clerk Fields, before sending the ballots to the print shop, phoned the Secretary of State's office as to the truth of the charge that Mr. Myers was rightfully entitled to the appearance of his slogan on the ticket. An affirmative reply was re-ceived and Mr. Fields then ordered the slogan duly attached. In all other coun-ties the slogan will not appear on the ballot.

Bitter resentment is offered by members of the anti-assembly slate to those who to present himself as a candidate for State Senator—the most important of of-fices from the Bourne standpoint, since the Senators selected this year will be holdovers in the Legislature that must try Bourne for his political life. Having no means under the law to expel Mr. Cason from the running, the B

CONSTITUTIONAL INFECTION

Constitutional Blood Poison is the most insidious of all diseases. It begins in an insignificant manner, usually the appearance of a tiny sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time its chain of symptoms begin to crop out. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, the glands in the groin swell, and sometimes the hair comes out. Mineral medicines cannot cure Constitutional Blood Poison; they only shut the disease up in the system to smoulder and await an opportunity of breaking out afresh. The only possible way to cure the disease is to REMOVE the germs from the blood. S. S. S. goes into the blood, and while removing the infection makes the blood pure, fresh and healthy. This causes a general
