LEE'S STATUE MAY STAY AT CAPITOL

Grand Army Postpones Action on Controversy Concerning Removal.

PENSION INCREASE ASKED

Higher Pay Indorsed for Aged Veterans-Men in Revenue Cutter Service Admitted to Membership.

ATLANTIC CITY, N. J., Sept. 23 .-After a warm debate of more than three hours, the National encampment of the Grand Army of the Republic, at its final session this afternoon, in-definitely postponed action on the controversy over the placing of the statue of Robert E. Lee in Statuary Hall. The vote was 132 to 102, a small total com-pared with the vote of 887 cast for

Commander-in-Chief yesterday.

The encampment rejected the proposition recommending that Congress be asked to grant each Union vetera a pension of \$1 a day for life, but endorsed the McCumber bill now pending

relating to widows' pensions.

It was recommended that the pensions for veterans 65 years old be increased from \$12 to \$16 a month; 70 years old from \$15 to \$20, and 75 years of age, from \$20 to \$25 a month.

Controversy Is Keen.

The question of the Grand Army's ing. attitude on the Lee statue matter was one of the most important the encampment has had to deal with in Science and the company to be seen to be be be a second or the company to be seen to be be be a second or the company to be seen to be be be a second or the company to be seen to be be be a second or the company to be a secon The conservative element con trolled the encampment and won the day on the argument that the bitter-ness engendered in the Civil War was disappearing and that section hatred should not be revived; that action adshould not be revived; that action adverse to the Lee statue would do more harm than good, especially to the Grand Army of the Republic, and last, but not least, that the State of Virginia, under the act of Congress in 1864, had the right to place in Statuary Hall the image of any man from that state whose memory it chose to perpetuate.

In replying to these arguments, Judge Griffith said that in construing that act the intent of the lawmakers should be considered. He believed that the members of Congress who voted for the law in the heat of the Civil War did not contemplate that a Southern state would attemp o place in Satuary Hall the statue of one of its generals who was trying to wreck The debate proceeded until darkness.

Following the debate the encampment installed the newly-elected olicers before "taps" was sounded, bringing the Revenue Cutter Men Admitted.

The encampment today voted to admit to membership men who were in the revenue cutter service during the Civil War. They have heretofore been denied admission on the ground that they were not identified with either the

Army or the Navy.

The Sons of Veterans will not be admitted to meetings of Grand Army posts. The Sons of Veterans elected as commander-in-chief Fred E. Bolton, of Roxbury, Mass.
The headquarters of the Grand Army

for the next year will be at the State-house, Boston.
At its annual reunion the United States

War division, elected the following offi-cers: President, Colonel J. E. Hyneman, Philadelphia: secretary and treasurer, Charles DeWitt Marcy, Boston.

LORIMER INQUIRY TO GO ON

Taking of Testimony in Bribery Case Will Begin Monday.

CHICAGO, Sept. 23.—The Senatorial sub-committee on privileges and elections, which convened here to investigate the alleged fraud in the election of United States Senator William Lori-mer, decided today to proceed at this time with the taking of testimony and not to postpone action until after the November elections, as urged by the

Senator's attorneys. At the opening of today's nessi Chairman Burrows also announced that the committee would permit Attorney Alfred Austrian, representing the Chi-cago Tribune, and Elbridge Hanecy, representing Senator Lorimer, to appear

the hearing.
The committee's decision overruling Senator Lorimer's plea for delay was announced by Senator Paynter, of Ken-tucky, who said: "The committee has given due consideration to the petition made for a continuance of this hearing until after the November elections and has not found the reasons of sufficient weight to warrant the delay."

A short conference resulted in the announcement that the session would adjourn as a public meeting until Monday morning, to permit Senators Bulkley, of Connecticut, and Frazier, of Tennessee, other members, to be pres-

Charges Include Portland, Spokane and Seattle People.

CLAIMANTS ARE PROMINENT

In Inland Empire Alone Report Is 450 Citizens Will Be Called to Testify Before Government Inquiry.

SPOKANEL Sept. 23.-The Chronicle says today: The scope of the inquiry instituted by Secretary Ballinger into suspected fraud in coal land claims in Alaska and the Northwest is not limited to the Inland Empire. It is learned that charges will be pushed almost simultaneously in Spo-kane, Seattle and Portland. In the Inland Empire alone it is reported 450 citizens will be summoned to testify as to their claims in Alaska, Washington, Oregon and Idaho.

BANKERS AMONG CLAIMANTS

Politicians, Too, Said to Furnish Long List in Oregon.

SEATTLE, Sept. 23.-The Alaska land claims which are said to be under in vestigation by the Federal grand jury at Spokane are similar to those of the famous Clarence Cunningham group, which caused the Ballinger charges. Cunningham, it will be remembered, Cunningham, it will be remembered, went to the Katalla district as a mining expert to investigate reported oil dis-coveries. He was disappointed about the oil, but found enormous fields of coal. Obtaining powers of attorney from capitalists in Idaho, Seattle and eleswhere,

he located 160 acres of land for each of these persons, as the law permits.
The Cunningham group of claims has received great prominence because of the attempt to hurry it to patent and has overshadowed the other groups located by promoters. A list of the claimants in these other groups contains names as eminent in politics and busi-ness as those in the Cunningham group. It was not alleged in the Cunningham hearing that there had been dummy locators or any irregularity in the filings, but the claims were held up because some of the claimants had entered an agreement to sell the land to the Gug-

genhelm interests.

In the other groups, which are sup posed to be now under investigation some of the men whose names appear as claimants say they did not authorize the use of their names. Portland, Or., furnishes a long list of claimants, large-ly politicians and bankers, and many Californians of high rank are Alaska cal claimants

DEMOCRATS ARE REPUBLICANS Angel Precinct Furnishes

Striking Illustration. SALEM, Or., Sept. 23.—(Special.)—
One of the most striking instances of Democrats registering as Republicans which has yet been found in the registration lists received by the Secretary of State is shown in Mount Angel pre-

cinct. Marion County. At as near an accurate estimate as is obtainable, there are not more than

0 Republicans in this district. For the number of electors in the precinct it is probably the most strongly Democratic of any precinct in the State Nevertheless the registration this year shows 193 Republicans and 93 Demo-crats, out of a total of 219 registered. To make the comparison more vivid, it is shown in 1908 that there were 140 votes cast for Bryan and 60 votes cast for Taft. At the same time it is known there were a number of Demo-crats in Mount Angel precinct that cast their votes for Taft, owing to an

antipathy to Bryan. Oregon City Has Final Rally.
