(Continued From First Page.) ated for re-election by a majority over his opponent by approximately 2000 In the Second Congressional District Representative Ellis is defeated for mination for re-election by between 1806 and 2000 by A. W. Lafferty, as now indicated. On the vote so far reported Lafferty has a lead of 2893, including the votes of all countles reported.

Lafferty's Strength in Multnomah.

In this plurality over Ellis, however, 2754 is represented in the nearly complete returns from Multnomah County, indicating that in the other counties Lafferty has run some ahead of Ellis but not very strongly. The plurality of 2800 to 3000 that it is estimated will be shown in the complete returns is based on the theory that outside of Multnomah County there will not be a wide divergence between the totals cast for the two candidates.

In the incomplete returns C. J. Reed 1 about 1909 behind Ellis and George S. Shepherd about 1000 behind Mr. Reed. Oregon Republicans have thus nomi nated one administration candidate in Representative Hawley and one insurgent in Mr. Lafferty.

#### Assembly Wins Three Contests.

For contested places on the state and congressional tickets three assembly candidates, it is cortain, have been numinated in Jay Bowerman for Governor W. C. Hawley for Representative in Congress and F. W. Benson for Secretary of State, and probably a fourth has been named in O. P. Hoff for Com-

The auti-assemblyites have won Congressman, State Treasurer, one Justice of the Supreme Court, Attorney General, State Printer and Superintendent of Water Division No. 1.

The following are the totals compile on the incomplete returns received up to to o'clock last night, on the Republican ticket:

Governor - Bowerman 12,750, Dimick 25,461, Hofer 1944, Abraham 4216. Representative in Congress, First district-Hawley 6751, Mulkey 5105.

Representative in Congress, Second district-Lafferty 1922, Ellis 5129, Reed 4004,

Justice Supreme Court, four-year term (two to nominate)-McBride 18,668, Bean 17,769, McCamunt 11,011.

#### Six Counties Not Heard From.

In compiling the foregoing totals partial returns are at hand from all counties with the exception of Benton, Curry, Grant, Harney, Klamath and Lake, from which no reports at all have been received. In the latter countles Bowerman expresses confidence in good pluralities being returned for him from Grant, Harney and Lake, while encouraging reports were also received from

Bowerman, last night, expressed a deal of gratification over the reports from Sherman, Gilliam and Morrow costi-ties, where the early returns indicate that he has a clear majority over his three opponents. It had been predicted during the campaign by anti-assembly-ites that Bowerman would not have a plurality in his own county of Gilliam nd that all three of the counties named
