### A Special Showing of Famous Kayser Silk Hose for Women

Silk—WHEN IT'S PURE—is the best wearing fabric known. The trouble with much silk (as sold in other stores) is that it is chemically weighted with metal-laden liquid, and the liquid clings to the cloth. The result of this operation is light silk is made to SEEM HEAVY. But the treatment is such that the silk soon goes to pieces. Kayser silk fabric, as used in the Kayser silk hosiery, is PURE. No adulterants are used.

It is not extravagance to wear Kayser Italian Silk Hose. On the contrary—on account of their richness and wearing qualities—'tis real economy. The first cost is higher, of course—but they wear and look well so much longer that silk is really the cheapest. See the Fifth-street window display today.
