MYSTERY ATTENDS PURSUIT OF WIFE

Ex-Oregon Woman's Whereabouts Unknown—Husband in Search.

INFATUATION IS HINTED

Departure of Mrs. Mary Adele Case Beam With Mother for East, and Sponse's Inquiry as to Destination, Are Features.

With a chase started across the continent in search of a wife, with an attorney already on the scene and vouching for all "necessary" information relative to the woman's whereabouts, most meager as to definiteness, and the wife's sister refusing any information whatever, the mystery in the relation of Mrs. Mary Adele Case Beam and her husband is growing apace. It is hinted that a divorce is being sought in San Francisco yesterday was that the young couple had separated, but it is said at the home of Mrs. Beam in Oregon City that the young woman and her mother, who is said to be ill, are on their way East, seeking a rest for the latter. So far as could be learned here yesterday, Mr. Beam is also spending on his way eastward to find his wife.

Beam Comes to Portland.

It is known that young Beam, who was a wealthy San Francisco singer, was in Portland a week ago Monday, inquiring of his wife's friends where she might be. It is also known here that Mrs. Beam was in Oregon City a few days before her husband's arrival. She was called here, presumably, by the illness of her mother, Mrs. Case. That both women left here a week ago Sunday for the East and that they would visit relatives on the way, stopping in Colorado, North Dakota and Illinois, is established, though it is apparently unknown to Mrs. Beam's own family.

Clark Says Women Went East.

"No, I do not know where Mrs. Beam is now. All I can say is that Mrs. Beam is on her way East with her mother, who is ill. On their way to their destination they will stop in Colorado, North Dakota and Illinois to visit with relatives."
