City Council Takes Pipe Question mittee and Passes It-Old Assessment Case Settled.

Efforts to deprive the Quelle restaurant of its restaurant liquor license, on the charge that it was not a moral resort, met with defeat at the hands of nine members of the City Council yesterday, in spite of the recommendation of several members of the license committee who had conducted on investimittee, who had conducted an investi-gation of the charges made against the place and who had insisted that it be denied the further right to sell intoxi-

Although no Councilman championed the resort in a speech, two-thirds of those present voted in its behalf. Councilman Rushlight was out of the room and did not vote.

The vote as given was on the motion

The vote as given was on the motion to accept the report from the members of the committee condemning the place and recommending the revocation of the license. In the afternoon the matter came up in the form of an ordinance to revoke the license of the place, and the vote was the same, with the exception that Mr. Rushlight voted in behalf of the Quelle keeping its license and Mr. Belding, being absent, did not vote. Mr. Cellars, in his speech, insisted that smaller resorts had been deprived of their licenses by unanimous votes of the Council, and he demanded that the same consideration be shown the Quelle, which he inferred was possessed of political in-

After a spirited debate in which the question of the quality of cement sewer pipe was an issue, the Council took from the sewer committee the ordinance pro-viding for the Riverside district sewer, and passed it without the committee's recommendation. The larger number of members of the committee have oppose the laying of cement sewer, on the grounds that it is not of good material. Although the property owners had expressed their preference for cement sewer, the committee held the ordinance up for so long a time that it was taken from the committee yesterday by a vote of nine against five.

CHIEF SAYS SPEEDERS ARE TREATED TOO LENIENTLY.

Additional Motorcycles May Be Used. Complaints From Citizens Growing More Numerous.

Noticeable increase in the schedule of fines for violations of the speed regula-tions by changeurs is probable within the next few days. Chief of Police Cox and Deputy District Attorney Sullivan yesterday laid before Municipal Judge yesterday laid before Municipal Judge Tazwell their representations that the fines imposed under the present policy of the court are inadequate. Judge Taz-well took the subject under considera-tion.

The present practice is to impose a fine of \$10 for the first offense without, and \$25 within, the fire limits. These penalties are doubled for the second offense. There has been no discrimination be-tween simple and aggravated cases. It was pointed out that most of the offenders under the ordinance are men to whom the penalties imposed are negligible and that in certain circles a conviction for speeding only gives added

Indignant protests from citizens along certain well-paved streets have been fre-quent. Among the streets where the reg-ulations are most abused are Union aveue, Broadway, Belmont street, Haw thorne avenue and the long, well-paved stretches in the northwest section of the city. Combined efforts on the part of the motorcycle policemen and a speed-trap crew under Sergeant Patton have resulted in many convictions, but the Chief and the Deputy City Attorney say that the penalties imposed have not been heavy enough.

In the several months during which two motorcycles have been operated by Policemen Sims and Evans, the revenuefrom convictions has more than paid for the maintenance of the machines and the salaries of the riders. Police Commissioner Sichel, who recently made an investigation of this subject, is well pleased with the showing and is in favor of the purchase of additional motor-

Only two speeders appeared in court yesterday, both arrested by Policeman Evans. Charles Happing, of 803 Alder street, was arrested at Fourteenth and Washington streets. Fred Taylor, of 83 East Seventeenth street, was arrested at Thirtieth and Broadway streets. Each paid a fine of \$19.
