MAYOR BACKS OFFICIAL St. Johns Police Chief to Be Retained Despite Protests.

Notwithstanding that a petition is to be presented to the City Council of St. Johns, signed by over 150 voters, asking that body to dismiss Chief of Police McKinley, Mayor Hendricks said yesterday that the officer will be retained as head of the St. Johns police department.

Personal grudge is said to be the cause of the complaint against the St. Johns Chief of Police, culminating into what may be a battle royal among the voters of the town. The Mayor says that Chief McKinley has been doing his duty, especially in arresting young men who are said to have been causing frequent trouble among the business men.

Mayor Hendricks said yesterday that Chief McKinley has made an enviable record in keeping the town free of undesirable persons and believes he will be retained when the matter comes before the Council at its next meeting for consideration.

Out of 16 arrests made by Chief McKinley, 12 have pleaded guilty. The charges charged, nine have been tried and convicted. Four of the arrests were made on warrants issued outside of the police department, by one of the 16 arrests was therefore acquitted of the charge made. This record, says Mayor Hendricks, is sufficient proof that the Chief is an unusually successful officer.

POSTOFFICE SITE CHOSEN? Rumored Bourne Recommended Block Be Bought for \$340,000.

It was rumored last night that United States Senator Bourne had recommended that the United States purchase block 8, bounded by Seventh, Eighth, Hoyt and Gilliam streets, as the site for the new postoffice. Mr. Bourne's private secretary declared that he knew nothing of the matter, and said Dr. J. W. Hill, special agent in charge of the selection of the site.

Block 8 is owned by Dr. Andrew C. Smith and associates and the Esp. case. It was tendered the Government for \$340,000. It is about halfway between the Grand Central and North Bank depots.

Postmaster Merrick went into the "denial class" when asked if he knew what Mr. Bourne was doing in the matter.

It is well known that Postmaster Merrick favors a location as close to the new Union station as can be obtained, but has thus far declined to make a recommendation because the site for the new depot has not been announced.

FAMOUS ARTISTS SING HERE Two Metropolitan Operatic Favorites in Concert Next Tuesday.

Scotti, who will sing here next Tuesday evening with Mme. De Pasquelli at the Baker Theater, has just come from a most successful opera season in the City of Mexico. This is the first year that grand opera has been attempted, with any degree of success, in the tropical city, and the Mexican government had to bank enormous guarantees before the song birds would even consider the Southern flight. The season was tremendously successful, however, and will now become an annual affair. De Pasquelli, who will sing here with the famous Metropolitan baritone, has also great number of operatic and concert successes to her credit, and Portland music lovers will be delighted with the splendid programme offered by the combination. The concert is on next Tuesday evening at the beautiful new Baker under the direction of Lois Steers-Wynn Coman.

## HIGHWAYMEN ROB TWO

CITIZENS HUNT MASKED MEN WITH SHOTGUNS.

Two Robberies Reported to Police. Thugs Described as Being Big Men, Wearing Dark Clothes.

Two masked men, wielding black revolvers, held up two citizens near the intersection of East Twelfth and East Ankeny streets at 5:30 o'clock last night. F. G. Arata, of 4 East Twelfth street, and W. H. Glenon, of 694 Oregon street, reported their losses to the police. Arata was compelled to give up the contents of his pockets when one of the holdups pressed a revolver against his head.

He lost \$10 in gold and some small change. Similar tactics were adopted by the thugs with Glenon. His gold watch, valued at \$30, was taken. From various other sources it was learned that four other persons had been held up and robbed by the pair in the darkness of the streets in the immediate vicinity.

When the report became broadcast in the neighborhood that the footpads were operating without discrimination, residents armed themselves with shotguns. Under the leadership of Arata, one of their victims, a well-known liquor man, the posse was making a thorough search of the district when a squad of policemen arrived from headquarters.

The thieves were described by their victims as being extraordinarily large of physique. They wore dark clothes, and of them spoke with a decided dialect.

Every policeman in the city was placed on the alert for the thieves, but to a late hour no arrests had been made.
