AGITATORS TO BE STOPPED

Japan and Russla to Place Ban on Those Who Would Cause Trouble.

TOKIO, Sept. 14 .- (Via Victoria, Sept. 29.) - Japan and Russia have entered into another agreement, but as this con-cerns only themselves, it has not been given wide publicity. Its effect will be, however, to prevent agitation that has been going on in either country when some matter of importance or act of either Government has affected the peo-ple, who, unable to stir trouble in their own country, seek the shores of Japan own country, seek the shores of Japan or Russia, as the case may be, and there hold meetings and commence agitation. Under the agreement, both countries will prevent agitation by meetings or publication inimical to the interests of the other. Hence the activity of the police at Vladivostok recently. Corean agitators have been ruthlessly scattered by the Russian police and domiciliary by the Russian police and domiciliary searches and arrests have been so frement as to be only worthy of passing

notice.

The same policy will be followed throughout Japan, and it is quite likely that China will follow the same course. The Japanese Minister at Pekin has drawn the attention of the Chinese Government to the harmfulness of the unfollowing attention. ernment to the harmfulness of the un-friendly utterances of some of the Chi-nese papers in discussing Japan and specially the annexation of Corea. There is reason to believe that the protest has been received in a friendly spirit and that the Minister has received assurance that in future regulations which the Chinese know so well how to apply will be put in force.

luncheon with William L. Ward, went to the fair grounds to speak.

"We have had a middling busy time the last few days," the Colonel said, "and a particularly satisfying time. Every thoughtful man ought to do all in his power to help the man in the open country. I want to see the farm life so arranged that there shall be a better outlook for the farmer, and especially for the farmer's wife."

a better outlook for the farmer, and especially for the farmer's wife."

Colonel Rooseveit paid a high tribute to the mother who does her duty.

"You often hear of woman's rights," he said. "Every man should think of woman's rights all the time, and the woman should think of her duties.

"We can afford to differ in our political opinions, but we cannot condone corruption," said Colonel Rooseveit, in conclusion.

A. S. Bennett Says Nominee Lobbied for Corporations.

LETTER IS MADE PUBLIC

The Dalles Man in Ante-Primary Communication, States Aspirant to Governorship, Worked to Benefit the Railroads.

Charges from within his own party that Oswald West, Democratic nomin Governor, lobbled before the lest Legislature in the interest of corporations were brought to light yesterday in the form of a circular warning againm West, sent out by Alfred S. Bennett, Democratic leader and anti-corporation man, of The

The circular was sent out just before the primary election and urged against the selection of Mr. West because of his activities for corporations. Mr. Bennett not only made his charge direct, but went into details, alleging that the Democratic candidate worked against a bill for the regulation of livestock shipments on rail.

The circular, each copy of which bears Mr. Bennett's personal signature, urges that Jefferson Myers be given the Demo-eratic preference at the nominating election, setting up that Mr. Myers possessed the advantage of being honest and free from any corporation domination. It reads as follows:

"The Dallez, Or., Sept. 19.
"Dear Friend: I know that many
Democrats are in doubt as to who is the best and strongest candidate for Governo on the Democratic ticket.

on the Democratic ticket.

"Knowing both the candidates, Jefferson Myers and Oswald West, I carnestly recommend Mr. Myers as the strongest and best nominee for the position, and I hope that you may attend the primaries and give him your support as against Mr. West for the office.

"I have reason to believe that Mr. West is too close to the corporations and that he is not in sympathy with progressive Democratic ideas "He went before the committee in the

last Legislature and lobbied in the interest of the corporations against a very good bill for the regulation of livestock shipments on railroads, which was being asked for by myself and other livestock men, and for this and other reasons I do not believe him to be a proper man for Democratic candidate for the high office

"I think Mr. Myers, on the contrary, is thoroughly honest, and, if nominated and elected (as I believe is possible) that he would take great pride in making a good

would take great pride in making a good Governor.

"I sincerely hope, therefore, that you will not fall to be at the polls on Septem-ber 24 and give Mr. Myers the benefit of your support. With kind regards, I remain, very truly yours, (Signed) "ALFRED S. BENNETT."
