

### T. R., TIRED AFTER CONQUEST, IS HOME

#### Colonel Retires Early as He Expects Little Rest During Next Few Weeks.

### HE STARTS SOUTH IN WEEK

#### Ex-President Places His Services at Disposal of Republican State Committee in New York and Will Make Many Speeches.

OYSTER BAY, N. Y., Sept. 29.—Theodore Roosevelt returned early this evening from Saratoga, with the news of the Republican old guard of New York added to his big collection of trophies.

When he reached Troy, N. Y., early last Monday on his way to Saratoga, he told the crowd at the station that he had returned from Africa with a lot of trophies, and that he would have some from Saratoga he would have some more.

Colonel Roosevelt went to bed early tonight to get a good night's sleep, for he expects to have little rest until after election. He was tired and hoarse when he reached Saratoga Hill, but in fine spirits. He expressed himself as well pleased with the result of the convention, but had no other comment to make on anything related to politics.

#### Colonel Makes Speech.

The Colonel took a train from Saratoga at 8 o'clock this morning. Reaching Douglassville at noon, he attended a luncheon, drove two miles to the Dutchess County fair grounds, made a speech there and returned to the station in an hour and a half. His Douglassville speech contained no reference to politics except a repetition of his assertion that corruption must not be tolerated.

In reaching New York late in the afternoon he started at once for Oyster Bay by automobile. He had no visitors this evening, and said that he hoped to have a quiet time for the next two days, as there will be no let-up when once the campaign is fairly under way. He has placed his services at the disposal of the Republican State Committee and hopes to make at least one speech in every county in the state.

#### Trip South to Begin in Week.

In addition to the campaign at home, Colonel Roosevelt has a great deal to do elsewhere before election time. A week from today he is to start on his Southern trip, which will extend over a little more than a week. On this trip he will speak at Knoxville, Tenn., before the Appalachian Exposition; in Atlanta at the Uncle Remus day celebration and in Hot Springs, Ark. Then, turning north, he will speak at Peoria, Ill., before the Knights of Columbus, and will make a campaign speech in Indiana for Senator Beveridge.

#### Roosevelt Will Aid Lodge.

In the latter part of October the Colonel is to go to Massachusetts to help Senator Lodge by a campaign speech, and to New Hampshire to speak for Robert Bass, the Republican candidate for Governor. This trip probably will be made on October 21 and 22. Early in November he is to start for Iowa to make two speeches just before election. He also has promised to go to Ithaca, N. Y., for a day's tour of abandoned farms.

With these journeys to make in addition to the campaign speeches that will carry him all over his own state, Colonel Roosevelt says he expects to have a fairly busy time of it.

At his office in New York tomorrow the Colonel will hold some conferences to lay the first plans for the campaign.

### SHERMAN IS NOT DISPLEASED

#### Vice-President Declares He Will Support Ticket.

UTICA, N. Y., Sept. 29.—Vice-President Sherman, in speaking of the state convention, said:

"I am entirely content with the result. The platform is exceptionally clear and forceful, save only in reference to direct nomination.

"In that regard it needs explanation of its meaning, and explanations will differ. I preferred the minority plank, which was clear and unequivocal.

"The ticket named is most excellent. Of course the convention was absolutely dominated by one man and its every action was taken at his bidding. That, however, I regard as not basic. I accept the result completely and, of course, support the ticket nominated."

### AIRSHIP MAN IS SUED

#### Attorney Would Recover Fees Alleged Due for Services.

Edward P. Preble, a member of the Preble-Baker Airship Company, is again being sued. A. L. Miller is suing him in the Circuit Court for \$500 attorney's fees in the case of D. H. Mullen against Preble. Miller sues for the fees of E. M. Green, as well as his own. The Miller complaint was filed in the Circuit Court yesterday. Mullen's suit against Preble was filed at January no salary has been paid him. He alleges also that he advanced the company \$12,500 in 1909, which he demands repaid.

#### Manager Sues Employers.

B. R. Charles, former manager of the United Electric Light Company, filed suit against the company in the Circuit Court yesterday for the recovery of \$12,500. Charles says he went to work for the company at \$50 a month, but that since last January no salary has been paid him. He alleges also that he advanced the company \$12,500 in 1909, which he demands repaid.

#### Maxwell Accused of Wronging Girl.

Alex Maxwell is on trial before a jury in Judge Morrow's department of the Circuit Court on a charge of deceiving Beulah G. Richmond under promise of marriage.

Charles F. Murphy.

The guards threatened to cut down all who hesitated. The captives were driven into the cell at the point of the sword and the door was instantly shut and locked upon them.

Nothing in history or fiction, not even the story which Ugolino told in the sea of everlasting ice, after he had wringed his bloody lips on the scalp of his murderer, approaches the horrors which were recounted by the few survivors of that night. They cried for mercy. They strove to burst the door.

But the answer was that nothing could be done without the nabob's orders; that the nabob was asleep and that he would be angry if anyone awoke him.

Then the prisoners went mad with despair. They trampled each other down, fought for the pittance of water with which the cruel mercy of the murderers mocked their agonies, raved, prayed, blasphemed, implored the guards to fire among them. The agonies in the meantime held tight to the bars and shouted with laughter at the frantic struggles of their victims.

At length the tumult died away in low gasping and moaning. The day broke. The nabob had slept off his debauch and permitted the door to be opened. But it was some time before the soldiers could make a lane for the survivors by piling up on each side the heaps of corpses on which the burning climate had already begun to do its loathsome work.

When, at length, a passage was made 23 ghastly figures, such as their own mothers would not have known, staggered one by one out of the charnel house. A pit was instantly dug. The dead bodies, 123 in number, were flung into it promiscuously and covered up.

### OFFICIALS WILL CONFER

#### REPORT ON TILLAMOOK HARBOR TO BE RUSHED.

#### Major Morrow Will Go to Klamath Falls to View Work and Consult With Associates.

In order to hasten preparation of a report on the Tillamook Bay harbor improvements so that it can be placed in the hands of the Board of Engineers at Washington by the first part of December, Major Morrow, district engineer, will leave soon for Klamath Falls to confer with Colonel Biddis and Major Coats, the other members of the original committee designated by the War Department to make an inspection of the Tillamook and Hay City harbors.

On account of duties holding them on the Klamath irrigation project, Colonel Biddis and Major Coats were unable to accompany Major Morrow to Tillamook last week when the preliminary inspection was made. Under the circumstances, it remained for the one official to visit the harbor and then confer with the other members of the committee. When this conference held, a detailed report will be prepared. It is expected it will be several weeks before the matter can be put into shape, but it is understood that the report will be completed as soon as possible.

It was inferred from Major Morrow's visit to Tillamook last week that he was well impressed with the proposed project for the improvement of the harbor there. It is therefore believed that the committee's report to be made in December will be favorable and that an appropriation will be made within the next six months for the work.

Alton B. Parker.

that he cannot lose. His managers say tonight that he will enter the convention tomorrow with the delegates to elect him safely pledged. Edward M. Shepard said everything he had heard today tended to encourage him.

But the situation, in short, comes back to this: What will Murphy do? It was generally believed he would try his best to make good his promise of conciliating up-state sentiment, but that if he found it impossible, he would jam through his own preference.

#### Parker's Address Feature.

Except for the address of Alton B. Parker today, the opening session of the convention was purely routine. Mr. Parker read his address from manuscript in measured tones. He was greeted with scattered applause.

But the real enthusiasm came when he laid aside his set speech and launched with energy into a bitter attack on executive interference in legislative and judicial affairs and the ascendancy of Theodore Roosevelt in the late convention at Saratoga, which, he said, had been achieved by the aid of Federal officeholders in the face of insincere denunciation of machine rule and the bosses.

#### Committees Are Named.

At the conclusion of the speech, the committees on contested seats, permanent organization and resolutions were named, and adjournment was taken until tomorrow.

The committee on resolutions went into session late in the afternoon and deputized its deliberations on the platform to a sub-committee which included Seymour Van Sant, Cord of Seneca, Morgan J. O'Brien, New York, John B. Stauchfeld, Chemung, and Norman E. Mack, Erie.

Consideration of the direct primary plank began as soon as the sub-committee went into session.

#### Roosevelt Is Attacked.

At the close of his prepared address as temporary chairman, Judge Parker launched into a bitter attack on the methods by which Colonel Roosevelt and the "progressives" dominated the Republican convention at Saratoga.

"That convention," he said, "had passed from the hands of an old organization into the hands of a new one. It had passed by the assistance of Federal office holders, 236 of them contributing to that end. In violation of the constitution, the appeal was made to President Taft.

"Think of the disgrace of it! Free men not daring to vote according to their judgment and conscience, because if they did there stood the Federal Government saying, 'your political life is at stake, and it must not be forgotten that he who was responsible for this only a few years ago ostentatiously removed Federal office holders for daring to participate in a political fight.'"

#### Another Sally Made.

Referring to Colonel Roosevelt's speech pleading for direct nominations, Judge Parker continued:

"And yet the temporary chairman who made that speech listened without protest to a resolution taking away from the delegates a right which they had exercised for 50 years, namely, the power to name their own representatives in the committees. And this resolution was passed in the face of cries of 'rag rule.'"

#### SEE HOW QUICKLY POSLAM ACTS

Rare Power to Heal Affected Skin Explains Success of New Skin Remedy.

"No one is asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, by the Emergency Laboratories, 32 West Twenty-Fifth Street, New York City."

Even this free sample, when used to quickly clear the complexion or spread on the face, hands or limbs to cure pimples, rashes, eruptions or to cover a small eczema surface, will prove poslam's real and unusual merit. Its users have found that poslam not only fulfills but exceeds the claims made for it. Take any case of eczema, acne, itch, salt rheum, piles, scalp scales, etc., however stubborn, and poslam will stop any itching as soon as applied, healing the skin rapidly and readily.

"All other treatments for skin troubles on man or animals fade into nothingness compared with poslam," says Mr. M. T. Grattan, Preston, Minn.

Write direct to the Laboratories for poslam at 50 cents and the jars at \$2 may be purchased at all druggists, particularly the Owl Drug Co.

Roosevelt as an "usurper of the political control of the state."

#### Situation Is Reviewed.

In his prepared address, Chairman Parker said in part:

"Today there are political prophets in other lands who predict for us a speedy coming of the Dictator. There are in our beloved country advocates of the policy gradually to take from the people the home rule power of the states and confer them upon the Federal Government. Others, still more 'progressive,' would not await the action of the people, but would seize coveted powers whenever the passing whim or caprice of an executive shall suggest it. Indeed, a President of the United States has said in substance and effect that, if we fail to increase the Federal power through executive action, through legislative and through judicial construction and interpretation of law, we show our impotence. Nor is he alone in this advocacy.

#### Fortunes Wrung From People.

The bulk of the larger fortunes have been wrung from the people through the aid of direct legislation, aided by non-enforcement of law. That is through the tariff and the combinations to prevent competition for the purpose of securing from

the public every dollar which the tariff statute made possible.

The first tariff act was in 1789, and the average duties were 8 1/2 per cent. Now the average is 50 per cent.

The Republican party is responsible for this increase and for the thousands of millions of dollars that through it have been taken from the people to create the swollen fortunes that President Roosevelt denounces vigorously. Strange, is it not, that he did not suggest that the way to prevent their creation in the future was to reduce the tariff which made them possible?

As to retention of the tariff downward, the Republican National machine would have none of it. They stood faithfully by the trusts, the corporations and the individuals who were tariff beneficiaries and against the people.

They did it in obedience to the demand of a corrupt National Republican machine which has for years traded away the rights of the people in return for money used to strengthen the machine and buy votes in doubtful congressional districts and in close states.

#### Important High Court Cases Set.

SALZM, Or., Sept. 29.—(Special.)—J. C. Moreland, clerk of the Supreme Court, has set the following cases:

Thursday, October 6, Baker City Mutual Irrigation Company versus Baker City. Advanced on the docket. Tuesday, October 11, Dunigan versus Woods, from Marion County, at 10 A. M. and Zimmerman, Wells, Brown Company versus Sunset Lumber Company, from Lane County, at 2 P. M.

Wednesday, October 12, Smith versus Southern Pacific Company, from Douglas County, at 10 A. M. and Bayless versus Douglas County, at 2 P. M. Thursday, October 13, Callipolia Lumber Company versus Rice, from Lane County, at 10 A. M. and Crane Company versus Ellis at 2 P. M.

escaped a broken neck. His horse was frightened on the Base Line road by an automobile and upset the cart on the driver.

Mr. Wertz fell from the roof of his shop, which he was repairing, at Sandy, and sustained a broken bone in the right leg. Mr. Reed and Mr. Haley were injured by the rolling together of two of the large water pipes at the yards of the Shaw-Batcher Company. Reed had his left leg badly bruised and Haley was internally injured. The accident might have been much more serious if the two injured men and other workmen had not jumped before they were caught between the monster pipes weighing two and one-half tons each. Lee Merrill narrowly escaped having his head crushed.

#### Iron Pipe of Great Weight Falls, Crushing Workmen and Others.

REED, Ore., Sept. 29.—(Special.)—This week seems to be an unfortunate one for Gresham people, four men having been quite seriously injured within the past two days. They are: F. R. Howitt, J. M. Wertz, Charles Reed and W. Haley. Mr. Howitt is bruised and still and just
