"We are striving to reach out for the young people and be helpful to them," said Rev. Mr. Corby. "and hence have organized a boys' club, have a gymnalium and are striving to make this church a social center for all young people. We are seeking information from all sources as to the best way to make this church helpful.

"And yet we have been criticised in some of our work, I am pained to say, in this day of 1910, because we have striven to gather in here children not attending any church, and it has been even said that the First Universalist Church is a terrible place, and the minister of another church has advised parents of children not to per-

But, friends, our whole purpose is to build up a helpful, modern-working church for the good of humanity, and to be in entire harmony with all other churches. President Taft, who laid the cornerstone of this church in the presence of 20,000 people a year ago, then expressed the hope and prayer that this church would grow and prosper and be a power for good in this city and community, and that is what it stands for today."

All the services of the day were in keeping with the anniversary celebraices of thanksgiving.

The holiday period will come to an end on October 26, on which day and the one preceding it, the Snchaf Torni, which, translated, means "Resolving of the Bible," will be celebrated. The Hebrew Bible is divided into 52 sections, the custom being to read one section cach week. The reading of the last section will be concluded in that week, hence the celebration.
