ANGERED SETTLER

Wounded Daughter as She  
Is Taken to Train.

SHERIFF EXPLAINS ATTACK

Officer Says Members of Cameron  
Dam Guardian's Family Reach  
for Guns and His Men Fire.  
Next Move Uncertain.

WINTER, Wis., Oct. 3.—(Special.)—  
Nearly every abode in Winter  
and the surrounding country has been  
sworn in as a deputy by Sheriff Madden,  
of Sawyer County, fearing an attack  
from John Dietz, the sturdy guardian  
of Cameron dam, who has said that he  
will avenge the shooting of his three  
children by Sheriff Madden, and posse  
while they are on their way to this  
place from the Dietz homestead Satur-  
day.

Men with rifles are guarding the  
roads; the saloons have been closed by  
the Sheriff and martial law declared.  
The Sheriff, however, has lifted the em-  
bargo upon press dispatches which he  
established after the shooting Saturday,  
but he has stopped Dietz' mail and with  
his men is waiting, heavily armed, for  
the homesteader's attack.

**Girl Seriously Hurt.**  
Myra Dietz, the 21-year-old daughter  
of John Dietz and one of the three fired  
upon by the Sheriff's posse Saturday,  
is more seriously wounded than first re-  
ported. Her condition showed no change  
from last night.

Today she was carried on a cot to the  
barnage car of a train bound for the  
Chippewa Falls hospital, escorted by a  
score of deputies armed with rifles, who  
feared the girl's father would carry out  
his threat to take his wounded girl from  
them. However, Dietz did not appear.

No one knows here what Sheriff Mad-  
den will do next. He may storm the  
Dietz stronghold on the Thompsonville  
River or may start a waiting game and  
try to starve the man out.

John Leslie, a 29-year-old son of John  
Dietz, who escaped to his home with a  
bullet hole in the arm, after the Sheriff's  
attack on the Dietz farm wagon; Helen,  
aged 14 years; Johnnie, aged 7 years, and  
Mrs. Dietz are still in charge of the lit-  
tle home on Cameron dam and cannot  
be taken by storming without a heavy  
loss of life.

Roy Van Alstyne, a homesteader who  
was a member of the Sheriff's posse  
Saturday, today moved his family into  
Winter, fearing an attack from Dietz.  
Sheriff Madden today issued a state-  
ment concerning the shooting of the  
Dietz children. He said that after con-  
sulting with District Attorney Davis, he  
decided not to hire outside help but  
capture Dietz and Sawyer County men.  
He secured Roy Van Alstyne, a neighbor  
of Dietz, and Fred Thornburne, a  
merchant of Raddison. He said:

**Accomplices Good Shots.**  
"My two accomplices had the reputa-  
tion of being the best shots in Sawyer  
County."

After detailing the manner of holding  
up the wagon in which the Dietz chil-  
dren were driving to town, Sheriff Mad-  
den said:

"We demanded that they throw up  
their hands in the name of the law. They  
reached for their guns and we fired.  
We did not try to kill the Dietz  
children."

Sheriff Madden then told of taking his  
prisoners to Winter, where he provided  
medical attention for the injured and  
said:

**Saloons Are Closed.**  
"Upon my arrival at Winter, I found  
the place wild with excitement. I or-  
dered all the saloons closed until Mon-  
day morning and swore in 12 deputies  
with orders to watch every entrance to  
the town lest John Dietz might sneak in  
to make up for the capture of his chil-  
dren."

He also gave orders forbidding any  
newspaper reporters to see Dietz and  
stopped his mail."

The trouble which involves the Dietz  
family and the officers of the law be-  
gan several years ago over a dispute  
between Dietz and a logging company  
concerning some logs. In the courts the  
logging company secured a victory but  
officers have never been able to dislodge  
Dietz and his family, although they have  
tried with force of arms repeatedly, with  
injuries to both sides.

**PURSE SAVED FROM OCEAN**  
Girl Slips on Deck and Her Valu-  
ables Go Overboard.

NEW ORLEANS, La., Oct. 3.—(Special.)—  
There was considerable excitement  
aboard the Southern Steamship Com-  
pany's ship Monus this morning, shortly  
after 8 o'clock, when the cry "overboard"  
was heard by the passengers at their  
morning meal. It was not a man over-  
board, but instead the purse of Miss Lois  
Nutting, daughter of L. H. Nutting, gen-  
eral passenger agent of the Southern  
Pacific Company, of New York, en route  
to California. Miss Nutting dropped the  
purse overboard when she slipped upon  
the lower deck of the ship.

First Officer Woods ordered a lifeboat  
launched off the port side of the vessel  
and, despite the protest of Miss Nutting,  
eight of the most capable crewmen pulled  
away from the vessel. After a short  
search the purse was recovered and re-  
turned to Miss Nutting, who was over-  
joyed to recover her money and jewels.  
The mate and his crew were heartily  
cheered.

**ROAD QUESTIONS RIGHT**  
Taxes for Line Across Vancouver  
Reservation Involved in Suit.

VANCOUVER BARRACKS, Wash.,  
Oct. 3.—(Special.)—To determine whether

NEW YORK BEAUTY WHO IS REPORTED ENGAGED TO  
ALFRED G. VANDERBILT.

MRS. SMITH HOLLINS MCKIM.

The City of Vancouver can legally collect  
taxes for right of way, track and equip-  
ment over this military reservation, the  
Spokane, Portland & Seattle Railroad  
Company has filed suit in the Superior  
Court in Vancouver.

In the complaint the company alleges  
that it has paid to Clark County \$23,540  
taxes of the 1909 levy, but that \$172.86,  
which was charged by the county for the  
city tax, was not paid, but that the  
county now demands that sum. The  
company does not object to paying any  
of the \$23,540 taxes, but does object to pay-  
ing \$172.86, alleged by Clark County to be  
due on the right of way 100 feet wide and  
2487 feet long through Vancouver Bar-  
racks.

The company asks that the original  
sum tendered, \$23,540, be declared the sum  
total of the taxes the company owes,  
and asks that the alleged debt of \$172.86  
be canceled.

The company denies that a state or  
county can collect taxes for railroad  
property over a Government military reser-  
vation.

Santa Fe Railroad Makes Report  
Saying Unsettled Conditions Re-

CHICAGO, Oct. 3.—"Unsettled economic  
conditions" chiefly in regard to the pend-  
ing ruling of the Interstate Commerce  
Commission on the petition of Western  
railroads for an increase of freight  
rates, will make it necessary for the  
directors of the Santa Fe to "proceed  
with caution" for the remainder of the  
year, according to the 15th annual re-  
port of that road.

Mr. Ripley, the president, precedes  
this statement however, with the as-  
surance that the property is in excel-  
lent condition physically, and has made  
ample provision for its present finan-  
cial needs.

The income statement shows that  
while the total income increased \$12,  
119,153 since the previous report, net  
income was only \$7794 greater.

The total operating income is given  
for the year as \$104,822,124.67, the  
total income from all sources as \$107,  
542,256.16 and the total operating ex-  
penses \$75,132,214.67. Fixed charges  
amounting to \$1,984,121.31 added to  
the operating expenses bringing the  
net income down to \$20,425,784.24.

OUT OF JAIL; AUTHOR HERO

Writer Who Libeled President Diaz  
Is Dined by Friends.

NEW YORK, Oct. 3.—After serving  
eight months of his one-year sentence,  
Carlo de Ferrario, convicted of libeling  
the President of Mexico in a book en-  
titled, "Diaz, the Car of Mexico," was  
released from the penitentiary at Black-  
well's island today.

Ferrario's return to his associates  
was that of a hero. He was first  
taken to the National Art Club, was the  
guest of honor at a luncheon given by  
the Vauxhall Club, and tonight a  
dinner was given in his honor by a  
sample provision artist. Tomorrow night he  
will be given another dinner by  
friends.

In an address at the luncheon, Fer-  
rario said he had written the book with  
his eyes open and had expected to go  
to jail for a couple of weeks. He was  
surprised, however, to get a sentence  
of a year. The book caused such a  
stir when it came out that Rafael Es-  
pindola was sent here from Mexico by  
the government to bring suit against  
the author. Through him, the conviction  
was obtained.

**Bain's Death Accident, Jury Finds.**  
ASTORIA, Or., Oct. 3.—(Special.)—A  
Coroner's inquest to inquire into the  
circumstances surrounding the death  
of the late N. D. Bain, was held this  
afternoon. The jury found that Bain  
came to his death from a gunshot  
wound, the gun being in the hands of  
C. V. Loughery, and was accidentally  
discharged. An order was made in the  
Probate Court this morning appointing  
Frank Patton as administrator of the  
estate of N. D. Bain, deceased. The  
value of the estate is estimated at  
\$11,900.

BROWNE IS CALLED  
IN LORIMER CASE

Illinois Democratic Leader May  
Testify Today in Bribery  
Scandal.

BRODERICK PLAYS SAFELY

State Senator Refuses to Testify Be-  
cause to Answer Certain Ques-  
tions Would Be Prejudicial to  
Indicted Man's Case.

CHICAGO, Oct. 3.—State Senator Brod-  
erick, accused by Senator D. W. Holst-  
law, of paying him \$2500 which  
he (Holstlaw) supposed was for his  
vote for Senator Lorimer, was called  
as a witness today before the Lorimer  
investigating committee.

He did not testify, because his coun-  
sel, Thomas Dawson, asked that exami-  
nation be confined to the main ques-  
tion of his client's having promised or  
paid a bribe to Holstlaw or any other  
persons, and that he be not questioned  
specifically concerning the time and  
place of the alleged payment of the  
money to Holstlaw.

The committee announced it could  
not entertain the propriety of exami-  
ning the witness with cross-examination  
suspended.

Attorney Dawson declared that to al-  
low Broderick, who is under indictment  
in Sangamon County for the alleged  
payment of bribe money to Holstlaw,  
to be specifically questioned would be  
prejudicial to Broderick's case.

Broderick's counsel, however, witnesses  
were called by the defense to disprove  
statements made by Representative  
Charles A. White, the first witness to  
testify against Senator Lorimer.

It is expected that Democratic leader  
Lee O'Neill Browne will appear tomor-  
row and the ruling to be announced on  
the Broderick request probably will be  
extended to his case, should he make a  
similar petition to limit the scope of his  
examination.

William H. Russell, vice-president of  
the International Association of Machi-  
nists, and for years a labor lobbyist  
at Springfield, testified that he had  
heard nothing substantial  
rumors there was bribery in the  
Legislature at the time Senator Lorimer  
was elected, and that he had never  
known of any graft at Springfield in  
the seven years he had attended the  
sessions of the Legislature.

Representative Joseph S. Clark, who  
was the first witness recalled for ex-  
amination today, was asked to recom-  
pile his statement before the grand jury  
that he had made up his mind to vote  
for Mr. Lorimer some days prior to the  
election, and his testimony before the  
committee that he had determined to  
cast his vote that way only 30 minutes  
before his name was called.

"I had thought I would cast my vote  
for Lorimer some days before the bal-  
lot was cast, but came to an absolute  
conclusion about half an hour before I  
was called upon to vote," replied the  
witness.

Narrowly Escapes Death When

BOISE, Idaho, Oct. 3.—(Special.)—Hit  
by his big six-passenger Thomas auto-  
mobile and hurled 50 feet down a steep  
precipice and escaping with but a few  
cuts and bruises, although knocked  
unconscious, was Governor James H. Brady  
on the arrival of the late executive, whose  
condition is worrying his physician.

The Governor was making a rapid  
campaign tour from Roseberry to Placer-  
ville. When directly over the precipice  
the wheels of the machine skidded in the  
100-foot slide and started to slide over the  
edge. Mr. Brady jumped in the  
springing space before him, the car's hood  
striking and knocking him away from  
the direct path of the heavy machine  
which went crashing after him and  
rolled a ruined mass to the bottom. The  
driver escaped injury by jumping to the  
opposite side.

After Governor Brady regained con-  
sciousness, the chauffeur broke down and  
cried like a child.

"There was nothing but space to jump  
into, but I took the chance," is the way  
Governor Brady comments on the acci-  
dent. The machine was valued at \$6000  
and was not insured.

cial.)—Carl Quarberg, deputy auditor,  
and Ray Norellus returned tonight from  
a trip to Mount St. Helens, which they  
scaled from the south side September  
27. These men are the only ones this  
year to perform this feat. The trip  
was exceptionally difficult and danger-  
ous, as the snow was broken badly  
and rocks in the snow above them  
would constantly become loose and  
whirl past them at terrific speed.  
Several times they were almost struck  
by small boulders.

The climbers discovered a cave in  
the lava flow, seven miles from the  
summit, which they believe was never  
before entered by man. They explored  
the cavern slightly, with the aid of  
a small electric battery lamp, and  
found that the cave divided into two  
large rooms, which were covered with  
sulfur.

There was evidence that bear and  
other wild animals inhabited the cave.

BEE CULTURE PROFITS

APIARISTS FIND RICH FIELD ON  
HERMISTON PROJECT.

Alfalfa and Sagebrush Bloom Are  
Declared to Furnish Excel-  
lent Kind of Forage.

HERMISTON, Or., Oct. 3.—(Special.)  
—One of the best-paying industries in  
the Northwest is rapidly coming to the  
front at Hermiston. This is bee-keeping  
on a large scale. In order to make  
honey of a good quality these little work-  
ers must have plenty of flowers on which  
to work. They are well supplied on the  
Thunilla Government irrigation project,  
by the many acres of alfalfa. The bloom  
of this plant is pronounced by experts  
to be one of the best known. Sage-  
brush bloom also makes an excellent  
quality of honey, but this plant is rapidly  
disappearing as the project settles  
up, being cleared off to make room for  
the more profitable alfalfa.

One of the main points in this in-  
dustry is that the bees need but little  
care as compared with any other line  
giving equal returns.

E. E. and J. M. Thom are the pioneer  
apiarists of this section. They have  
something over 60 stands and will this  
year have between five and six tons of  
honey to dispose of. The number of  
stands is being increased each year and  
they have no trouble in finding a market  
at a good price.

C. H. Grandall is another who has had  
a great deal of experience along this  
line. He has 28 stands.

George A. Cressy is a Wisconsin man  
who came to this project this Spring,  
bringing his bees with him. He has fol-  
lowed this business for years in the  
East and is thoroughly posted. He had  
been expected to get a great deal of  
honey this season on account of moving  
the bees. A few days ago he said he  
had 3000 pounds. This result has en-  
couraged him, so he will increase the  
number of stands as fast as possible. He  
now has 40. Speaking of the quantity  
per stand produced here, Mr. Cressy said  
he could ship from here to the same  
Eastern markets he formerly had and  
make more money per stand than he  
could when but a few miles from the  
market.

The encouraging reports made by those  
already in the business, is causing others  
to seriously consider taking up this  
line.

The increased production here is ex-  
plained by the long season. Three  
crops of alfalfa are secured every year  
and some seasons four, this being one of  
the four-crop years. The amount of  
alfalfa is being increased materially each  
year, so there will be no limit to the  
possibilities in the honey business.
