

INDICTED MEN TO BE PUT ON STAND

Lorimer Investigation Will Require Testimony of Broderick and Browne.

WHITE'S STORY ASSAILED

Woman Says Legislator Told of Having Plan to Blackmail Senator. Democrat Says He Was Not Even Approached.

CHICAGO, Oct. 5.—Lee O'Neil Brown, Democratic leader of the Illinois Legislature, who was under indictment in connection with the election of William Lorimer to the Senate, will be called to testify before the Lorimer Congressional investigating committee.

The same ruling was made in regard to the case of State Senator Broderick, now under indictment on the charge of having bribed State Senator Holaday to vote for Senator Lorimer, and applies also to Representative Robert F. Wilson, against whom bribery charges are pending.

Representative Donahue, a Democrat from Bloomington, testified this afternoon that he did not vote for Senator Lorimer and that he sought to prevent the election, because he believed that if the session had adjourned without electing a Senator, a Democrat could have been elected at the next session.

Bribe Not Offered.

"I was asked to vote for Mr. Lorimer," said Donahue, "but I refused. No offer of money or any other thing was made to me and no intimation was ever given to me that I could profit by so voting."

Attorney Hancery summoned Miss Katherine A. Woods of East St. Louis, to rebut the testimony of Representative White. Miss Woods declared that in the Fall of 1898 White took her to dinner and declared that he was writing a history of his life and the occurrence in the Legislature and expected to make a fortune out of it, and that Lorimer and his friends would have to pay him enough to keep him for life or he would make it hot for them.

The witness said that White told her he was going to run for Congress, that he had spent \$500 on his history, that he did not fear the results, for he had influential friends.

Woman's Testimony Contradicts.

Her testimony was in direct contradiction to what White said on the stand. William H. Sturmer, assistant manager of the Briggs Hotel, Chicago, testified concerning threats he said White had made to declare falsely that he had been bribed to vote for Senator Lorimer to compel Senator Lorimer and his friends to enrich him.

Representative Terrell, of Colchester (Republican) and Representative Shaw (Democrat) were among the day's witnesses. Terrell caused a stir on cross-examination when, in answer to a question intimating that he had sought a bribe, he declared: "My vote was not for sale. If it had been I could have got the money from Lorimer himself."

This was stricken from the record. Representative Groves was recalled and repeated his statement that Terrell and Shaw had told him they could have obtained \$1000 each by voting for Lorimer.

Suspect's Widow on Stand.

A frail-looking little woman in black, the widow of the late Deputy Democratic Representative from Nashville, Ill., testified. Her husband, who died February 21 last, is one of the Representatives who is said to have met Representative Wilson at St. Louis when a Legislative "jackpot" is alleged to have been distributed.

Attorney Hancery, of the prosecution, asked her if her husband had received a telegram from Representative Wilson, summoning him to St. Louis. She answered in the affirmative. "Did he have a large amount of money on his return?" "No, sir."

WOMAN HAS MAN'S SUIT

Finding of Glove in Room Leads to Arrest for Theft.

WALLA WALLA, Wash., Oct. 5.—(Special.)—Mrs. Nettie Reynolds, of Connel, Wash., was arrested here today by the Sheriff on the charge of having stolen a man's clothes, including even his shoes.

The clothes were missed at Pasco, and according to information from that place the woman was arrested just as she stepped from the train this morning. With her she had a pillow case, which she asked to leave at the station. This request was denied, and upon reaching the County Jail, she was found to have a man's suit of clothes and a pair of shoes therein.

She insisted that while packing her goods at Pasco an unknown man had asked her to bring the clothes here, saying he would meet her here and get them. The Pasco authorities say the clothing was stolen from a lodging house, where the woman was staying. Finding of her glove in the room led to her arrest. There was \$6.00 in the pockets of the suit.

WORLD-FAMOUS SUFFRAGETTE NOW AROUSING ANEW IRISH AGITATION FOR "VOTES FOR WOMEN."

IRELAND WAKES UP

Crowds Greet Famous Suffragette on Tour.

CAMPAIGN IS POLITICAL

Mrs. Emmeline Pankhurst, of England, Welcomed to Emerald Isle, Gives New Lease of Life to Irish Suffrage Agitation.

DUNDALK GIVES WELCOME

Dundalk welcomed Mrs. Pankhurst today and tomorrow, the people of Belfast will listen to her recital of how suffrage will help the sweated women of that city, and on Friday, she will officially wind up her tour at the ancient City of Derry.

It is more than likely that before she returns to England, she will also visit Portrush, the fashionable Irish seaside place near the "Causeway" here. Here Lady Sybil Smith, Miss Eva Macnaughten and her brother, the Hon. Malcolm Macnaughten of the famous Clan Macnaughten, assisted by Mrs. Cousins, Mrs. Bac, the local suffrage organizer, and by H. T. Barrie, the Nationalist M. P. for the district, have been active around Dundalk and frequent outdoor meetings have been held at Phoenix Park and down at Kingstown by the shore.

The campaign has been hotly waged all over Donegal, and other northern counties, especially in the county districts.

It is expected that Mrs. Pankhurst's visit will give a new lease of life to the suffrage agitation in Ireland. Still here there has been nothing stirring about the Summer activities of the Irish suffragettes. The Irish Women's Franchise League has been particularly active around Dublin and frequent outdoor meetings have been held at Phoenix Park and down at Kingstown by the shore.

ST. LOUIS BANKER GETS HIGH HONOR

American Financiers to Name Executive Council Chairman Friday.

WOULD-BE HOSTS FIGHTING

San Antonio, New Orleans, Atlantic City and Richmond Still Vying for Right to Entertain—Decision Expected in May.

LOS ANGELES, Cal., Oct. 5.—Charles H. Hutting, president of the Third National Bank of St. Louis, will be the next chairman of the executive council of the American Bankers' Association. This was made a practical certainty today by the withdrawal of William George, of Aurora, Ill., whose friends had urged him to be a candidate for the office.

The election of chairman of the executive council does not come up until Friday, but with the withdrawal of Mr. George, it is conceded by all of the delegates that Mr. Hutting will be the unanimous choice of the convention for the high office.

F. O. Watts, president of the First National Bank of Nashville, Tenn., and at present vice-president of the convention, is scheduled to succeed to the presidency, according to the progressive rule of the convention.

Cities Still Vie for Honor.

The question of selecting the city for the 1911 convention continues to be a subject of great interest. San Antonio, New Orleans, Atlantic City and Richmond, Va., are aspirants for the honor of entertaining the bankers next year and a hard fight is between these cities. The matter will be taken up by the convention Friday, but it is possible that no decision will be rendered by the executive council until May.

Interest in the doings of the visiting bankers centered today in the business session of the trust company section of the association and the annual meeting of the secretaries of the State Bankers' Association in the Auditorium.

Oliver C. Fuller, of Milwaukee, who presided at the meeting of the late company section in the absence of President H. P. McIntosh, was elected president of the section for the year. Members of the executive committee of the section were chosen as follows: J. C. Drake, Los Angeles; W. C. Pollock, New York; Roland L. Taylor, Philadelphia; Isaac H. Orr, St. Louis; E. E. Boy, Boston.

Officers Succeed Selves.

In the meeting of the secretaries of state associations, the president, W. F. Besant of Sedalia, Mo., was chosen to succeed himself and Secretary Fred E. Farnsworth was also re-elected to the position he now holds as secretary of the state association.

The meeting of the trust company section was attended with more than usual interest.

"Should the Ownership of Shares in Banks Continue to Be Represented by Certificates Commercially Negotiable?" was a subject of a paper by Stuyvesant Fish, of New York, which was read by Colonel F. H. Price of New York, in the absence of Mr. Fish.

Other addresses were made by William C. Pollock, of New York; William B. Besant, of Sedalia, Mo.; Edgar Stark, Cincinnati; Isaac H. Orr, St. Louis; F. J. Parsons, New York; Dimmer Beeber, Philadelphia; Edward O. Stanley, New York, and others.

SUICIDE'S BODY IS FOUND

Stench Leads to Investigation and Discovery—Man Shoots Self.

Attracted by an obnoxious stench, Paul Henry, of 24 Paragon street, and George Davis, of 147 Milburn avenue, set out to discover its source, and at 4 o'clock last evening stumbled upon the decomposed body of a man in the underbrush, a block distant from Arbor Lodge Station, on the St. Johns carline. Deputy Coroner Dunning was notified and removed the remains to the morgue.

It was evidently a plain case of suicide. Lying beside the body a 38-caliber revolver, loaded and with but one bullet discharged, was found. The bullet was fired into the right temple. The dead man was about 30 years old and a Greek. A card found on the body bears the name of Alex. Nirky.

JAMES' LETTER MYSTERY

Mediums of Country Unable to Decipher Psychologist's Message.

NEW YORK, Oct. 5.—Fifty spiritualistic mediums have thus far presented themselves to the Metropolitan Psychological Society as candidates for a \$1000 prize recently offered to anyone who would obtain from the spirit of the late Professor William James, the Harvard psychologist, a statement of the contents of a letter which he wrote shortly before his death to the secretary of the society. A statement from the secretary says:

"Every one of the 50 who have attempted to tell the contents of the letter has failed in every particular. Most of them begin with: 'Dear Sir: Since I have been in the spirit plane, and the expressions used are similar to those of the Fox sisters. None of the letters has the slightest trace of any expression used by Professor James in his letter. There are references to various relatives of the professor, mostly inaccurate.'"
