Exporters and Coast Buyers Take Hold of Wheat.

SHIPPING GRADES ACTIVE

No Local Demand for Bluestem Oats Are Not Being Offered. Barley Is Dull and

Buying on a rather heavy scale has been taking place in the wheat market in the past two days though the buyers were not quite, so keen for wheat yesterday as on Thursday. A good part of the operations was said to be for export account, with some purchases of milling wheat for shipment to California. Club wheat has held a range of \$4 in \$3 cents with \$4% cents the limit with most buyers pesterday and \$6 cents was offered for 40-fold. There was no form! demand for bluestem and \$8 cents was duoted as the full price here. On the found 90 cents was hid for bluestem and it was understood some of the San Francisco buyers were willing to pay this price. Onto and barley ware quiet. While \$27.50 was all the buyers would offer for oats, there were no sellers under \$28 and no pressure to sell even at that figure. Barley was quoted weak at \$21.50 gt22.

Weekly foreign wheat shipments, as reported by the Merchants Exchange, were: Argentina 770,000 745,000 290,000 Australia 480,000 1,000,000 250,000 India 1,200,000 1,200,000 400,000 India 1,200,000 1,200,000 400,000 India Receipts in cars, were responted by the Merchants Exchange as follows:

Hop selling yesterday was on as liberal a smaller as an the two preceding days. The cemand continued equally brisk and prices

demand continued equally brisk and prices held their own.

Particulars are still tacking regarding many of the recent transaction. While there is no doubt a heavy volume of business has been stone, it is probable the total is considerably under some of the estimates. Very few of the large choice crops of the state have yet been put on the market.

Purchases by McNeff Brees, resterday included 73 bules from Davidson, of Mt. Angel, 37 bules from Jucobson, of Mt. Angel, 37 bules from Garrett, of Aurora and the two Hasty iere of 46 and 54 bules at Mt. Angel. White & Som. of Mt. Angel, soid 256 bules.

Hasts into of 40 am of man of 200 bales white & Tion, of Mt. Angel, sold 250 bales to a Sulem desier at a price between 10 and 11 cents. O. N. Becker, of the same place, sold 170 bales at 10 and 10% cents. The Jaky Miller int of 117 bales, at Woodburn, was sold to Whitman, at 10 cents. There was no report of any purchases by lachmond it is known, however, that he mid 12% cents as lats as Thursday.

POULTRY RECEIPTS ARE LIBERAL. But the Demand is Sufficient to Take Care of All of Them.

There were liberal receipts of poultry again yesterday and as the demand was good prices hold steady throughout the list.

Drougad meats, especially veal, were also plediful. Small sizes sold readily, but large veal was hard to move. The eag market was firm at the old prices. Very light receipts from the countries. r were reported. There was no change in the butter alt-

GENERAL TRADE BETTER THAN STATISTICS INDICATE.

Goods Business Shows a Sounder Undertone.

Indicate. The tone of financial markets is firmer.

The iron and steel trade seems brighter in spite of the unsatisfactory domaind for pig iron. There is, however, a large consumption of wire and a better domaind for structural products, and this is a good sign. The dry goods trade improves, although curtailment of cutton production is still practiced. Woolen and worsted goods are in better domaind.

The copper trade seems to be in an encouraging position, the demand indicating a tremendous world consumption.

Orders for footwear increased slightly from week to week, but business is far from normal. Sole leather is in good demand, sales of light work, cowhide union soles being made at I cent advance. All kinds of upper leather for shoes are neglected. Belt-leather countinues firm and in good demand and there is still a good call for harness leather.

Local Prices Again Swing Upwards.

SALE OF LOAD AT \$10.15

Cattle Are Strong, but High Figures of Preceding Day Are Not Repeated-Sheep Sales Are Small.

The fluctuating tendency of the local hog market was shown yesterday by the sale of a load at \$10.15, an advance of 15 cents over the best price of the preceding day. In the first part of the week the market dropped 20 cents under the pressure of heavy receipts of Washington and Nebraska stock, making altogether a loss of 75 cents in about a week. The tendency of prices now seems reversed. All the sales yesterday, however, were not at the high figure, prices paid on were not at the high figure, prices paid on other lots ranging from \$9.50 to \$10.10. There were no new limits set in the cat-tie market nor were the figures of the prev-ious day touched in the sales reported, but

Number of Failures Less Than for Two Years Past.

NEW YORK Oct. T.—Bradstreets temorrow will say:
Improvement in general demand is the notable feature this week. Fre marking of crops and good crop repets have helped sentiment, but political uncertainties have caused less demand.

In one line, however, that of cotten, an absence of any apparent weight of stocks and higher prices caused by crop deterioration in September have made buyers more causer for some lines of fabrics. Higher grade fabrics note chief strength, Collections, as a whole, are fair to good.

edge of Producers' Report--Funds

NEW YORK, Oct. 7.—Speculation lapsed into apathy today and prices whrated within a narrowing range. There was an appearance of strength at times, but the effort to advance of strength at times, but the effort to advance of strength at times, but the effort to advance of strength at times, but the effort to advance the prominent apsendative stocks mut within the same kind of obstacle in the form of free setting as earlier in the week.

The atrength of the cooper industrials was based evidently on advance knowledge of the character of the monthly report of the Copier producers Association. As soon as that was published the advance in the coopers also came to a halt and the whole market fell into stagnation. A reduction of 20,000,000 pounds in the stocks of copper on hand made an imposing showing on the face, but some disappointment was fell over the manner in which that result had been achieved, as shown by the details of the report. Deliveries into domestic consumption, in fact, showed a moderate failing off from the August total, the increase in total eliveries being wholly due to an expansion of upwards of 13,000,000 in the monthly exports.

Preliminary reports of the week's currency movement indicated an outflow of nearly to less than \$1,000,000, but shipments to the increase of lack week.

The sub-type of the week was reduced to less than \$1,000,000, but shipments to the increase of lack week.

Bonds were steady, Total sales, par value, \$1,000,000 unlitted bonds were unchanged on call.

EFFECT ON CHICAGO TRADE

Buying Is Heavy and Prices Close at a Higher Range-Other News Bearish.

CHICAGO, Oct. 7.—The buying temper in the wheat pit was pronounced in the full knowledge, too. that there had only been an advance of like in a week at Buenos Ayres. As effort has been made to show by the comparison of prices that the drouth was proving more of a sensation at a distance than near at hand. The effect, though, was more than offset by cablegrams to firms here asserting that damage hat been done and implying that more would result if the absence of rain continued. On the other hand, general news was all bearish. Stocks in this country piled up rapidly and word shipments were expected to be virtually 2,000,000 bushels heavier than a year ago.
