GIRLS BRAVE WOODS

3 Runaways From Aid Society Walk 60 Miles.

TRIP TAKES FOUR DAYS

Fording Bull Run, Sleeping in Water Pipe, "Bumming" Food and Finally Stumbling Into Cabin of Captor Part of Experiences.

Drenched to the skin as the result of having forded Bull Run near its headwaters, Ethel Still, Rosalie West and Tilly Hugel, the three girls who on Tuesday evening took Dutch leave of the Boys' and Girls Aid Society home, East Twenty-ninth and East Irving streets, Saturday night stumbled into the cabin of R. F. Shelby in the woods somewhat over a mile from Marmot. Mr. Shelby, who is a chief forest ranger, was on the lookout for their appearance and telephoned Superintendent Gardner, of the home, who brought the girls back to Portland yesterday. Five days of "roughing it" is all the girls will ever care for, according to their own statements. They started out with no definite end in view except that they wanted to reach Eastern Oregon. Tuesday night they slept at the home of a dairyman on the Sandy road, making up a fictitious story to account for their presence there without hats and shoes. Wednesday night they passed with persons named Rex near Greenham, again drawing on their imaginations to invent plausible excuses. Thursday night they slept in a water pipe, one of those along the Bull Run pipeline. Friday night was passed in a woodchopper's cabin. The story they used most in "bumming" food was that they had become temporarily lost from a party fishing in the neighborhood, but "guessed they would find them again."

Arbitrary Measure, Breeding Cant and Deceit, Cannot Be Enforced, Declares Author of Model License System.

Helena, Mont., Oct. 9.—H. W. Seymour and Chris McKinnel, two old sinners who have been working in drift placer diggings in Grizzly Gulch, a few miles from Helena, were caught in a cave-in and both killed. Apparently the accident occurred last Friday, although the two men were not missed until today, when searchers went to the diggings and noticed the cave-in. A large crowd was immediately assembled and within a short time the bodies of the two men were brought to the surface. Northwestern People in New York. words, to attain power, they will walk in blood knee-deep if necessary. "For this reason the business men of America have taken hold of this problem and propose to solve it. In fact, they are solving it and have done so in many states. Maine is solving it, so is Alabama, Louisiana and Ohio. "I desire to call your attention to section 4 of the proposed prohibition law. That section gives to every Constable, Sheriff or deputy, appointed through the influence of the Anti-Saloon League, the right, merely on suspicion, to enter the privacy of your home at any hour of the day or night and search the premises for liquor. You can well appreciate the infamy of such a law. It is un-American, despotic and smacks more of Russian tyranny than what we have been taught in this glorious land of liberty. Such a measure is iniquitous and means mischief, blood and revolution. "It breeds cant, hypocrisy, deceit, liars, sneaks and perjurers. It brings government and law into contempt, for the reason that, being an arbitrary measure, with all the offensiveness of the roughest despotism, it cannot and never will be enforced, as it lacks the backing of sound, healthy public sentiment."
