

MASKED MEN WITH RIFLES ROB BANK

Manager and Assistant Locked in Vault While People Watch From Distance.

REGION THICKLY SETTLED

Suburb of Vancouver, B. C., Is Scene of Daring Holdup, Perpetrators of Which Police Have Little Hope of Finding.

VANCOUVER, B. C., Oct. 9.—Police-men have been scouring the east end of the city all day in hope of finding some clue to the perpetrators of a bold holdup of a branch of the Royal Bank late last night, but without success.

The bank is situated on Park Drive, in Grandview, an East End suburb. Assistant Manager Huggitt was just closing the front doors at 10 o'clock when he was confronted by two masked men armed with rifles. Huggitt and R. Jardine, manager of the bank, were forced to march into the vault, the door of which the robbers closed.

The robbers ransacked the various cash drawers, taking \$1500. Then they opened the vault doors and, having freed the officials, sauntered out and into the street and disappeared.

Many persons watched the robbery from a safe distance, but none attempted to stop the armed men when they left the building and disappeared in an alley. The neighborhood is thickly settled and there appears to be little chance of catching the robbers.

JUDGES DISREGARD LAW

Ballots Not Indicating Second Choice Counted in Washington.

OLYMPIA, Wash., Oct. 9.—The official state canvass shows that election officers generally disregarded the law requiring the ballot to be rejected unless the first and second choice are indicated. In the First Congressional District the returns show \$9,477 for first choice and an even 40,000 for second choice. Humphrey was renominated with 17,335 first choice votes, being 1945 more than the 40 per cent required. On the East Side the first choice for Republican Congressman aggregated 27,091, of which La Follette received 280 more than the necessary 40 per cent; the second choice aggregated but 25,508, showing that 165 first choice votes had been illegally counted.

LAKEVIEW PEOPLE BUILD

Homes Are Modern, but Heating Plants Are Expensive.

LAKEVIEW, Or., Oct. 9.—(Special.)—Some substantial homes are being built in Lakeview this fall. Heating plants are very costly here, owing to the transportation charges from the railroad at Alburns, Ore., and as a result are not being installed to any great extent. This, however, will be remedied with the advent of a railroad.

The new residence being built by W. K. Heryford, of the Heryford Land & Cattle Company, is rapidly nearing completion, and when finished will be one of the finest in South Central Oregon.

LAKEVIEW, Or., Oct. 9.—(Special.)—The first automobile mail service in this county, which was started July 1 by S. B. Chandler between this town and Paisley, about 45 miles, has been discontinued on account of the excessive cost of running the automobile needed.

The mails will hereafter be conveyed by the old reliable stage.

AVIATOR STARTS FLIGHT

(Continued From First Page.)

as taking him over the most open country. Ely made a good start. The stiff breeze from the northeast at his back as he left Hawthorne Park, increased his speed to about 75 miles an hour. He went up at 4:10 o'clock, circled the racecourse once and started on his long flight at 4:11. In four and one-half minutes he had disappeared over the southern horizon. Twelve minutes later he had landed. At that rate of speed he had a splendid chance to reach South Bend, Ind., before dark, if no accident had befallen him.

Day Far From Being Ideal.

It was far from an ideal day for flying. A raw northeast wind was blowing and dark clouds were scudding across the sky. Glenn H. Curtiss, who came on from Hammondport, N. Y., to personally superintend the start of the flight, discouraged Ely by saying it was a bad wind and a raw day, not at all suited to flying, but Ely thought the wind would be a help rather than a hindrance and begged his employer to let him start. Curtiss made a close inspection of the "Boston Racer," which had been groomed for 49 days for this, the longest flight ever attempted. Curtiss climbed into the seat and personally tested the machine in a short flight around the course at Hawthorne Park. He yielded to Ely's importuning, saying:

"I guess it's all right. You can start if you want to."

C. F. Willard and J. A. D. McCurdy made technical starts, so as to have the event secure the official cast of a race, but neither of them left Hawthorne Park. "If Mr. Ely gets to New York he will get the prize," said Dunstan Collins, manager for the Chicago Evening Post. "If he gets no farther than Buffalo he will have broken the world's record for distance flights. And, after all, the demonstration that a long flight can be made is of more importance, of greater value to civilization, than a race or speed contest. A successful flight to New York, whether it is made in the allotted time or not, means the opening of the practical future for aeroplanes."

KLAMATH FALLS FINDS TRAIN SCHEDULE INCONVENIENT.

CLAMATH FALLS FINDS TRAIN SCHEDULE INCONVENIENT.

Traveling Men and Hotels Object to Late Meals and Transfer Men to Work After Hours.

CLAMATH FALLS FINDS TRAIN SCHEDULE INCONVENIENT.

KLAMATH FALLS, Or., Oct. 9.—(Special.)—Petitions are being circulated in Klamath Falls, Portland, Sacramento, Redding and San Francisco under the direction of hotel and transfer men, to be presented to Charles S. Fee, general passenger agent of the Southern Pacific, asking that the train schedule in effect before September 1 be re-established.

Prior to September 1 the local train arrived here at 5:15 P. M., but since then has arrived at 8 P. M. Usually this train does not get in until an hour and a half or two hours later. The change was made at the instance of the Klamath Chamber of Commerce, which desired that the local should wait at Weed for the northbound passengers and save their having to lie over at Weed more than 20 hours. The train formerly left Weed on the arrival of the southbound train and passenger cars from the north and remained in Weed until the following day.

Since the new schedule went into effect residents of Klamath Falls have been unable to get their mail and express until the following day and this has caused complaint by business men, who say they would rather have the mail schedule in force. But the chief objection comes from the commercial men and the local transfer and hotel men, who assert that the present schedule works a hardship upon them. The commercial man gets in late and has to hunt up a place to stay after night, the hotel people object because of the inconvenience of having to serve meals after hours. The transfer men do not like to meet the train at late hours.

The petitions are being signed extensively here.

VANCOUVER BOY KILLED

SHOTGUN DISCHARGES, TEARING HOLE IN CHEST.

Tommy Boves Climbs Into Wagon, Steps on Loaded Gun and Meets Instant Death.

VANCOUVER, Wash., Oct. 9.—(Special.)—When standing in a buggy at 3 o'clock this morning, Tommy Boves, 14 years old, was accidentally killed. With Leo and Melvin Hathaway, sons of O. B. Hathaway, Tommy Boves was driving along the Columbia River.

The Hathaway boys were seated in the single seat, with two shotguns lying between them, pointing over the top of the seat. Tommy was standing behind the gun, and Leo got out to see what was the trouble. In getting in the buggy and putting his feet under the laprobe, his foot touched the trigger of the shotgun, discharging it.

The full charge of shot tore a hole through the boy's breast, causing instant death. The accident occurred on the ranch of O. B. Hathaway, five miles down the river from Vancouver. The lads had started to get a cow and were going to drive her to Vancouver, when the accident occurred.

The body was brought to the home of the mother, a widow, Mrs. Thomas Boves, in Vancouver.

L. R. Engren, conductor on the Elveth-street carline, having read in the morning paper that 49 or more pigs had been imprisoned in the Starkville mine, near Trinidad, Colo., went to his home to send telegrams to three of his brothers who are working in the mine, when he was told by a neighbor that his brother, Tommy Boves, had been killed.

The three brothers working in the Starkville mine are John, Mark and William Engren. L. R. Engren worked in the mine until six years ago.

WHAT IS EXCEEDED

C. A. Barrett Spends \$447.80 to Get Nomination.

LAW ALLOWS ONLY \$100

Lafferty's Personal Expense Account Shows \$875 Used in Race—Time for Filing Statements Will Have Expired Today.

SALEM, Or., Oct. 9.—(Special.)—When the statement of expenses of C. A. Barrett, successful candidate for nomination from Union, Umatilla and Morrow as joint Senator, was received by the Secretary of State's office today it was shown that he expended \$447.80, when under the law he is entitled to an expenditure of but \$100 in securing the nomination for that office. Barrett is a Statement No. 1 man and made a successful run against S. Fred Wilson, assembly candidate.

A. W. Lafferty filed his personal expense statement, which shows the successful Congressional nominee in the Second District expended \$875.80 personally in securing the nomination. Carl S. Kelly, his political manager, recently filed a statement showing he expended approximately \$200 for Lafferty and in addition \$400 was paid out for space in the pamphlet.

E. Hofer, candidate for Governor, expended \$630.91; J. N. Hart, candidate for Attorney-General, \$248.42; F. Mulkey, candidate for Congress, First District, \$575.15; W. R. Ellis, candidate for Congress, Second District, \$185; W. J. Clark, candidate for State Printer, \$355.80.

All these last named men are defeated candidates. It cost Jay Bowerman \$225.84 to secure the Republican nomination for Governor and Dan J. Malarky expended \$36.75. Chief Clerk Corey has decided that the law allows candidates until tomorrow afternoon to file their statements. Practically all the candidates have now filed and it is believed no one will be compelled to stand for the 25 day fine imposed under the corrupt practices act for late filing.

LAFFERTY RECEIVES PLEDGES

Republican Leaders Promise Support and Send Congratulations.

A. W. Lafferty, Republican nominee for Congress in the Second District, has received in the last few days assurances of support from leading Republicans in all parts of the district and congratulations from leading men throughout the Nation. Representative Ellis, who was Mr. Lafferty's strongest competitor for the nomination, in a cordial letter to Mr. Lafferty dated yesterday, says: "It now remains for us to all pull together for Republican success. I sincerely hope you may be able to secure much of Oregon."

Ex-Representative Williamson sent Mr. Lafferty a letter of congratulation from Prineville October 1, saying: "I have seen nothing about your campaign for the nomination for Congress that was unfair, and you will get my active support for the position. Congratulations on your success, and believing you will win out hands down, I remain sincerely yours."

Under State Senator La Follette, undated of September 29, wrote Mr. Lafferty from Madison, Wis., as follows: "I am not advised as to how the campaign resulted with reference to yourself, as our papers have had very little with regard to it. I hope it has been successful. The result in Wisconsin is in no wise a personal triumph. It was a great victory for our great cause. It will help everywhere and we shall yet live to see government, state and National, which truly represents the will of the people."

Representative Poindexter, insurgent candidate for United States Senator from Washington, wrote Mr. Lafferty from Spokane, September 23, as follows: "I congratulate you on your magnificent victory obtained under adverse conditions."

COIN DECIDES CONTEST

Candidate for Committeeman Contests, Then Wins Toss.

GRANTS PASS, Oct. 9.—George R. Riddle, candidate for Committeeman in North Grants Pass, according to the count defeated J. N. Johnston by one vote. Johnston saw the votes counted, and when the count was thrown out and which was for him, he considered was a proper vote, with the result that he instituted proceedings to contest Riddle's vote. The court Saturday decided that it was a legal vote and should be counted and that left the two candidates tie. It was decided that the County Clerk should flip a dollar to see which one should get the office. Riddle took "heads" and Johnston "tails," and Johnston won.

On the 8th inst. in question Saturday marked his ballot at the right of the candidate's name instead of at the left, and the court decided that there was no question as to the intent of the voter.
