ommend for adoption in his first mes-sage to the Oregon Legislature and which law has received the indorse-ment of railway and other corporation employes.

The act provides that when an employe is discharged the employer—individual or corporation—must, upon request, state the reason for such disquest, state the reason to sate and missal and must, upon domand, confront the accused with the accuser. While this law was framed in the first instance by members of the Order of Railway Conductors and serves to of Hallway Conductors and serves to protect them from unjust accusations of so-called "spotters" or any other person having a personal enmity, its provisions go farther and protect the positions and reputations of all employes.

As it now is, a conductor, engineer, As it now is, a conductor, engineer, motorman or other employe is called "on the carpet" and discharged without a clearance, very frequently no reason being given. If a man be guilty of a breach of the rules, or any offense, he realizes his own guilt and will not ask for a hearing. If the employe be falsely accused, however, Mr. Bowerman's bill will protect him and his reputation. With such a law on the statute books of the state alleged detectives or others will not be so prone to make false charges, knowing that they will be called upon to face the accused.

Further evidence that the Bourne-Chamberlain Federal appointees are working against Republican nominees in the present campalign was received yesterday from Lake County. In that section, according to authentic information, A. W. Orton, Register of the Land Office, is making an active fight against W. Lair Thompson and Dr. H. P. Belknap, direct primary nominees for Joint Representatives. Octon opposed these men in the primary campaign, but falled to secure their defeat.

Not only is Orton new opposing the two nominees of his party, but he is actively working for a Democrat in Kinmath County and an independent in Lake. During the primary campaign Orton actively worked for B. F. Mulkey and G. M. Orton, unsuccessful candidates for Congress and Commissioner of Labor Statistics, respectively. He was in the lower house at the last Legislature, on the Bourne shate and the receivership he now holds came later as a reward from Bourne and Chamberlain for services rendered.

The meeting was held in the furniture store of Rogers & Ormandy, at Arieta. Dan J. Malarkey, F. S. Fields and C. M. Idleman will address the club next Monday night in the hall at Arieta.

CHINESE CUTTING QUEUES

Vancouver Orientals Follow Ex ample of Prince.

VANCOUVER, Wash, Oct. 11-(Special.)—Emulating the example of their Prince, many Chinamen of this city and county are preparing to have their queues clipped. It is known that a number are permitting their hair in front, which they usually shave, to grow long, so that when the queue is removed they will look "alle samme Melican man," and will not attract attention by having a bunch of black hair surrounded by a bald area.

Several Chinamen here have already shed their queues, and their number will be greatly increased within a short time.

One Chinaman said today that the Chinese, the old Chinamen, did not wear hair in a braid, but that the cus-

west, but also from railroad presidents. Louis W. Hill, president of the Great Northern, has recognized the importance of the show and has promised to advance it in an effective manner.

Frank W. Power, secretary of the State Horticultural Society, yesterday received a telegram from Mr. Hill saying that he would offer a cash prize of \$250 for the best exhibit from any district tributary to the Great Northern line.

Together with this offer, two cash prizes of \$350 will be presented for best fruit exhibits. Accordingly fruitgrowers in Gregon, Washington, Idaho and Montana will be eligible to enter displays and to compete for the special prizes.

"This is the largest single prize that has ever been offered the society," said Mr. Power, "and it shows what interest Mr. Hill is taking in our project. We consider the offer important. It will give us an opportunity to invite exhibits in carload lots and to have competition from all parts of the Northwest."

The show will be held in the Armory, November 30 and December 1 and 2 under the direction of the State Horticultural Society.

The Oregonian ought to be humble enough to know that it has not a mortgage on all knowledge and science. Other people know something, too, and our sforefathers had some wits, too, when they always beid and believed on the most reasonable grounds that God is the author of the Holy Bible. The Oregonian is very offensive when it flaunts the ignorance of some individuals.

the park department, and will be ready for presentation at the next Park Board meeting. The park will contain 20 acres, and has the natural location to make it one of the most attractive inland recreation spots in the city.

East Side improvement clubs in the section surrounding Laurehurst have been deeply interested in this improvement, and will be represented at the board meeting. The plat of the proposed park contains a lake of three acres, from which flows a stream which can be utilized as a landscape feature. The plat is evenly wooded, and the walks and drives are being arranged to retain almost every tree and shrub.

BY THE REX DENTAL CO., DEN-Don't Mistake Shadows for Substances

Most of our business comes indirectly through the avariciousness of the ig-norant or unscrupulous class of den-tists, or both, who are not working for their health, as the saying goes. The glitter of gold has deterred many pros-pectively good men from reaching the goal. He who builds on a poor founda-tion is sure to come to grief. The man or woman who patronizes bargain counter dentists is taking a great risk. You can't buy teeth out of a grab bag and set any more than is coming to you

counter dentists is taking a great risk. You can't buy teeth out of a grab bag and get any more than is coming to you—nothing or worse.

When the Rex Dental Co. opened their first office in Denver (we have it now in Western cities) 7 years ago, they mapped out a plan that was sure to succeed. Get a fair price for work, then do the very best that is possible to be done in dentistry. Let each man's byword he EXCELL (not equal). We have scrupulously adhered to this policy. We employ the very best dentists that high salaries will attract. If we were to tell you in this advertisement what the quality and beauty of our work really is you would not could not believe it. We have samples. COUNTERPARTS of original work done by us in our offices to show you. And we can show you the work in the mouth as being put in, as at all times we have one or more patients in the office being treated. Then we can with impunity give you a long list of names from our case books of patients for whom we have done the most important and larger cases of Aiveolar dentistry. Without their knowledge or previous consent we refer you to any of them, feeling confident that each and every one will tell the same story, that the work is satisfactory in every way and far exceeded their most sanguine hopes. No doubt you will know some of these people personally. Many of them are among the best-known people of this city and state.

REMEMBER—In addition to our speciality of Alveolar Dentistry (Restoring of Lost Teeth), doing away entirely with partial plates and bridgework, and the curing of Pyorhes (Riggs' disease), loose teeth, we are experts in every branch of dental work, viz. porcelain, gold and silver fillings; inlays, crowns, removable work, correcting irregularities, etc. Specialists in each branch of dentistry at your service.
