Omitted From Inner Council,

Is Questioned.

STILL REGULAR, HE SAYS

Vote for Stimson Pledged in Letter
of Resignation—Stimson and
Prentice Admit Move Is
Great Surprise.

NEW YORK, Oct. 12.—The resignation of William Barnes, Jr., the "old guard" leader, from the state committee was the big event in Republican circles here today. State Chairman Prentice and Henry L. Stimson, the nominee for Governor, acknowledged that the Albany committeeman's action was a surprise.

Immediately after receiving Mr. Barnes' letter of resignation, saying that the failure to reappoint him on the executive committee indicated either that his services were no longer useful or that he was "faithless to the Republican ticket," Chairman Prentice issued a statement denying both these suppositions.

Mr. Prentice remarked that Mr. Barnes was not the only former member of the executive committee who was not reappointed and named four others who had been retained.

Ethics Demand Retirement.
In his letter Mr. Barnes says: "In reading the list of the members of the executive committee of the state committee, announced by you this morning, I find that my name is not among the number."

"The mere fact of membership in the executive committee is entirely unimportant, but after having served as a member of that committee ever since I was first elected to the state committee in 1892, the omission involves the inevitable conclusion that your action was caused either by your belief that my services would not be useful or that I was faithless to the Republican ticket. Under no such supposition can I rest. Having been a member of the executive committee for 18 years, if my party loyalty is questioned by you as the head of the organization, then I am no longer qualified to serve under you as a member of the state committee itself."

"It has been my habit not to carry lightly the responsibility and burdens of the committee which I have held. I cannot therefore maintain the proper sense of political ethics and serve upon a committee the chairman of which holds the attitude toward my political ability that you have displayed."

Party Loyalty Averred.
The state committee is the supreme authority of the party, and I shall vote for Mr. Stimson and the rest of the Republican ticket and individually work for its election."

Mr. Prentice says in his statement: "I regret that Mr. Barnes has taken the view he does of my failure to appoint him a member of the executive committee. Mr. Barnes' conclusion that I believe his services will not be useful or that he is faithless to the Republican ticket is incorrect."

United States Senator Root declined to say what he thought of Barnes' step. Barnes was elected state committeeman for two years at the time of the Saratoga convention. The state committee has power to fill the vacancy if it accepts the resignation.

MISSOURI CASE IS ARGUED
Issues Likely to Affect Railway Legislation in Many States.

WASHINGTON, Oct. 12.—Stubbornly contesting every point, attorneys for the State of Missouri and the railroads therein, today began argument before the Supreme Court as to the validity of the 2-cent passenger rate and maximum freight rate laws in commonwealth.

It is asserted that the issues in controversy will affect railway legislation in nearly every state in the Union.

The case includes questions of jurisdiction of Federal Courts over state legislation and the proper basis for arriving at the remuneration guaranteed the railroads under the Federal Constitution.

The Federal Circuit Court held the laws were unenforceable and enjoined their enforcement.

The arguments were opened by Frank Hagerman for the Chicago, Burlington & Quincy. He maintained that the valuation of the property devoted to interstate business as distinguished from interstate business was in the same ratio that earnings from the carriage of interstate freight and passengers bore to the earnings from interstate business in the state. He argued that it costs more to carry on local than interstate business.

FORGER WANTS TO REFORM
Confessing to Charge, Ralph Russell Is Sentenced for Four Years.

TOPEKA, Kan., Oct. 12.—(Special.)—Admitting that he forged a \$75 check on the Clark & Henry Construction Company and attempted to pass it on Rice & Rice, a local furniture establishment, Ralph Russell, colored, was sentenced today to four years in the State Penitentiary by Judge Coke in the Circuit Court today.

Russell made a brief statement, prior to being sentenced, to the effect that he realized the seriousness of the crime and intended to reform. He was followed by District Attorney Hoover, who caused considerable surprise when he said that Russell had forged a second check on A. Peterson, a local shoe dealer, and had succeeded in obtaining the sum of \$38 fraudulently.

EDITOR SUES FOR LIBEL
Newspaper Man Charged With Graft in Capacity of Mayor.

VANCOUVER, B. C., Oct. 12.—(Special.)—T. B. Taylor, Mayor of the city and editor of the World today filed suit for libel against W. C. Nichol, editor of the Province.

The suit is the outcome of a bitter editorial campaign carried on by the Province against Mr. Taylor, who is a candidate for re-election in January. In several of the recent editorials the Province charges the Mayor with grafting.

VANCOUVER, Wash., Oct. 12.—(Special.)—Elmer Dole and Willie Darling, 12 years old, who set sail for islands in the Columbia River in an old skiff, after reading of the adventures of Robinson Crusoe, last Friday morning, were found today on an island at the confluence of the Columbia and Willamette Rivers by C. D. Darling, father of Willie.

Mr. Darling had been searching for his son since he was lost and expected at least to find his body. He happened to go to the island, where W. F. Adams has an orchard, and was overjoyed to find that the two disciples of Robinson Crusoe had taken to practical horticulture, and were assisting in harvesting the crop by picking apples.

A. W. Dole, father of Elmer, brought his son back home. Elmer had made arrangements to live on the island this winter and go to school, doing the chores for his board, and Mrs. Adams was willing to keep him.

Both boys are motherless, but have fathers, and Elmer has a grandmother. The boys had paddled about six miles in the Columbia River, and were in the habit of being capsize by passing steamers.

LOS ANGELES, Cal., Oct. 12.—(Special.)—Two associates, Fuller Steward, hardly less known in the world of adventure than himself, reached this city today with the personal effects of Dr. Charles P. Holt, of Santa Ana, the distinguished journalist, scientist and explorer, who died of fever alone in a far-off port of Colombia, South America, with wealth within his grasp.

The lure of gold had drawn Dr. Holt to every part of the globe where the precious metal is found. He was among the first that invaded Alaska, when rich strikes were reported, and after an adventurous career in the Klondike, sought other fields.

After incredible hardships he reached the Rio Mata and almost his last words written in a diary are: "I am rich at last. I have found gold." A month later, consumed by fever, he died while making his way back to the United States to interest friends in financing his property.

Holt was a learned man, and long associate editor of the New York Sun.

Nominee Promises to Sweep Corruption
From State and Calls New
Nationalism Menace to Na-
tion—Platform Stated.

THOMPSON, N. Y., Oct. 12.—Planting himself squarely on the platform made by the Rochester State Convention, John A. Dix today formally accepted the nomination as the candidate of the Democratic party for the office of Governor of New York.

Herbert P. Blissell of Buffalo, the convention's presiding officer, notified Mr. Dix and the other candidates on the state ticket of their nomination. National questions of grave importance aside from questions of good government within the state, Mr. Dix said, are involved in this election.

In his speech of acceptance, Mr. Dix promised if elected to give the people of the state a business administration. "There does not exist today," he declared, "a human being who will deny that for years corruption has run riot in the official life of our capital. I do not know that it is possible for any human agency to eradicate this evil entirely, but I do know that if I become Governor of this state, I will remove the scandalous and dirty black horse cavalry out of business."

Platform Is Told.
Mr. Dix said he favored home rule for cities and subdivisions of the state; a downward revision of the tariff; a state-wide system of direct primaries; state-wide uniform personal registration; popular election of United States Senators; and ratification of the income tax amendment to the Federal constitution.

"But," said the candidate with emphasis, "I take a position resolutely and aggressively against attacks and assaults on the courts of the country. They are the very bulwarks of our free institutions. Any American who, occupying a position of authority, or having the public ear, assails and attacks our courts, now, as they have always been, the seat of justice and of equity, is to be regarded as a public enemy."

New Nationalism Scored.
"Overshadowing all these questions and of most vital importance to the people is the menace offered to the various institutions of the country by the New Nationalism fostered and addressed by a new apostle of discord and dissension."

"We have already had, to our cost, ample proof of his ability to disturb business, destroy values and create a condition of panic country-wide in its evil effects. But if, with all that, he is to be permitted to succeed in his campaign to weaken or destroy the powers of the Supreme Court, then all the United States, to take over to the central government the powers reserved to the states, to substitute the will of the President for the will of the people as expressed through all the regularly chosen officers of the Federal Government and to set arbitrary bounds to what any man by ability and enterprise may legitimately secure, then all the sacrifices made by the founders of the Republic, all the blood shed for its preservation, will have been in vain."

Beside Mr. Dix, the other nominees were present at today's notification ceremonies.

ROOSEVELT PRAISES NUN

(Continued From First Page.)
followed. Long before the time for the reception the clubhouse in which it was to be held was crowded. By the time the Colonel got to the street outside was blocked. After he had spent an hour in shaking hands with hundreds of people, the crowd in front of the building was larger than when he began. The people outside were told that the Colonel could not shake hands with all of them, but they refused to go away until the doors were closed. Colonel Roosevelt made a little speech from the steps to pacify those who could not get inside.

At the dinner tonight Bourke Cockran, of New York; Richard Henry Little, of Chicago, and Dr. D. Emmett Kane, of St. Louis, made speeches before Colonel Roosevelt delivered his address.

African Incident Related.
Governor Deneen, who reached Peoria from Green Valley, where he left the Roosevelt train in the afternoon to address a county fair, arrived in time for the dinner.

In the midst of his address tonight Colonel Roosevelt said:

"Last winter I visited various Catholic missions in Africa and just about Christmas I was at one of them, Bishop Haring, on the shores of the great Victoria Nyanza Lake, just under the equator. There I met one of our fellow Americans, Mother Mary Paul, who was at the head of the religious sisters of the establishment. They had already been in correspondence with me, saying I must not go through Africa without stopping and seeing their mission, because she was the only American missionary in Uganda, right in the heart of the Dark Continent."

"So of course I stopped, and it was really like being suddenly brought home, for Mother Paul promptly gave me a message contained in a letter she had just received from two New York policemen whom I had appointed on the force when I was police commissioner."

Mission Work Extolled.
"Now the mission to which Mother Paul belongs is doing a striking and admirable work in Africa, and I promised her that I would publicly tell about this before some Catholic body and ask that the Catholics of the United States take an active interest in this Catholic mission in mid-Africa, where such good work is being done by an American nun. Uganda is one of the places where missionary effort has been signally successful. From personal knowledge I wish to bear hearty testimony to the good work done there by the Catholic missions."

and I hope the charitable Catholics in the United States will gladden the heart of Mother Paul by backing up in substantial fashion the missionary work to which she has given her life.

"There is no other country in the world where there is such really broad religious toleration, such good will among God's people of different religious creeds as in America. There is no other country where Catholics and Protestants get on as we do here, each treating the other on the basis of our common citizenship and judging him not as to how he worships his Creator, but on his conduct toward his fellow man and his own worth as a man. We must never permit anything to make us deviate from this standpoint."

Golden Rule Is Guide.
"Perhaps I can give you my own theory in short form by telling you of a correspondence I once had. Of course, in every church there are some good men who are narrow (as well as some men who are narrow without being good), and one of these good narrow men, a Protestant clergyman, wrote me a letter of protest about my meeting Cardinal Sallati at the White House."

"I wrote him back, saying that I had received the cardinal, just as, for instance, I had received bodies of German Lutherans and Welsh Methodists, and as I am expected to receive the Archbishop of Canterbury, and that I would hold myself to be a poor representative of the American people, an unworthy President if I failed to treat with good will and friendliness all good men, no matter what their religious faith might be, and that their religious faith might be, and that I could best explain my position by saying that I believed our country would last a very long time, and if it did there would be many Presidents and some of these would be Catholics and some Protestants, and that I, as a Protestant, wished to act towards my Catholic fellow citizens exactly as I should wish a Catholic President would act toward his Protestant fellow citizens."

"I think that I express my views about as clearly as I can put them."

Colonel Roosevelt went to his car after the dinner. He is to spend tomorrow in campaigning for Senator Beveridge.

Cockran Extols Colonel.
"Theodore Roosevelt is as true to the right as the needle is to the pole," said Bourke Cockran, who for years was a Democratic member of the House, in his speech.

"He, himself, has said that he is not a great man," Mr. Cockran said, "and a wine man. He need be neither, for the American people believe he is a good man."

SURELY REGULATES YOUR KIDNEYS AND
ENDS THE MOST SEVERE BLADDER TROUBLE

A Few Doses of Pape's Diuretic Put
Your Kidneys in Order, End-
ing Backache Misery.

In all the world there is no man or woman who can afford to neglect the slightest kidney disorder for one single day.

Kidney diseases are the most dangerous because the first signs are seen in other parts of the body before anything wrong is noticed with the kidneys themselves.

Some of the symptoms, though, cannot be mistaken; for instance, a constant aching or misery in the back, sides or loins, or headaches and dizzy spells, nervous twitchings, disturbed sleep, inflamed or puffy eyelids, heart palpitations, rheumatic pains, weakness, bilious stomach or a feeling of languor and fatigue. Sick, unhealthy

kidneys also cause thick, cloudy, offensive urine or it is full of sediment, irregular of passage and often uncontrollable or attended by a sensation of scalding.

The time to cure kidney trouble is before it settles into Diabetes, Dropsy, Gravel, or Bright's Disease. The moment you suspect the slightest kidney, bladder or urinary disorder, begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine, at any price, made anywhere in the world, which will effect so prompt a cure. In just a few days you feel and know that the kidneys, bladder and urinary organs are healthy, clean and normal and all danger passed.

Your physician, pharmacist, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic—50-cent treatment—sold by every druggist in the world.

SCHOOL TEACHERS SHOULD
WEAR KRYPTOKS

No class of work is harder upon the eyes than technical. The teacher generally has to face the light, watch the class and read.

No teacher can be bothered with changing distance glasses and reading classes as requirements demand. They must have one pair answering for both purposes. Heretofore the reading lens and the distance lens were cemented together.

The crack formed a ridge that was ugly, uneven and conspicuous. Kryptoks avoid all this. In fact they are the most attractive of all glasses and add expression to the face.
