Style Lecture Today at 3 P. M.
Demonstrat'n on Live Models
By Linda Ross Wade Auditorium Fourth Floor

Are you wearing the proper corset? Look in your mirror. You can tell at a glance if your figure is trim, properly modeled in pleasing, graceful lines, with long, tapering hips. If so, you are properly corseted, otherwise you are spoiling a naturally good figure. The perfect, erect, easy carriage of a woman can be produced by wearing the proper model of a corset and by being correctly fitted. It's all in the corset. Don't wear one that is made for someone else. Mrs. Wade will demonstrate on living models how the corset should be fitted and worn.
