Bourne-Chamberlain Machine Ignores Whole Ticket Except West.

TREATED AS GOATS, PLAINT

Legislative Candidates Demand Support, but Are Told by Chamberlain to Go to Hades --- Insurgents May Renounce West.

Revolt in menacing form has arisen within the Democratic party in Multnonah County. The revolt is the outcome of Chamberlain-Bourne machine domination and, while an arduous day was spent yesterday (seeking to put it down, no immediate prospects of peace were in

sight last night.

Members of the Democratic legislative ticket are losding in the revolt and it is known that they have the sympathy of a goodly part of the Democratic central committee and of prominent party.

The fact that the Bourne-Chamberiain machine is engaged in supporting but one man actively and is refusing to have anything to do with the other Dem oerstic candidates is the prime cause of strife. Some support is being given to John Manning, Democratic candidate for Congress in the Second District, but the supreme fight is being made for West.

Party Used for Selfish Ends.

"West simply means Bourne-Chamber-lain and Bourne-Chamberlain simply means West." is the stand taken by the means West. Is the stand taken by the element in the party which expresses itself as unwilling to see the party used for aeiffish purposes. "The Democratic party is today prestituting itself to the ambitions of Bourne and Chamberlain and we do not propose to stand for it,"

Sumors of the revolution have been in the air for some time, but no attention was paid at first within the fold. But when county Chairman Thomas issued a ecil on Wednesday for party men to re-turn from seeking to dominate Republi-can affairs, consternation at once struck those who are an active part of the ma-

Brand of Traitor Threatened.

Pressure was brought to bear from many quarters during yesterday to whip the insurrectionists into line. "We will brand you as traitors if you draw away from the head of the ticket," they were

told "We want recognition then for our county licket," was the response.

Meetings occupied the whole day at Democratic headquarters in the Swetland building in consequence of the revolt in the air. Meetings were held again at night, Overtures were made this way and that but no settlement was made, so it was ascertained from members of the lecket. the legislative ticket.

Used as Goats, Says One.

"We feel that we are entitled to the support and should have the support that is accorded the state ticket," said H. B. VanDuzer, one of the Democratic H. B. VanDurer, one of the Democratic candidates for the Legislature, in discussing the situation last night. "We can see that this support is not forth-coming and do not enjoy being used as bunch of gouts."

Similar views were presented by E. Versieeg, who expressed himself as believing that the party should maintain its identity as such and not be merged.

lost sight of in the Bourne-Chamber-

The Democratic legislative ticket is this community and they are ent support from their party," said Mr.

Versteeg.
One of the sources of grievance is that One of the sources of gravance is that the ticket can get no attention whatever from the party organ. "It is devoting all its columns and red ink to Mr. West," said one of the irate candidates, "which is merely another evidence of the working of the Bourne-Chamberlain machine for itself only."

Chamberlain Gives No Hope.

It was learned that a committee called on Mr. Chamberlain lately, hoping to get him to give the isolated legislative ticket the support of those who are dominating the Democratic party. But Mr. Bourne's litical partner did not smile upon

positions partner due not not recital of grievances.

"In effect Mr. Chamberlain told me that the legislative ticket could betake itself to hades so far as he was concerned," was the report made by one

of the committee.

The insurgents are to hold a meeting Saturday for the purpose of taking a final stand. In the event they are not promised the support they seek, there seems a probability of a renunciation of the machine, which will imply a renunciation of West. A committee is now at work canvassing the legislative candidates, the committee being made up of Mr. Versteeg and R. Henry Thompson.

The legislative ticket which the machine has cut off and isolated is made up of Frank T. Berry, J. W. Grusst, J. Sleret, H. W. Stone, John H. Stevenson, R. Henry Thompson, H. B. VanDuser, El Versteeg and D. M. Watson.

ALL WORK FOR BOWERMAN

Former Opponents Active in Campaign-Hofer Sends Letter.

As an evidence of the wholesome harmony that has settled over the reunited Republican party in Oregon, the activities of Judge Grant B. Dimick. E. Hofer and Albert Abraham, opponents of Jay Bowerman in the primary election, were brought to attention yesterday by the Republican State Control Committee. The committee has been advised that the three Republicans named are not now merely talking of named are not now merely talking of harmony, but are suiting action to word and working in behalf of Mr. Howerman and the others of the Re-

Bowerman and the others of the Republican ticket.

Mr. Hofer has supplemented his work with several thousand letters to those who supported him in the primary campaign. The letters are in the form of a circular, as follows:

"The undersigned was a candidate for the nomination for Governor at the direct primary election held September 24, and received nearly 7000 votes, and feels very thankful to his supporters.

Telling Why It's Done

There appeared in yesterday's paper a Prize Rebus Contest, in which nearly \$10,000 is to be given to the people of this vicinity as an advertisement. We all know that no house can give away a large proportion of its money and goods and thrive, but a certain amount of gratuitous work and giving is admitted by all good advertisers to be the most progressive and yet the least expensive way of keeping in touch with the people. In fact, this plan is carried into many enterprises and has been found the most effective way to obtain results.

It would hardly seem profitable to give away such expensive articles as pianos, but in this manner the customers obtain the benefit of the expendi-

ture and a pleased customer is always the best advertisement. These contests are required by the Federal Postal Laws to be conducted upon the fairest possible lines, hence one can always depend upon the statements and promises made in the
