5 MINUTES AMPLE TO VOTE

Clerk Fields Ridicules Reported Thirteen-Foot Ballot.

CITY NEWS IN BRIEF to make a series of crosses County Clerk Fields ridicules the statement, credited to the State Printer at Salem, that the ballot will be 13 feet long. He says that

ballot will be 13 feet long. He says that it will be the same length as two years ago, 25 inches, and that he could vote it in two minutes. He believes that five minutes is the length of time that will be required by the average elector, presuming that said elector has taken the trouble to "coach" himself in advance. The Socialists have candidates in the field for Congress and for practically every state and County office. The names of Democrats will appear in at least 50 per cent of the cases. The Prohibitionists are seeking to elect their men as State Senators and Representatives. There is a Republican candidate for every office. Names may also be added by petition un-Names may also be added by petition un-til October 24. In four precincts of Multnomah County, Huriburt, Troutdale and Noz. 63 and 75, local option is to be voted on. The average elector of the county, will be asked to vote for 25 officials, ranging from Constable to Representative in Congress. County Clerk Fields believes that there will be more than enough time in the 11 hours that the voting places will be open to poll every registered vote. Each polling booth will have nine compartments, allowing that number to be voting simulallowing that number to be voting simul-taneously, and in very few precincts, he states, are there more than 250 votes.

WAS JOHNSON DRUGGED?

STATE MAY PROVE THIS FACT IN WEBS MURDER TRIAL.

Absent Witness Is Being Hunted by Prosecution - Defendant May Take Stand in Own Behalf.

Was William A. Johnson drugged before he was beaten to death and his body stuffed into a trunk by Jesse P. Webb at the Grand Central Hotel on June 207

The state, in the trial of Webb, which will be resumed before Judge Morrow in the State Circuit Court this morning, may present evidence to show that

The absent witness, for whom Assistant Prosecuting Attorney Fitzgerald has had detectives searching during the past few days, if he arrives in the city, will be placed on the stand. That he is expected to give evidence that Johnson was drugged before he was beaten

son was drugged before he was beaten and strangled is probable.

That introduction of this testimony will consume only a pertion of the forencen, so the defense will start presentation of its case some time this morning. They will base their case largely upon the defendant's own statements that he acted in self-defense when he kiled Johnson.

Webb himself may take the stand.

Webb himself may take the stand. He says he is willing and eager to tell the jury the story of the crime, al-though his account of it will not greatdiffer from the confession made on the day following his arrest, and which was read in court by the stenog-

rapher last week Mrs. Carrie Kersh, co-defendant with Webb, will not likely be used in the Webb case, as the defense could not take her testimony without damaging

their own case.

Although the state announced its readiness to rest its case Saturday merning, it will be given an opportunity to recome it this morning as this

Night Sessions Held in Six Different Buildings Tonight.

COURSES PLANNED

Ample Provision Made by Portland for Increasing Teaching Staff for Public Education-Girls to Get Ald as Well as Boys.

Portland's public night schools will open tonight in six different school buildings. Owing to increased demand for night school instruction it has been decided to have elementary, manual training and the industrial courses for girls this year instead of only the high school course, as was the case last

year.

The decision to increase the courses was reached at a meeting of the Board of Education two weeks ago. City Superintendent Rigler has thoroughly looked over the educational field in Portland, and in his report to the school directors was favorable to increased night school facilities. Am-ple provision has been made for increasing the teaching force.

Sessions Held in Lincoln High.

As was the case last year, the high school courses will be held in the Lin-coln High School building, Fourteenth coin High School building, Fourteenth and Morrison streets. The trade school for men and boys will begin in the Portland School of Trades, Eleventh and Couch streets. Classes in woodworking, mechanical drawing, machine shop practice, electrical construction and plumbing are to be taught. Last year many applications for the in-

year many applications for the instruction in these branches were registered with the school authorities, chiefly by foreigners and boys forced to work during the daytime.

Another innovation in school circles is to begin tonight. This will be branches in the industrial school for girls, also to be held in the Portland School of Trades. Sewing cooking and millinery will be taught. Assurance has been given that these branches will be well attended.

Elementary branches will be taught

Elementary branches will be taught at the Falling, Stephens, Albina Homestead and Thompson Grammar Schools. The latter three schools are situated on the East Side, at East Seventh and East Harrison, Beech and Garfield avenue and Borthwick and Shaver streets, re-spectively. The Failing School is lo-cated at First and Hooker streets, in

School Only on Three Nights.

This Fall instead of holding school five nights a week it has been decided to have school on Monday, Wednesto have school on Monday, Wednesday and Friday nights only. Last year the night high school conducted at the Lincoln High School with Professor G. W. Henderson in charge, proved

sor G. W. Henderson in charge, proved conclusively that the night school classes are popular, for they were well attended all year.

In the high school department the copliege preparatory, English, Latin, and commercial courses are taught. Included in the commercial courses are taught and the commercial courses are taught. bookkeeping, typewriting, shorthand and practical business arithmetic.

School classes this year probably will terminate about the end of March or the first part of April. No tuttion is charged in any department. The only expense attached to a night school course is procuring the necessary books.

PORTLAND PUTS IN BID

Y. M. C. A. OFFICIALS TO TRY FOR BIG CONVENTION.

Toronto Meeting Will Discuss Subject of Including Initiative in Association Affairs.

A. M. Grilley, physical director, and J. C. Clark, boys' secretary, of the Portland Young Men's Christian Asso-ciation, will leave this morning for Toronto, where the triennial interna-tional convention of the Y. M. C. A. will be held the last of the present month. They will be followed Wednes-day by H. W. Stone, general secretary of the local association; I. D. Rhodes, of the local association; I. D. Rhodes, Oregon-Idaho secretary, and others.
The Portland delegation is going to Toronto with the determination to bring the next international convention to this city. While the convention city will not be selected by the Toronto meeting, that matter being left to the international committee, the sentiment expressed by the delegates there will undoubtedly influence the committee in its decision.

Portland has received the support not only of the associations, but of the commercial bodies, also, of nearly all the Pacific Coast cities. Spokane, Tacoma, Seattle, Vancouver, B. C., and other cities have sent word that they will help Portland in winning the convention, which is one of the most important held in this country. Portland has invited the Y. M. C. A. to meet in the West on three previous occasions and is confident that this invitation will be accepted.

The Portland delegation is also greatly interested in the resolutions, introducing the referendum and initiative principles into the conduct of Y. Portland has received the support not

introducing the referendum and initiative principles into the conduct of Y. M. C. A affairs. These resolutions were drawn up by the associations of the Pacific Coast and will be presented on the floor of the convention by Mr. Stone. Four thousand circulars, containing the resolutions, have been sent out from Portland, and the local delegation will take 2009 additional copies to the convention. Nothing that has been brought before the Y. M. C. A. in recent years has attracted such general notice as these resolutions. Hundreds of letters commenting on them have been received by Mr. Stone and so far only one person has expressed opposition.

SKY NEARLY RAINS CATS

Oregon Cat Club Does Not Yet Possess a Home for Felines.

PORTLAND, Oct. 15 .- (To the Editor.)—Owing to a misunderstanding that seems to have arisen in the public mind regarding the refuge work in

dertaken by the Oregon Cat Club, we wish to state that as yet there are not funds in the treasury sufficient to warrant the establishment of suitable quarters for the cats, and that as yet

no cat refuge exists.

Through this misapprehension and the fact that Mrs. E. Kent's name has een frequently mentioned as the pros-ective custodian and caretaker, when such a refuge should come into exist-ence, much trouble has arisen. Cats have been unceremoniously thrust upon her, stray kittens left in her dooryard, her, stray kittens left in her dooryard, and letters and messages innumerable deluging her with commands, courteous and otherwise, to dispose of undestrable felines, have been received.

Mrs. Kent has neither been furnished with funds for such work, nor has any place been provided for the cats, and she has suffered much distress from the inconvenient and un-

cats, and she has suffered much distress from the inconvenient and untimely advertising she has received.

We therefore hope that the mistake
will be rectified, and the situation
made clear. The Oregon Cat Club is
working constantly toward the accomplishment of its purpose regarding humane work for cats, and as soon as
we are in position to care for lost,
strayed or abandoned felines, we shall
gladly publish the news far and wide. gladly publish the news far and wide. In the meantime, the co-operation of all people interested is earnestly so-licited. Contributions in cash, however small, are welcome and we should like both old and young people to take part in the work. THE OREGON CAT CLUB. B. F. Howard, Cor. Sec.

NEW MAIL PLAN WORKS

SUNDAY * DISTRIBUTION LIKE "CAFETERIA" RESTAURANT.

Postmaster Merrick Praised for Installing Latest Aid to Handling Big Delivery on Sabbath.

"Cafeteria" system of distributing Sunday mail was given its first trial n Portland yesterday, and was a proounced success. In not to exceed five minutes every person who applied for his mail was accommodated and was on his way. While no accurate esti-mate was made, it is believed that yesterday's distribution was the larg-est ever made in this city on Sunday.

Postmaster Merrick stood at the exit and was showered with expressions of approval as pleased patrons passed out, burdened with bundles of correspondence. The postmaster is delighted with the success of the experiment and expects its convenience to increase as patrons become accustomed to the system. tem. One man came by mistake to the door where Mr. Merrick was standing. He was directed to the proper entrance and the postmaster took out his watch and noted the time. From the time that the patron first came to the Sixth-street entrance until he passed out with his mail, just three minutes elapsed. That is believed to be about the average time required for the dis-

tribution to each individual.

Six carriers were on duty at their cases from 10 till 11 o'clock yesterday morning, but half of that number will suffice, it is thought, when the patrons of the Postoffice learn their places. Each applicant for mail entered at the Sixthstreet entrance and upon giving his address was directed by a clerk to the proper case. But a moment was required to hunt out his correspondence and send him on his way. The uncomfortable crowding and long wait, formerly the rule, were entirely eliminated, and the work of the clerks was simplified. "Cafeteria" was the word selzed upon by well-pleased patrons to describe the
