STRIKE IS SETTLED: BOMBS TERRORIZE

Railroad Troubles in France Adjusted to Satisfaction of Laborers.

UNIONISTS ARE QUELLED

Trainwrecks Averted.

PARIS, Oct. 17 .- The strike committes of the Railroaders' Union at a meeting tonight formally called off the strike of the railroad employes, which has extended over several of the most

important systems in France. Work will be resumed on all lines temorrow. The collapse of the strike was primarily due to the stringent measures taken by Fremier Brinad, who called to the solders to take the places of the railroaders. Military forces were also used for the protection of life and property. After having broken the back of the strike M. Briand success-fully arranged a practical settlement, whereby the chief demands of the men

were met.
A serious situation arose through the throwing of bombs and attempts at train wrecking, responsibility for which the strikers denied.

Anarchists Blamed for Outrages.

According to the police, these outrages were planned by anarchists and fighting revolutionists who hoped to take advantage of the strike agitation take advantage of the strike agitation to ferrorize the people. The entire press in France, with the exception of certain revolutionary organs, was opposed to the strike and supported Fremier Briand in the settlement of a serious eccuomic and social crists.

EGG-THROWER IS FREED

MINISTER, TARGET OF MISSILE, BEGS HIM OFF.

John Vert, Pendleton Capitalist, Released With Rebuke at Request of Clergyman.

PENDLETON, Or., Oct. 17 .- (Special.) -Declaring that the ends of justice can sometimes be secured through mercy, and the bitterness of contro-

versy avoided, Rev. Charles W. Hays, the minister who was hit in the face with an egg in the course of last Friday night's street riot, petitioned City Attorney Raley to dismiss the case against John Vert, the local capitalist who was arrested Saturday afternoon and charged with the offense. Dr. W. H. Bleakney, as moderator of

the Oregon Syrod, also presented a signed petition in which it was said that it was the desire of the Syrod that the proceedings be checked.

Acting in accordance with these petitions the City Attorney this after-

oon moved that the case be dismissed and though condemning the act in no uncertain language, Police Judge Fitzgerald allowed the motion to prevail.

The continuance of the trial started Saturday had been set for 2 o'clock to day. Long before that hour every seat in the courtroom had been taken and standing room was at a premium Fully half the chairs were occupied by members of the local Women's Chris-tian Temperance Union. The women appeared to be disappointed at the sud-den termination of the case.

Political Situation in State Extremely Complex.

REPUBLICANS ARE UNEASY

eral Congressional Districts. Gubernatorial Situation Also Puzzles Those Who Watch.

DES MOINES, Iowa, Oct. 17.-With ection but three weeks off, politicians of all parties are at sea as to the outcome both in the Gubernatorial and

Congressional fights.

There is considerable feeling of uncasiness among Republicans as to the outcome in several Congressional dis-tricts, notably the first, second, sixth and seventh, and some even believe that the ninth, Walter I. Smith's district, is in danger.

The second, sixth and seventh offer the best chances of Democratic suc-cess, it is generally believed. The sec-ond district has always been close, and with a local option plank in the state platform added to the general feeling of dissatisfaction among Republicans, the Democrats believe they will be able to elect I. S Pepper of Muscatine over

Charles Grilk. Dan Hamilton of Sigourney, who was defeated for re-election two years ago by Congressman N. E. Kendall, is again pitted against his former opponent. The standpatters are much dissatisfied over Kendall's record in Congress, and it is believed will join with the Democrats to bring about his defeat.

In the seventh district, Clint L. Price of Indianola, the Democratic candidate.

of Indianola, the Democratic candidate against Judge S. F. Prouty, has a majority of 7,000 to overcome, but there is a bitter feeling among the standpation ters over the defeat of their candidate at the primaries, Congressman Full, and there is a general belief that they will support Price.

The Gubernstorial situation is unus-ually complex. The Democrats adopted a local option plank, which will secure thousands of votes in river counties The outcome of the trial of Governor Carroll, who was charged with criminally libeling John Cownie, was not satisfactory to Cownie's friends, many of whom will support Claude R. Porter.

EFFORTS TO BE RENEWED Naval Reserves to Ask for War Vessel Once More.

That Oregon is entitled to and should have a suitable vessel to accommodate its naval reserve, is the opinion of the officers, who held a meeting at Ash-street dock last night. Commander Mc-Nulty presided. It was decided to renew the efforts to secure from the Navy

Department proper recognition.
Washington has the monitor Cheyenne and California the third-class cruiser Marblehead. Ways and means were discussed whereby it is hoped to secure a vessel for Oregon, and the subject will be laid before the naval authorities again. Astoria and Marshfield people are taking an interest in the reserve.

VIGE AT SEATTLE HAS NOT CEASED

Mayor Gill and Chief of Police May Be Cited for Contempt of Court.

WELFARE LEAGUE ACTIVE

Deputy Sheriffs Will Make Affidavits Today That Restricted Section of City Has Not Obeyed Judge Gilliam's Order.

SEATTLE, Wash., Oct. 17 .- (Special.)-Deputy Sheriffs Roberts and Mills an-nounced tonight that they would make affidavit in the Superior Court tomorrow morning that the injunction order of Judge Gilliam closing the "restricted district" has been generally ignored. Upon the affidavits of the Sheriff's deputies, Wilmon Tucker, attorney for the Public Welfars League, will base on application to have Mayor Gill, Chief of Police Wappengeln, as well as property owners and pensteln, as well as property owners an

pensteln, as well as property owners and operators in the vice district, cited for contempt of court.

Since Judge Gilliam signed the injunction order last Saturday, the vice district has been running without restraint, save in one or two places which closed temporarily. Joe Marcelli closed his resort for a short time Saturday, but tonight it was running full blast. Jack Sheehan, proprietor of the Dean Hotel, closed temporarily, but, acting upon the advice of his attorney, resumed business when others in the King-street district showed no disposition to obey the court. no disposition to obey the court.

Five Men Not Found.

Deputy Sheriffs Roberts and Mills, to whom were given the copies of the court's order to serve, have been in the district since Saturday afternoon the district since Saturday afternoon looking for the persons named in the injunction. Save in the cases of Gideon Tupper, "Big Harry" Rogelet, Harry P. McKeown, M. A. McCullough and Sig Levy, the injunction order was served personally upon the defendants. In the case of the five men just named, the Deputy Sheriffs have information that they hid to avoid being served. they hid to avoid being served with the papers.

"It is not necessary to serve a copy of the court's order upon each defendant personally," said Wilmon Tucker, attorney for the Public Welfare League. "The court may take notice of the fact that the defendants have remained away from their places of business and that the defendants have remained away from their places of business and their homes, for the express purpose of avoiding service. It is sufficient that they have had notice and I believe that the defendants have had all the notice necessary. I have talked with the Deputy Sheriffs, who have used diligence in trying to find all the defendants, and I am convinced that the court's order has been violated. I shall ask the court to cite them, for contempt, and an opportunity will be given to fix the responsibility. to fix the responsibility.

All Places Are Running.

"I am reliably informed that every "I am reliably informed that every place in the vice district is running just as if the court had made no order to close. It is impossible which of the defendants or if all of them have disobeyed the injunction. It will be necessary to bring them into court to establish the responsibility. I believe that means will be found prompily to put an end to this law-breaking and this deflance of the courts. If this cannot be done, then courts. If this cannot be done, then there is no law."

Gideon Tupper, lessee and proprietor of "The Midway," one of the most no-torious resorts, has been absent from his usual haunts for more than a week. The City Council's graft investigating com-mittee has been looking for Tupper but no trace of him has been found. Among his acquaintances in the King-street district, it is reported that he will be ab-

sent until the investigation of police is finished. This afternoon David Zerwekh, president of the Public Welfare Bague, called upon Sheriff Hodge to close the district, which was running in defiance of the

Sheriff Stands Rendy.

Replying to the request of Mr. Zerwekh, Sheriff Hodge sald: "I stand ready to take any steps seessary to carry out the court's or-er. My men have been searching for nearly three days for five of the proable to find them. I am convinced that the Superior Court will steps to uphold its dignity and to punish anybody found guilty of violating an order of the court. Before the court has had opportunity to bring the offenders before it, I cannot take the initiative. However, if the law continues to be broken, I shall findin way to put an end to it. I shall see to it that no new district is established."

Between 1000 and 1500 signatures to the reall patition circulated against the recall petition circulated against Mayor Gill were obtained yesterday. Representatives of the Public Welfare

names were affixed in the morning. At Plymouth Church, more than 50 signed during the day. The University dis-trict contributed liberally to the number of signatures also. Buck Deer Surprises Albany Folk. ALBANY, Or., Oct. 17 .- (Special.)-A three-point buck deer walked through the edge of the town of Sodaville, Linn County, yesterday and escaped unin-jured. About 5 o'clock the animal came down the road and entered the farm of Arch B. Horning, walking toward his barnyard. Horning, who was in Albany today, says the deer came within 75 yards of where he sat milking a cow.
