

# BALLOONS START ON RECORD RACE

## Ten Monster Aerostats Float Away, Representing Four Countries.

### CONDITIONS NEAR IDEAL

Swiss Entry, Azurea, Has Best Start With 50 Pounds Ballast—All Carry Provisions for at Least 50 Hours.

ST. LOUIS, Oct. 17.—The fifth international balloon race, which launched here this afternoon, when 10 monster aerostats, representing four countries, ascended amid the plaudits of thousands of enthusiastic spectators. They sailed toward the north and northwest and were out of sight within a few minutes.

Under ideal atmospheric conditions, amply provisioned for 50 hours or more, and ballasted with the usual amount, the balloons arose gracefully and sped away. There was not a hitch in the arrangements, though the Hamburg III, of Germany, Lieutenant Vogt, pilot, got a false start and the Million Population Club, St. Louis, S. Louis von Phul, pilot, narrowly missed colliding with a grandstand.

Balloons Leave at Intervals. The balloons were released at intervals varying from one minute to 20 minutes. The first to weigh off was the Condor and the last was the Germania.

Condor (France), Jacques Faure, pilot, Ernest G. Schmolck, aide, at 4:02; Million Population Club (United States), S. Louis von Phul, of St. Louis, pilot; Joseph O'Reilly, of St. Louis, aide, at 4:05.

Azurea (Switzerland), Captain Emil Bissler, pilot; Leon Giraudon, aide, at 4:07.

Hamburg III (Germany), Lieutenant Leopold Vogt, pilot; William E. Assman, of St. Louis, aide, at 4:14.

Isis de France (France), Alfred LeBlanc, pilot; Walther de Mumm, aide, at 4:24.

St. Louis No. 4 (United States), E. Honeywell, St. Louis, pilot; J. W. Toland, St. Louis, aide, at 4:30.

Helvetia (Switzerland), Colonel Theodore Schaeck, pilot; Paul Armbruster, aide, at 4:37:30.

Dusseldorf II (Germany), Lieutenant Hans Gericke, pilot; Samuel E. Perkins, New York, aide, at 4:38.

America II (United States), Alan R. Hawley, pilot; Augustus Post, aide, at 4:47.

Germania (Germany), Captain Hugo von Abercorn, pilot; August Blanckertz, aide, at 4:54.

Swiss Balloon Has Best Start. The Azurea got away with nearly 50 pounds of ballast, while the others did not.

Colonel Schaeck and his Swiss balloon Helvetia took a course almost due north from the aerodrome and when last seen was crossing the Missouri River in that direction.

Cortlandt F. Bishop, president of the Aero Club of America, was in charge of the contest. The race is for a distance of 100 miles to be air-line measurement from St. Louis. The winner will receive the James Gordon Bennett cup and \$2000; the second and third prizes being \$1000 and \$500.

Under the rules a landing is made if the baskets touches the ground or the drag rope becomes entangled in trees or trails along the ground for more than 15 minutes, or if the balloon descends in fresh water. If a balloon descends in salt water it is disqualified.

The velocity of the wind when the race started was eight miles an hour and the direction southwest to northeast. Weather Observer Hayes expects the balloons to take a northerly course after they have reached the higher altitudes.

### COUNT LIKELY TO STAND

(Continued From First Page.) In many cases not more than a thousand names had been added, he said. Corrections probably would be made in such cases without calling attention to the fact. In other cases the frauds had been of such magnitude that special explanations probably will be published.

While no intimation is given as to conditions in Seattle, it is known that the frauds there were by no means so extensive as those committed in Tacoma.

### MINNEAPOLIS NOT MUCH INFLATED

Reports received today from the representatives of the Census Bureau in Minneapolis indicate that a comparatively small inflation will be shown in that city. In all cases where there was false enumeration, it is said to have been due to acts of individual enumerators, and for the purpose of swelling their own returns. The figures for Minneapolis probably will be given out before the end of the week.

When asked if there could have been any reason for including San Francisco and Los Angeles in the list of cities where padding had been practiced, Director Durand said that he preferred not to discuss the reports of those cities. Without saying that they were at all involved, he said that the Census Bureau was continuing its investigation.

STACEY CORWIN IN PORTLAND Tacoma Enumerator Says Census Bureau Has Known Whereabouts. Stacey Corwin, who was in charge of the census enumeration in the city precincts of Tacoma, under Supervisor Kelly, who left that city after the count was completed, did not go to the Philippines, as reported in Tacoma, but came to Portland and is now in the employ of the Portland Gas Company's pipe department. When seen last night, he declared that his address has been known to the Census Bureau right along.

ma to escape an investigation of my work in the Census Bureau any all boob. Special Agent McKenzie knew that I was coming to Portland to work for the Gas Company, and he could have got into communication with me at any time. I formerly worked in the Department of Public Works at Tacoma, and lots of people there know where I was. I am sure that I live at 487 Taylor street, Portland, and can be found there at any time.

Portland's checking is going rapidly forward at the office of Special Agent Hester, in the Federal Building. There have been no fraudulent developments according to Mr. Hester, but now that the work has been undertaken, there will be a general investigation.

Several boxes of schedules arrived at the Federal Building yesterday. These will be opened and, as fast as the 11 employes of Mr. Hester can reach them, will be checked.

### M'KENZIE TALKS OF TACOMA

Census Agent Denies He Said Population Would Exceed 100,000.

SPOKANE, Wash., Oct. 17.—Special Census Agent McKenzie today declared that he made neither direct statements nor intimations that Tacoma's population would exceed 100,000, and scouted the report from the Coast that Tacoma is being made a "victim" by the Census Bureau.

"Employees of the Census Bureau were given strict instructions not to deal in figures, and neither I nor any other field employe violated this order," he said.

"The Spokane census was well taken. It shows a remarkable accuracy. The wholesale discrepancies appearing in the reports from Coast cities are entirely absent in the Spokane census.

"Overzealousness on the part of misguided Tacoma residents is the cause for the wide discrepancies disclosed in the check."

### CHARGE RESENTED IN BOISE

Commercial Club Would Make Du-rand Prove Padding Allegations.

BOISE, Idaho, Oct. 17.—(Special.)—Increased charges of padding the census returns of Boise should be made by Director of the Census Durand, the directors of the Commercial Club are determined to force the director to prove his allegations, and, if he cannot, withdraw them. It is very probable that the club, at its meeting Wednesday of this week, will take the initiative and demand a recount.

Census Supervisor Perrault asked for and was given the assistance of the club to "count noses" in Boise. The returns were the duly forwarded and an unofficial report placed the census of the city close to 25,000. The last census gave Boise 6900.

"The charge of padding in padding the census in Boise is absurd," declared Riley Atkinson, secretary of the club.

### DOG GIVES FIRE ALARM

BLUE RIBBON WINNER SAVES SPOKANE HOMES.

Canine Refuses to Heed Commands to Cease Barking, and Blazing Shed Is Discovered.

SPOKANE, Wash., Oct. 17.—(Special.)—The nervous barking of Bismarck, a thoroughbred French bulldog, blue-ribbon winner at the recent bench show, resulted in the discovery of threatening fire early this morning and saved several houses in the Boone-avenue section.

Bismarck, a canine with no mean pedigree, is attached to the household of John F. Brill, a court reporter at 2214 Boone avenue. At 2:30 this morning the dog awakened the Brills by a series of sharp, excited barks. For once he refused to heed his master's down and he was a good dog," and Brill eventually saw what had excited the dog, the flicker of flames from across the street.

Investigation showed that a shed behind the house of Mrs. Anna Rapp, 2211 Boone avenue, was on fire. All in the neighborhood were asleep, and only the dog had noticed the flames, which threatened not only the Rapp residence, but two other nearby houses.

The fire department was summoned by telephone, and the blaze was soon extinguished.

### GLADSTONE GETS NEW DEPOT.

OREGON CITY, Or., Oct. 17.—(Special.)—A new depot is being constructed at Gladstone by the Oregon Water Power Company. This was established through a petition by the many residents of Gladstone living near the Clackamas River bridge. The building, which is to be 27 by 30 feet, will have a room for the accommodation of passengers and also a freight room.

## The Book Lovers' Club

### Started Monday Has Over Three Hundred Members—Think of It

### Subscription Books \$1 Week

—In reviewing the many years of retailing we fail to recall any event in our entire mercantile career that approaches this book sale in magnitude or importance. It involves a certain amount of courage to contract for the number of sets we guaranteed to dispose of in this sale.

—Judging by Monday's enthusiastic buying, by the favorable comments of book experts, by the approval of men who own the best private libraries in Portland we feel confident that this sale will be the largest of its kind ever held on the Pacific Coast.

—These library sets are sold at half former prices and in many instances represents less than the cost of production.

### Books of the Jenson Society

—These books until now were sold by subscription only. This is the first time they have ever been offered at retail, and in order that every one can enjoy the privilege of this sale we sell these books on our Book Lovers' Club Plan.

### \$1.00 Down, \$1.00 Week

—Library editions of Browning, Smollett, Fielding, Balzac, Hugo, Irving, Gibbon, Thackeray, Dickens, Ruskin, Dumas, De Musset, Poe, Shakespeare, Kipling, Scott, Goethe, Lamb, Byron, Shelley at HALF publishers price.

—Books delivered upon the first payment of \$1.00.

### WOMEN'S RALLY ON

#### Seven Hundred Attend National Missionary Jubilee.

#### LITERATURE EXHIBIT LARGE

#### Six Denominations Represented at Assembly—Three Addresses Delivered at Opening of Session.

#### Foreign Envoys Here.

With over 700 in attendance, representing many denominations, the Portland celebration of the Woman's National Foreign Missionary Jubilee opened yesterday afternoon at the First Presbyterian Church at Twelfth and Alder streets.

One of the interesting features of the jubilee is the display of exhibits of literature of different denominations. There are eight exhibits, each representing the literature bearing on missionary work which has been published by the denominations. Bound books by well-known writers, pamphlets and circulars go to make up the collection.

The following churches have exhibited: Congregational, Christian, United Brethren, Methodist, Baptist, Presbyterian and German Evangelical.

Mrs. W. A. Montgomery, of Rochester, New York, who represents the National Jubilee Committee; Mrs. Tannis S. Hamlin, Miss Ella MacLaurin, a prominent Baptist secretary, and Miss Florence Miller, a representative from the Christian Foreign Board, were the principal speakers yesterday afternoon. Addresses were made on "Missionary Study for Young Women," "Proportional Giving" and "Cradle Roll."

Mrs. Hamlin gave an interesting talk on missionary work done by rich girls. She went into the subject in detail, showing instances where wealthy young women are accomplishing a great deal of good by earnest and persistent work.

A short speech was also made by a member of each denomination exhibiting, touching briefly upon the missionary work accomplished.

At 7:45 o'clock last night the evening session was opened by a Scripture lesson by Rev. W. H. Talbot, followed by a prayer by Rev. H. R. Talbot.

An address, which will be continued for two evenings, was begun last night by Mrs. Tannis S. Hamlin. Mrs. Hamlin has just returned from a trip around the world visiting the different missionary stations. Her talk will be in connection with her visits to these stations, and will be concluded at tonight's session.

Mrs. W. A. Montgomery also gave an address last night on missionary work. Today's session will open at 10 o'clock A. M. when addresses will be delivered by prominent speakers. This will be followed by denominational rallies.

NO GROCERIES, NO MEATS, NO LIQUORS, NO RESTAURANT

# Lipman-Wolfe & Co

## If You Need Sweaters Come to Us Today

—INDIAN SUMMER. With its snappy mornings and evenings, invigorating, bracing air. Ideal days for tramping over the hills, golfing and motoring. Too cool for light weight clothing, not cold enough for your Winter weights. A sweater fills the gap.

### NO MORE KIDNEY BACKACHE OR BLADDER MISERY AFTER TAKING JUST A FEW DOZES

The Kidneys Surely Act Fine and Urinary Trouble Vanishes After Taking Pape's Diuretic.

The time to cure kidney trouble is while it is only trouble—before it settles into Dropsy, Diabetes, Gravel or Bright's Disease.

The moment you suspect any kidney, bladder or urinary disorder, or feel a constant or dull aching in the back, sides or loins or the urine is thick, cloudy, offensive or full of sediment, irregular of passage or attended by a sensation of scalding you should begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine, at any price, made anywhere in the world, which will effect so thorough and prompt a cure.

Pape's Diuretic acts directly upon the kidneys, bladder and urinary system; cleanses, vitalizes and regulates these ducts, organs and glands, ending at once such miserable symptoms as lame back, prostatic trouble, headache, dizziness, weakness, nervousness, rheumatism and darting pains, inflamed or puffy eyelids, irritability, bilious stomach, worn-out feeling, sleeplessness or uncontrollable urination (especially at night), and other distress.

Don't be miserable another moment with a lame back or clogged, inactive kidneys or bladder misery, for after taking Pape's Diuretic a few days you will be relieved and know all danger is passed.

Your pharmacist, physician, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, Ohio, who prepare Pape's Diuretic—50-cent treatment—sold by every druggist in the world.
