its completion."—Mayor Simon.
A second suit attacking the Broadway bridge bonds was filed in the State Circuit Court yesterday by Attorney Ralph Duniway, representing Frank Kiegnan, but it is not con-sidered of a serious nature by the City Attorney's office.

Breadway bridge bonds, covering the full besue of \$250,000 over which there has been so much litigation, will be turned ever to the purchasers, the National Shawmut Bank of Boston, through the Ladd & Tilton Bank of this city, Mon-day, by City Treasurer Werlein, and imday, by City Treasurer Werlein, and immediately thereafter Mayor Simon will
have a call secued for bids for the construction of the different parts of the
bridge. He said yesterday that within
two months he hopes to have the contracts let and everything in readiness
for the commencement of work.

New Suit Is Filed.

Frank Klernan, through his attorney, Raiph R. Duniway, filed a new suit in the Circuit Court against the city yea-terday to prevent the issuing of the bonds terday to prevent the issuing of the bonds for the bridge, but although the complaint sets forth that a restraining order is desired, no verbal application was made for it, and none was granted. It is believed by the City Attorney's office that in the face of the case that is now in the hands of the Supreme Court, the Circuit Court would refuse to grant a restraining order, and that if the case now being decided by the Supreme Court results favorably for the city, the suit filed yesterday will be thrown out of court.

and inform him that we are ready to advertise for bids. We will insert advertisements in local and Eastern papers for bids for the contracts for the bridge,

Mayor Wants Work to Begin.

The Mayor expressed his desire yester-day to hurry the preparations for the work on the bridge as rapidly as cir-cumstances will permit. It is probable that two contracts for the work will be let, the one being for the substructure and the other for the superstructure, or spans. The engineer has been at work

desire to bid.

But Hille serious attention was given yesterday by the City Attorney's office to the suit filed in the Circuit Court saminst the city. H. M. Tomlinson, who, as chief assistant to the City Attorney, has charge of the latter's office, while Mr. Grant, who was at Salem to argue the case before the Supreme Court, expressed his belief yesterday that the suit was to try to bring the matter to the United States Supreme Court.

Was to try to oring the matter to the United States Supreme Court.
William C. Henbow, Deputy City Attorney who has been handling the case with Mr. Grant, looked the complaint filed yesterday over carefully and noted that it differed from the original suit in but few features. One of these is that it includes the Ladd & Tilton Bank among the defendants. Another new feature in the complaint is the charge that the bonds were not legally sold, as the price to be paid is less than their par value.

Supreme Court to Rule.

The question regarding the right of the city to sell the bonds for less than their par value." said Mr. Benbow, "was presented to the Supreme Court by Mr. Duniway in his brief, and will be ruled upon when the case now pending in that court is decided. We have cited the court is a case in the first volume of the Washington Supreme Court reports that covers the same question, and in that case it was decided in favor of the city's right to sell the bonds for less than par value.

"It would be hard for Mr. Duniway to impress a court with the idea that his client is suffering any injury as a result of the low price paid for the bonds were not higher."

Mr. Benbow returned yesterday from Salem where he assisted the City, Attorney, and incidently the other attorneys representing the various improvement clubs, in presenting the city's case to the Supreme Court. After bis return yesterday he said that he was of the opinion that the Supreme Court would render the some time next week.

Attorney Is Confident.

There can be scarcely any doubt con-cerning the final decision of the court in the matter," said Mr. Benbow. "I feel sure that the bonds will be upheld, as it has been proved to the court that the bonds were not going into the hands

of innocent purchasers."

The second issue of Broadway bridge bonds, amounting to \$600,000, and recently authorized by the Council, are now being printed. Bids for the sale of this issue will be opened on November 7.

If the Supreme Court renders its decision on the validity of the bonds by
that time, it is felt certain that the bids will be higher, and the city will be the material gainer as a result. Advertisements for the sale of the second issue of the bonds have been run in Eastern financial journals, and already

more than 100 letters of inquiry concerning them have been received by City Au-ditor Barbur.

City Treasurer Werlein expressed abso-lute confidence yesterday in his ability to get the money for the first issue of the bonds by Monday.

Taxicabbies Arrested on Charge of Pocketing Receipts.

Systematic robbery of taxicah com-panies and their patrons by drivers was disclosed yesterday, when Alty Hoffman, a chauffour, was arrested on a charge of larceny of \$2.50 collected from cab patrons and not turned in. Hoffman's arrest followed that of Jack Rapp a day previous, and through the two arrests it was brought out that for some days six or eight secret operatives have been engaged in "spotting"

taxicabbies. The investigation was made under the management of the International Taxicab Protective Association. of which W. E. Green is the local repre-

of \$50 or \$60. "Two sources of graft are open to "Two sources of graft are open to the drivers. One is the overcharge and the other is the collection of a 'dismissal fee,' which is not turned over to the company. The overcharge is easily managed, as not one person in ten pays any attestion to the meter, the great majority accepting the driver's statement of the fare, unless his work is entirely too raw. Even then, if a man is out with a girl he is not likely to quibble over the price. In this kind of graft no one but the patron loses.

The element of weakness, however, is in the 'dismissal charge,' which is an extra fee collected for the return of the machine after taking a passenger to outlying districts. This is not recorded on the register, and it amounts to from 50 cents to \$1 in most cases. Our investigation showed that the chauffeurs never failed to collect this fee, but seldom turned it in to the company." company.'

AUTO SPEEDER ARRESTED

B. C. Murphy Must Answer to Charge of Speeding.

B. C. Murphy, having offices in the Corbett building and residing at 194 Twenty-first street, was arrested at Union avenue and Alberta street yesterday morning by Patrolman Sims, on a charge of speeding his automobile. The officer charges that Murphy was traveling at the rate of 25 miles an hour. Murphy asserted he was going but 18 miles an hour, but as that is still faster than the law allows, he will have to appear in court this morning to explain.

to explain. Through an error in setting down filed yesterday will be thrown out of court.

In a telegram from the National Shawmut Bank of Boston, received by the Ladd & Tilton Bank, yesterday, it was said that the bonds should be accepted as soon as presented, properly printed. An error had been made in the wording of the original bonds, and thus it is necessary for the city to have them reprinted. The corrected bonds will be off the press and ready for delivery Monday.

"As soon as we get the money for the bonds," said Mayor Simon yesterday." I will send a telegram to Chicago to Ralph Modjeski, the engineer, who has been preparing the plane and specifications, and inform him that we are ready to advertise for bids. PORTLAND, Oct 21.—(To the Editor.)— The Municipal Free Employment Office of Portland is a good institution and is do-ing a commendable work, and it should and doubtless does receive the moral support of the neonle, but a little episode that oc-

doubtiess does receive the moral support of the people, but a little episode that occurred there last Wednesday ought not to pass unnoticed.

I called during the lunch hour (between 12 and 1 o'clock) and found the office locked. There were from 12 to 15 men gathered there, some sitting on the steps, while others were grouped slong the edge of the sidewalk. To all appearances they were quiet, well-regulated, well-behaved and bonafide working men, earnessly seeking empleyment.

A Household Medicine

To be really valuable must show good results from each member of the family using it. Foley's Honey and Tar does just this. Whether it is the chronic cough of elderly people, or whether it is with children or grown persons. Foley's Honey and Tar is always safe, sure and effective. It cures coughs, colds, croup, whooping cough, and all affections of the throat, chest and lungs. Earl Fair, Waukesha, Wis, writes us recently: "For some years past I have been a great friend of your Foley's Honey and Tar cough remedy, and our family uses it for all coughs and colds. I had a most stubborn cough which gave me much distress and inconvenience and falled to respond to ordinary treatments. I finally resorted to the old reliable Foley's Honey and Tar, and less than two 50-cent bottles effected a complete cure. I consider it the greatest and best Cough Remedy ever made and recommend it to all." Sold by all druggists.

Alleging Divorce and Remarriage Are Both Invalid, First Spouse Demands Property Rights.

For marrying again within two months after the granting of a decree of divorce, Matthew Monaghan, proprietor of two rooming-houses at 391 Harrison street and 170 North Sixteenth street, was arrested yester-day on a charge of immoral conduct, Sara Noonen, whom he married last, is accused with him. The com-plaint was sworn to by Mary Monag-han, the divorced wife, who alleges that the proceedings by which the di-vorce was obtained were irregular. A divorce was granted to Monaghan from his former wife last April. He from his former wife last April. He alleged she had deserted him at Au-burn, N. Y., in 1908. Summons was not

served, but the proceedings were advertised. Two months after the decree was granted he went to Vancouver, Wash., and married his pres ent wife, with whom he lived until his arrest.

The former wife alleges that the accused pair are not legally married, for several reasons. She says that Monaghan had not been in the state a year when he brought sult; that
