Pennsylvania Republican Campaign May Hinge on It.

PORTLANDER NOT NAMED

John K. Tener Gets Warrant for North American Editor for Calling Astoria-Seaside-Tillamook Line a Swindle.

PHILADELPHIA, Pa., Oct. 24.—(Special.)—Though 300 miles from Portland, Or., not only Pennsylvania's gubernatorial campaign seems to hinge on data supplied by a resident of the Willamette metropolis, but his research discussed by the Philadelphia North American was made the basis of a suit for criminal libel filed today by John K. Tener, Republican candidate for Governor.

Devoid of legal verbiage, the complaint alleging libel of Tener declares that the North American maligns him by calling the Astoria, Seaside & Tillamook Railway a "phantom railroad," the whole enterprise a "huge swindle," its promoters "swindlers" and their boast "to exploit the entire railway system of Astoria" a "brazened fraud."

Portland Expert Not Named

In making the Northwest operations of the National Public Utilities Corporation the main ammunition of its crusade against Tener as a gubernatorial candidate the North American does not give the name of its Portland, Or., representative, but devotes a column to the result of his scrutiny of the Astoria, Seaside & Tillamook Railway, which embodies the assertion that "there would be no encouragement for outside investors to put any money into the execution of the plans of the Astoria, Seaside & Tillamook Railway."

Elaboration of the report made by the North American's envoy in Portland, Or., discussion of the literature sent broadcast by the National Public Utilities Corporation, of which Tener was president, reproduction of Astoria pictures which illumined circulars published by the corporation, and a table showing the earnings of the road not yet built will be the principal exhibits in the libel suit.

Circulars Called False

Excerpts from the corporation's exploitation literature upon which the North American commented and based its accusation of fraud against Tener include the following:

This railway is being built from Astoria, Or., across Young's River, through Warrenton, Or., and its base southward along the Pacific Coast to Seaside, Or. After this line is extended to Tillamook, Or., a further district of about 75 miles of road. All necessary franchises and rights of way for the present line have been secured. The cost of the actual construction work begun. The whole of the construction work is expected to be finished and the road in operation within 12 months.

PRANK OF LASSIES HAS MOST DISMAL ENDING.

Joke on Prominent Walla Walla High School Lads Destroys \$1500 Car Owned by One.

WALLA WALLA, Wash., Oct. 24.—(Special.)—In an attempt to play a joke on their escorts, two girls of this city Saturday night burned up the automobile they flitted while the young men were not looking and Elmer Davis mourns the loss of a \$1500 car. Davis, with Frank Booker, halfback on the high school football team, took the girls out for an automobile ride Saturday night and stopped at the Davis country home. Here the girls slipped away and took the car, intending to play a prank and make the young men walk eight miles into the city. Frank, falling in this, they secured another and went out to find the lost one. Returning near the scene of the escape they found the girls in tears and the automobile in ashes.

Two San Francisco Men Likely to Be Seized.

WOMAN POTENT WITNESS

Identity of Suspects Withheld, but It's Certain Three or Four Will Be Haled Before Special Grand Jury.

LOS ANGELES, Cal., Oct. 24.—(Special.)—Certainly three, and possibly four of the labor union leaders of the Coast will be indicted by the special grand jury to be selected tomorrow according to the positive statements of officials who will put in the evidence.

Clews Regarded Positive.

Earl Rogers has built up the evidence as he followed the clews, and feels sure of the "higher-ups" though the roustabouts involved in the crime are missing. Bryce Smithy, and the "Mexican" are sure to be indicted.

Identity Is Secret.

Only Rogers knows exactly who they are for. Should any of them attempt to get away before the grand jury needs them, they can be summoned instantly for the inquest.

BALLOON TO JOIN HUNT FOR OTHER

Rescue Party to Make Trip by Air-Route.

ST. LOUIS III WILL BE USED

Von Phul to Lead Search for Missing America II.

WINDS THOUGHT FAVORING

Aerostat to Be Sent to Sault Ste Marie and Thence Started Over Canadian Wilds, Stocked With Boat and Month's Supplies.

ST. LOUIS, Oct. 24.—If Alan R. Hawley and Augustus Post, the missing pilots and their balloon America II, are not reported by Wednesday morning, St. Louis von Phul, as the representative of the Aero Club of St. Louis, will attempt to locate them with the balloon St. Louis III.

This plan was decided upon at a meeting of the board of governors of the Aero Club of St. Louis tonight. Von Phul will take with him J. M. O'Reilly, his aide in the international race which started from St. Louis a week ago today, and go to Sault Ste Marie, where the balloon will be inflated and sent north into that part of Canada where Hawley and Post are thought to be.

Provisions to Be Carried.

The rescue party will take along a month's provisions and a light collapsible canoe, and they expect to find favorable air currents which will carry them into the wilderness and make possible the location of the America's crew.

The Aero Club officials here are now working on the theory that Hawley and Post are to be found in the country contiguous to James Bay and north of the Lake Superior region.

Lewis Spindler, who will arrive in Toronto tonight, has been ordered by telegram to go to Capleau, Ont., where he will organize searching parties along the Canadian Pacific Railroad.

Low Flight Proposed.

Von Phul began tonight to get his equipment for the journey to find the lost men.

Von Phul said tonight that his purpose will be to fly as low as possible over a stretch of 200 or 300 miles of country north of Lake Superior, where signals may be seen or heard by the missing aeronauts. He was the first to land with his balloon, the Million Population Club, at a point near Racine, Wis., in the race which started last Monday.

As soon as Hawley and Post have been rescued the race committee of the Aero Club of America will determine the distance made by the respective entrants in the race, accepting the

JAPANESE DOGS ARE BRIDESMAIDS

DOGS TAKE PART IN GOTHAM SOCIETY WEDDING.

Mrs. Mary Schlei A. Bowen, of San Francisco, in Marrying Seattle Man, Dresses Pets.

NEW YORK, Oct. 24.—Just the minute Rev. E. L. Copefield started the wedding service, making Mrs. Mary Schlei A. Bowen, a wealthy San Francisco society woman, and Percy W. Evans, head of a Seattle shipping concern, man and wife, today, the three bridesmaids began to frisk and caper about. It took all the soothing efforts of the best man, Arthur Delroy and Mrs. B. F. V. Caldwell, of San Francisco, matron of honor, to keep them fairly quiet so that the ceremony could proceed.

The wedding was being held at the home of Mr. Delroy, lavishly furnished with rare objects of art from Japan. The bridesmaids were Kondo-San, Pinka-San and Okoyo Gelsch and wore gowns gorgeously embroidered with tiny lace. They are highly pedigreed Japanese spaniels from the Mikado's imperial kennels and were simply glad to see their mistress, who held them by a leash.

Japanese scores who sat on the scene. On a pedestal near the improvised altar stood a hideous grinning dog of Chinese porcelain and close by a great bronze Buddha smiled benignly in his gilded niche.

The setting for the wedding was quite appropriate, for the couple first met while traveling in Japan a year ago. After the ceremony the dog bridesmaids were given a dog dinner by Mr. Eugene Clarke, wife of the opera singer, at which Miss Lillian Russell's spaniel was also a guest.

2 CRASH, THEN CAR HITS

Auto and Wagon Bump Harmless, Second Jar Serious.

John Burroughs, a teamster, was injured severely last night when the wagon he was driving was struck by an automobile operated by Clarence Francis, at Belmont and East Fifty-third streets.

After the wreckage of the two vehicles was cleared away a streetcar collided with the tangled mass, completing the destruction of the auto, slightly hurting the horses and breaking the wagon.

The first accident did not result seriously to either the machine or the wagon, the front wheels of the auto alone being damaged. The horses were unharmed and did not try to run away.

While the men were trying to separate the vehicles the car drove in sight. Although men and boys signaled to the motorman, he did not stop in time to avoid a collision. The horses were thrown back into the automobile and broke it almost beyond repair.

The passengers in the car were slightly shaken but none of them was injured. Francis also escaped unhurt.

OFFICIALS AID OWN RECALL

Tacoma Authorities Forced to Issue Blanks Foes Request.

TACOMA, Wash., Oct. 24.—(Special.) The Municipal Commission had the pleasant task today of ordering recall petition blanks printed. There has been a lot of talk of recalls and citizens have asked for blanks, which the law requires must be issued by the City Clerk. He declined to lay in a supply until the Commission ordered them.

Reformers opposed to a restricted district have been particularly strenuous after Commissioner Roy, of the Department of Public Safety, but the charter does not allow recall petitions until a Commissioner has been in office six months. The time limit on the Commissioners expires soon now.

A recall petition, to be effective, has to be signed by at least 25 per cent of the qualified electors and not less than 2500. To get a recall election, it would require the signatures of a few more than 3000 voters.

HUSBAND'S VALUE IS \$2500

15-Year-Old Daughter's "Mama."

SPOKANE, Wash., Oct. 24.—(Special.)—The loss of a husband's affections, comfort and support has damaged Agnes Gollithon to the extent of \$2500, according to the judgment of Judge Sullivan, who gave the bereaved woman default judgment against Anna Gollithon, who became Jack's wife and who is accused of being the cause of his securing a separation from the plaintiff.

The evidence included a letter from Jack Gollithon to his 15-year-old daughter, in which he expressed regret for his action in divorcing the girl's mother and exonerated his former wife from any blame or improper conduct.

"I often regret it because I was not more careful to investigate things she would tell me for it hurts me to think I was divorced from your own mamma," says the letter. "I was divorced from your mamma more on what she had said to me and I found out it was all false."

SELLING BLOCK BLAZES

Red-Hot Rivet Starts Fire in 12-Story Building Being Erected.

A red-hot rivet, which found lodgment between the planks placed on the steel girders of the 12-story Selling building, now being built at Sixth and Alder streets, caused a small blaze to originate on the fourth floor of the structure at 7 o'clock last night.

The fire department responded to a still alarm. The blaze was extinguished with chemicals. The rivet which was responsible for the excitement is believed to have been tossed aside by the steel workers earlier in the evening. The blaze was detected by a night watchman.

STEAMER WRECKED; CREW OF 19 LOST

Disaster Occurs Off Newfoundland Coast.

STORM BLOTS OUT LIFE

Regulus on Way to Sydney When Overtaken by Wind.

GULF CRAFT IS MISSING

Details of Recent Hurricane in West India Waters Give Evidence That Several Boats Long Overdue, May Be Lost.

ST. JOHNS, N. F., Oct. 24.—News of the wreck of the steamer Regulus, bound from Belle Island to Sydney, with the loss of 19 men of the crew, was received here today.

The wreck occurred at Shoal Bay, nine miles from this port. The Regulus has been running between Newfoundland ports, Sydney, C. B., New York and Philadelphia.

Tail Shaft Is Broken.

She broke her tail shaft off the bay of Bulls, 36 miles from here, during a heavy storm yesterday, while on her way from Belle Isle to Sydney, and a tug picked her up late in the afternoon.

The storm increased, however, four hours were parted, and the Regulus became lost in the fog and darkness. At daylight the steamer was found to be a total wreck on a point of land at the entrance of Shoal Bay.

Nineteen members of the crew had been swept into the sea and drowned. When the tug left the steamer the vessel appeared to be breaking up.

HURRICANE DESTROYS CROPS

Jamaica Suffers Greatly From Recent Gulf Storm.

KINGSTON, Jamaica, Oct. 24.—Mail advices from Grand Cayman say that the recent hurricane did considerable damage to growing crops. Huge seas washed over half of the islands. Two vessels were driven ashore at the east end of Grand Cayman and wrecked.

The crew of the Norwegian bark Palas arrived at Montego Bay, Jamaica, tonight. The vessel was caught in the storm 50 miles east of Jamaica. She was dismantled off Grand Cayman and drifted on the reefs. The lifeboat was ready to launch, but was torn away. The crew were forced below until the storm subsided and then were brought ashore in canoes.

RESCUED SAILORS NOW SAFE

Seven Reach New Jersey; Heroic Captain Believed Drowned.

NEW YORK, Oct. 24.—Seven sailors, rescued from the sinking four-masted schooner Holliswood, lumber laden from New Orleans for New York, were brought into Perth Amboy, N. J., today by the Norwegian steamship Hargold, commanded by Captain E. A. Burg.

Captain Walls declined to desert his ship, and in all probability has been drowned. The Holliswood was overtaken by a storm October 12.

TANKER GUFFEY CALLED 'S. O. S.'

Wireless Call Not From Oklahoma, Off Nantucket.

PHILADELPHIA, Oct. 24.—The wireless call for help reported last night by Nantucket as having been sent out by the oil tanker Oklahoma, of the J. M. Guffey Petroleum Company, is thought to have been from the tanker J. M. Guffey of the same line.

The latter vessel reported, when it reached the Delaware breakwater tonight, that when south of the Delaware capes last night a seam opened and the tanker was making considerable water. A wireless call was then sent out to the steamer Ligonier, of the same line.

The J. M. Guffey is coming up Delaware Bay tonight under its own steam with the barge Conemaugh in tow.

MANY SCHOONERS MAY BE LOST

Fears Entertained for Safety of Water-Craft in South.

KINGSTON, Jamaica, Oct. 24.—Fears are entertained for the safety of several schooners which left American ports weeks ago with cargoes of lumber, consigned to Kingston.

The schooner Earl of Aberdeen arrived last night from New Orleans. Her sails, steering gear and trawl were carried away during the hurricane off Cuba.

CARGO OF COCONUTS LOST

British Schooner Disabled or Sunk in Big Hurricane.

MOBILE, Ala., Oct. 24.—It is feared here that the British schooner A. M. Lowery, from Truxillo, Honduras, has been disabled or lost in the hurricane of last week. She is nine days overdue.
