Colonel Insists Bourbon Governatorial Candidate Was in Wallpaper Combine.

93-MILE AUTO RIDE TAKEN

Ex-President After View of Revived Farms Dissects Democratic Circular, Which Scores His Policies.

BINGHAMTON, N. Y., Oct. 24.—The study of scientific farming at close range kept Colonel Roosevelt busy most of the time today. He rode 93 miles in an automobile to inspect abandoned farms of this section of the state, beginning at Ithaca and ending at Binghamton. He decided that a farmer who goes about it in the right way can make a good living from land now going to waste.

Three Receive Him. When Colonel Roosevelt arrived at Ithaca early in the day, Representative John W. Dwight, professor L. H. Bailey of Cornell University, and George E. Monroe, an expert from the Agricultural Department, took him to breakfast.

Colonel Roosevelt appeared on the balcony of the hotel and began his speech by referring to court records in these speeches which also became a director of the Standard Wall Paper Company in June, 1907, the final decision declaring the wall paper combine illegal was not rendered by the Supreme Court until February, 1909. Mr. Dix, he said, either did not know what his company was doing or else he was not frank in his assertions on the subject.

Long Ride Taken. Then the day's ride was started. The first stop was made at the farm of James Shekiers, 14 miles from Ithaca. Mr. Monroe showed the Colonel land which a few years ago had been regarded as worthless. The Colonel said he said now produced 200 bushels of potatoes to the acre. Secretary Wilson, of the Department of Agriculture, sent Mr. Monroe into New York State three years ago, with the result that 2000 acres are being cultivated under his directions in the Connecticut hill region and as much more in the Irish hills nearby.

Colonel Roosevelt said it was "great" and that he believed the upbuilding of agriculture in this country had begun. The Colonel referred in his speech here tonight to a circular which he said the Democrats had sent out. He had one of the circulars in his hand when he addressed the crowd.

Bourbon Circular His Theme. "The Democratic party in this campaign stands for tranquility and peace and is opposed to the wild doctrines of Roosevelt," he read from the paper.

"Well, the big Roosevelt doctrine is 'These shall not pass.' It is to defeat the Roosevelt policies will require for legitimate use a large outlay of money," he continued again, reading from the circular. "The circular," he said, "is signed by Charles F. Murphy and others. They may call them Roosevelt policies if they wish," the Colonel continued. "The circular says that the average far-sighted man. It will require a larger outlay of money than all the money Tammany Hall can collect from Wall Street."

"I think we'll win," Mr. Roosevelt exclaimed, "this year, and if not, we'll go ahead and win next year. We've got the Republican party on the highest plane it has ever been in New York state."

DIX REITERATES HIS DENIAL Not Connected With Wallpaper Trust. He Demands Apology.

ALBANY, N. Y., Oct. 24.—Repeating his assertion that he is not and never has been connected directly or indirectly with any "wall paper trust," as alleged by Colonel Roosevelt, John W. Dix, Democratic nominee for Governor, in a statement tonight demands from the ex-President "the apology which one gentleman owes to another for even involuntary misrepresentation."

Mr. Dix states that he never had any connection with the Standard Wall Paper Company, which was a defendant in an action before the United States Supreme Court. That company went out of business, he said, in 1902, and the Standard Wall Paper Company, which Mr. Dix is now a director, was organized and bought, among other properties, the plants and manufactured goods of the old Standard Company.

"This whole business," said Mr. Dix, affords another example of the reckless manner in which the ex-President of the United States misuses the great standing which he acquired by his election to the Presidency to misrepresent those who oppose him in any way."

BAD CHECK BAIL MONEY Judge Accepts Spurious Paper From Man Held as Forger.

MEDFORD, Or., Oct. 24.—(Special.)—A number of business men in Medford have fallen victims lately to passers of bogus checks. The latest accuser of spurious paper is Judge Cannon. Will Teeters, as he was known in Medford, was arrested a few days ago in Willows, Cal., on the complaint of Medford persons and was brought to Medford to answer the charge. He was released by Judge Cannon on \$200 cash bail, which was paid by a check. When the check was presented for payment no funds were reported by the bank. In the meantime Teeters left town. The check was later made good by his partner, but Teeters has not been found.

HEINZE BRIEF IS FILED One Charge Against Banker Alleges Spiriting Away of Witness.

WASHINGTON, Oct. 24.—The brief of the United States in the case against Fritz Augustus Heinze, involving charges of wilful misapplication of the assets of a National bank, wrongful discounting of notes, etc., while Heinze was president of the Mercantile National Bank of New York, was filed in

the Supreme Court of the United States today. The present proceeding is on a direct writ of error to the Circuit Court from the Southern District of New York for review of the Circuit Court's action in sustaining a demurrer to each of the first 15 counts of an indictment against Heinze. The aggregate of the unsecured notes which figure in the counts of the indictment is \$1,562,000. The insufficiently secured notes aggregate \$470,000. Arthur P. Heinze, of New York, failed today to obtain any relief from the Supreme Court from the sentence imposed on him by New York Federal courts on a charge of having impeded the investigation of the Government into the banking business of his brother.

The hearing before the Supreme Court Master, in which Heinze seeks to secure an accounting from Adams for the collateral, was suspended during the criminal trial.

LAW AIMED AT LOAFERS COUNCIL TO TAKE STEPS TO STOP OGLING OF WOMEN.

Loitering About Portland's Streets May Be Halted When Ordinance, Imposing Fines, Is Passed.

At the next meeting of the City Council an ordinance is to be considered for passage providing that a fine of not exceeding \$100 may be imposed upon any person who loiters in the streets of Portland so as to obstruct the passage of vehicles between the curbs, or who shall stand upon the sidewalks, or at street corners and thus interfere with the free use of the walks by pedestrians.

It is believed that the ordinance is aimed at street corner loafers and public meetings on the streets, where large crowds sometimes congregate.

Prominent members of the Socialist party were last night of the opinion that the new legislation aimed at their gatherings in the vicinity of Sixth and Washington. Socialists are determined to oppose the passage of the law, and it is expected that when the statute books, to contend for the right to occupy the streets in the cause of "free speech."

STREETS ONLY QUESTION St. Johns Can Get Free Delivery Now, Declares W. E. Williamson.

According to W. E. Williamson, Portland's assistant postmaster, the only thing necessary for St. Johns to do to get free mail delivery is to show that it is within five miles of Portland's city limits, that it has more than 1500 inhabitants and that it has the required amount of improved streets. The first two conditions are easily shown, but the last will have to be decided by a postoffice inspector.

Democratic Votes Madness. "For the man who in his heart wants to preserve fair and reasonable protection for the American wage-earner and the American producer, and who, therefore, wants duties so adjusted that they will measure the difference between the cost of production at home and abroad, and who in his heart abhors the Democratic fallacy of duties for revenue alone, it would be the extreme of madness to vote for a Democratic candidate for Congress, who, if he be honest, will rob the court of its surest safeguard," said Senator Cummins.

Republicans Are Warned. "We all know," he said, "and it is an inexcusable blunder even to attempt to conceal it, that if every Republican, who feels that we did not revise the tariff in accordance with our party platform, votes the Democratic ticket in November, there will be a Democratic House of Representatives. If every Republican who feels that some of the proposals made by Republican leaders in the last Congress for the regulation of common carriers were reactionary and unfair, records his vote for Democratic candidates, then Republican victory is impossible."

PARK'S STATE INCENSES BROOKLYN CLUB SAYS BOARD NEGLECTS IT.

Residents Ireful That Ladd's Addition Is Improved While Other Tract Is Eyesore.

Brooklyn people are up in arms over the treatment they have received from the Park Board. Promised months ago that the small park tract at the corner of Milwaukee and Powell streets would be cleared and put in condition to be used as a park, nothing has been done.

The tract is deemed the worst eyesore south of Division street. Torn up and disrupted by the removal of the old pumping station, the tract has been in condition for months, while money has been appropriated by the Park Board for improvement of the Sellwood Park and several park blocks in the Ladd Addition. No promises, say residents, have been given to fix Brooklyn Park tract.

It is the sum and substance of a complaint made by the Brooklyn Improvement Club. At the last meeting of the club it was reported by the park committee, of which A. L. Keenan is chairman, that another lot of promises had been given, but nothing is being done to put the grounds in respectable condition. A. L. Barbur scored the Park Board for its neglect of the Brooklyn people.
