HOXSEY'S HEIGHT WINS

Though Johnstone Believed His Altitude Was Greater Barograph Is Proof of Defeat—Pupil Beats Own Teacher.

NEW YORK, Oct. 25.—When dusk began to settle on the aviation field at Belmont Park this afternoon there were 12 aeroplanes in the air at once and when the sun had set two of them were still flying.

Hoxsey's Flight Higher.

But Johnstone was mistaken. His barograph registered only 5,745 feet at 4:15 for Hoxsey's flight.

In a cross-country race to a captive balloon 10 miles west of the course and return, four aviators took Latham, in 50-horsepower Agoutette, was the first to cross the line.

Latham's speed down the wind was predicted. The timer at the balloon reported that he covered the 10 miles and passed the mark outbound in eight minutes.

The cross-country race had been begun when eight men went out for distance and two for altitude. Brookins, flying the Wright racer, made up all the distance he had lost in starting late and soon led the field by two laps.

Brookins Quits Race.

One and another of the competitors dropped out and the field narrowed down to Parkmead, of the Wright team, in his appearance Brookins in the Wright racer, and Latham, who had immediately entered the distance on his return from the cross-country race.

Gordon Bennett Elimination Trials.

Scheduled for this afternoon were repeatedly announced and postponed and finally were set for tomorrow.

76-Mile Speed Made.

Courtland Field Bishop, president of the Aero Club of America, and chairman of contest committee which had the race in charge, said shortly before to-day's programme was scheduled to begin that he had forbidden the American team to hazard their machines today and that there would be no elimination heats until tomorrow.

Hoxsey Wins Meet.

Special hourly distance event, won by Latham (Antoinette), 17 laps; time, 51:23; second, Wright; 16 laps; time 57:37:03; third, Brookins (Wright) 12 laps; time 22:40.

BIG SESSION BEGUN

Oregon Federation Woman's Clubs at The Dalles.

ALL STATE REPRESENTED

Live Topics Are Discussed and Reports by Committees Are Read.

Portland Commercial Club Envoy Speaks.

THE DALLES, Or., Oct. 25.—(Special.)—Today's sessions of the tenth annual meeting of Oregon Federation of Women's Clubs began at 9:30 o'clock, the delegates making record attendance.

Officers of the Federation present are: President, Mrs. Sarah A. Evans, Portland; recording secretary, Mrs. Agnes Bradshaw, The Dalles; treasurer, Mrs. Grace Forland; auditor, Mrs. W. J. Boynton, Eugene; director, Mrs. H. F. Davidson, Hood River; honorary president, Mrs. A. S. Dunbar, of Portland; fraternal delegate, Mrs. Robert H. Tate.

Clubs from Ashland, Baker, Eugene, Forest Grove, Hood River, Hillsboro, Lebanon, La Grande, McMinnville, Newberg, Ontario, Oregon City, Oswego, Prineville, Pendleton, Portland, Roseburg, Salem, Silverton, The Dalles and Woodburn were represented.

Committees Read Reports.

The morning session was occupied by reports of standing committees and officers. "Psychological Influence of Art" was the theme of a paper read by Mrs. Alice Webster and the revision of the constitution for creating a district Federation was discussed in the afternoon.

Vocal numbers were sung by Rev. D. Y. Pelling and Mrs. N. J. Sinnott. "Woman's Place in Civilization" was the subject of an address by W. A. Williams, of the Portland Commercial Club. This was followed by discussion.

Town in Darkness.

Though the city was left in darkness last evening because the Pacific Power & Light Company took that time to change the power wheels at its White River electric plant, the reception given by the Sorosis Club to its guests at the Commercial Club rooms was a most brilliant affair.

The Blanche's 100-horsepower Bleriot is credited with 76 miles an hour in a straightaway dash, but from the trial flights which Orville Wright made yesterday it appears that with double planes he was able to make the turns much more sharply than the Bleriot or the Antoinette monoplane.

OPEN RIVER IS URGED

ROSEBURG SEES POSSIBILITIES IN UMPQUA.

Binger Hermann Makes Address Before Commercial Club in Favor of Work on Rivers.

ROSEBURG, Or., Oct. 25.—(Special.)—Declaring their appreciation of the Government's action in sending engineers to the Umpqua Valley to determine whether the improvements of the Umpqua River by dam and lock construction is feasible, 100 of Roseburg's business men met at an informal luncheon at the Commercial Club rooms to-day and signed resolutions setting forth the possibilities of Douglas County and the Umpqua Valley in event the plan to make the river navigable carried out.

Copies of resolutions will be forwarded to the Government Engineer's office at Portland, and to the War Department at Washington, Binger Hermann, who has been instrumental in river and harbor improvements in many sections of the United States, delivered an address on "The Navigation of the Umpqua River."

"This county only awaits the coming of transportation to be one of the most productive sections in Oregon," said Hermann, "and it is my suggestion that we lend our undivided influence to that end."

Today's luncheon was the first of regular semi-monthly gatherings, and was distinctly successful. The ladies of the auxiliary served the luncheon.

Till It Got to be Second Nature—Suffering Endless and Without Relief—Cuticura Made Skin as Clear as a Baby's.

"If I had known of the Cuticura Remedies fifty years ago it would have saved me two hundred dollars and an immense amount of suffering. My disease (psoriasis) commenced on my head in a spot not larger than a cent. It spread rapidly over my body and got under my nails. The scales would drop off of me all the time and my suffering was endless and without relief. A thousand dollars would not tempt me to have this disease over again. I am a poor man but feel rich to be free of what some of the doctors called leprosy, some ringworm, psoriasis, etc. I took two bottles of Cuticura Remedial. If you had been there and said you would have cured me for two hundred dollars, you would have had the money. I was covered with the scales but by using Cuticura I was soon as clear as any person ever was. This was over twenty-two years ago and for a long time, through force of habit, I used to rub my hands over my arms and legs to scratch, but to no purpose—I was well. I had scratched twenty-eight years and it got to be a kind of second nature to me. Dennis Downing, Waterbury, Vt., November 27, 1907."

Cuticura is the most economical treatment for psoriasis of the skin and scalp. A case of Cuticura Soap and a box of Cuticura Ointment are sufficient to cure the worst case of psoriasis.
