## WEST IGNORES HIS PARTY IN POSTERS

Candidate Loses Hope as Democrat: Pins All Faith on Statement No. 1.

NEW APPEAL IS SENT OUT

Hand of Bourne-Chamberlain Combination Seen in Latest Move. Tactics Alienate Former Supporters in Marion.

SALEM, Or., Oct. 24 -- (Special.)-Oswald West evidently has given up hope of receiving much Democratic support, if new posters which are being emblazoned about this city are a guide. On these posters he announces himself as "Statement No. 1 candidate for Governor," and no mention is made of the Democratic party or the fact The first large poster issued by West's political manager carried with it the information that he was a Democratic candidate, but the new posters are replacing the old in many places and the revised legend is making ene-mies here for West in the Democratic

Many Democrats have declared them-selves as much displeased with the tactics being used in the latest play by the senior and junior Senators' pro-tegs to promote the distant candidacy of the Senators themselves. ber of these Democrats are in favor of Statement No. 1 and make no effort to conceal their predilections in this direction, they object to the palpable unfairness shown in these posters. Not only are Democrats incensed, but Republican former friends of West speak in the same terms. If there is speak in the same terms. If there is any place in the state where West expects to move Republican friends, it is Salem, they say, but they want to see a "square deal" given, and if he is a Democrat they object to his shielding himself behind a Statement No. I advertisement. It is a generally expressed opinion among local politiciars who are familiar with the situation that if West ever had a chance of carrying Marion County it has been lost to him now.

The defense will submit its evidence commencing next Saturday immediately following the presentation of the Government's casa. There was a clash of counsel over the discharge of witnesses by the District Attorney. The defense claimed the right to interrogate all who had been right to interrogate all who had been summoned by the Government. This the District Attorney denied. When J. H.
