"Tail of Ticket" Sees Signs of Trickery in Support of Oswald West.

#### PARTY DOWNFALL FEARED

Leaders in Movement Against One-Man Domination Will Continue Fight - Dr. Lane to Speak Twice on East Side.

H. B. Van Duser and R. E. McKay, leaders in the campaign to release the Democratic party from clique domina-Democratic party from clique domina-tion, said yesterday that they intended dispensing some "straight-from-the-shoul-der talk" at the next meeting of the Democrate, which will take place tonight in Gribel Hall, East Eighteenth street and Base Line road. Dr. Harry Lana, ex-Mayor of Portland, who has now come out in the open as a supporter of the top-to-bottom propaganda, will be one of the principal speakers at this meet-ing.

The feature of tonight's meeting will be attacks upon United States Senator Bourne, whom the "tail of the ticket" Democrats accuse of political trickery in his support of the candidacy of Oswald West for Governor. They see in Bourne's action signs of an attempt to "einch" the nomination for United States Senator two years from now by a combination of Republican and Democratic votes. They believe that Bourne is an opportuinist and will denounce him as panied by Frank Griffith, stenographer.

#### Party Decline Feared.

Dr. Lane and Bert E. Haney will speak at another meeting under the auspices of the "tail of the ticket" faction to be held at Woodman Hall, corner Russell held at Woodman Hall, corner Russell, street and Rodney avenue, tomorrow night. M. G. Muniy will act as chairman. Fearful that, unless public sentiment is aroused, the Democratic party will sink gradually to the level of the Socialist and Prohibition parties in Oregon, rendering the holding of conventions necessary, the anti-clique faction promises to dispense more "fireworks" at this meeting. at this meeting.

"It's a fight between the Democratic party and nonpartisanship," said George H. Thomas, chairman of the Democratic County Committee. "If matters are allowed to drift along as they are now the party would in the course of a few years be polling less than 5 per cent of the vote of the state and consequently would not be entitled to recognition as a politi-cal party. Either Democracy or non-partisanship must win in this fight.

#### Clique Control Means Ruin.

We are trying to save the party from annihilation in Oregon. We believe it would be a serious matter for the state were the party to drop out of existence, but that is what will certainly happen unless we take our stand firmly and confighting against one-man and control. As matters stand at present the Democratic party is merely used as a cloak for a few nonpartisin

It is a shame and disgrace that men who believe in the principles of Democracy should have allowed the party to drift so. Hereafter we purpose having men in the field for every office and mak-ing a vigorous campaign for all candidates alike. In this way we hope to revive the party."

#### GADSKI SUNDAY AFTERNOON

Great Artist Will Give Beautiful Song Recital at the New Heilig Sunday Afternoon.

Portland is now to take rank with the big Eastern metropolitan cities in that it will have a Sunday afternoon song recital by one of the world's greatest and favorite sopranes. Sunday afternoon is the time chosen by all the symphony orchestras to open their season of con-certs, and to present the various famous operatic stars who are chosen to appear on the programmes, so Portland, now that on the programmes, so Fortund, now that it is admirably equipped with a handsome and commodious theater, is not to be behind in the march of musical events. The Gadski programme is really a thing of beauty and the wonderful voice of the great soprano has never been rounder, aweeler or more delightful. It is, perhaps, not too much to say that no one has surpassed Gadski in the exquisite tones of her planisaimo ainging, while in her dramatic work she shows splendid power. The song recital on Sunday at the Heilig will be one of the greatest epochs in local musical annals. The Gadski tour is under the direction of Lois Steers-Wynn Coman.

case, but this he has neglected.

Three speeders were before the court yesterday and fines of \$25 were imposed. James Cushman, C. E. Haak and Charles W. Michel were the offending autoists. Michel, it is said, had just been married on the East Side and was hurrying with his bride to the Union Depot to catch a train for California for a honeymoon jaunt when he was evertaken by the motorwhen he was evertaken by the motor-cycle "cop." His journey was not in-terrupted because J. C. Hess, a Portland Automobile dealer, accompanied the policeman to the station and gave

PASTOR SAYS CHURCH LOSES AND GAINS BY STUDY.

Congregational Conference Is Held in Pilgrim Church-Imitators of Emmanuel Movement Scored.

That there have been gains and osses to the church through critical study of the Bible, but that the gains more than compensate for the losses, was the conclusion of Rev. W. D. Ferguson in his address before the Congregational Conference in session yesterday in Pilgrim Congregational

Rev. Mr. Ferguson said that in view of the attitude of the various churches on the subject of criticism of the Bi-ble, the subject was of great imporble, the subject was of great impor-tance. He pointed out that criticism of the Bible in its true sense meant sim-ply searching for historical truth and correction of errors which had crept into the texts of Scripture. It was not, he declared, to subvert the doctrine of the divinity of Christ or overturn the truth of the resurrection.

"I am opposed to free clinics in our puinits by the imitators of the Emman-

pulpits by the imitators of the Emman-uel healing movement by men unfit to use divine healing," declared Rev. D. T. Thomas in his address on "Gospel Healing in the Churches." "These free clinies cheapen the church and the divine healing."

Mr. Thomas maintained that divine healing was real, and that the church had not lost its power in this respect. "The cures made in our hospitals and surgical operations performed these days," said Mr. Thomas, "would have made even Paul wonder."

Rev. E. S. Bollinger, chairman of the

Hev. E. S. Bollinger, chairman of the apportionment committee on benevolences, reported making many recommendations for enlarged work in the department of home missions, building society, publication and other departments, thief of which was that Oregon should double its benevolences. Instead of giving \$5:100, the amount apportioned, he urged that it should give at least \$9:100. All the recommendations were referred to a special committee to investigate and report during the conference.

The Women's Misionary Society occupied most of the afternoon, and last night a platform meeting was held. Rev. J. R. Knodell spoke on "Oregon Dry." Following the address the Pacific University faculty and students gave a cencert.

E. B. MacNaughton will speak this morning on "The Church and the Young Man." which will be followed by an hour of denominational and inter-denominational fellowship, with addresses by Rev. W. B. Hinson, First Baptist Church: Rev. W. H. Foulkes, First Presbyterian Church: Rev. W. F. gave a concert. First Presbyterian Church; Rev. W. F. Foster, First Christian Church, and Rev. #### 2 "DOCTORS" ARE WANTED

Toledo, Wash., Seeks Dentist and Pirst-Class Veterinary Surgeon.

A good dentist and a first-class horse doctor are among the urgent needs of Toledo, Wash.

In a communication to the Portland Chamber of Commerce, Secretary Holt, of the Toledo Commercial Club, made known the town's wants and in no un-certain language requested the aid of the Portland organization in supplying To-

ledo with persons who will answer these respective callings. Toledo is a town of 600 inhabitants and constantly growing-both by influx of settlers and by the local birth rate. It has three general stores that carry stocks valued at \$10,000 each and has other mo ern and enterprising business establish-ments. Somehow dentists and veterinaries have seen fit to avoid the com munity thus far and the people feel slighted.
