

ROOSEVELT BEARS WORD FROM ROOSEVELT

Message Defining Attitude Toward Renomination in 1912 Expected Tonight.

COLONEL HAS BIRTHDAY

Day Spent in Thick of Fray, Enlivened by Attacks on Dix' Labor Record and Partner's Attitude Toward Tariff.

NEW YORK, Oct. 27.—United States Senator Root is due to make a speech in New York tomorrow night, which is expected to be one of the features of the political campaign. It is understood that Mr. Root will bring a message from Theodore Roosevelt, and the talk at Republican headquarters is that he will outline the ex-President's attitude toward a renomination in 1912. Colonel Roosevelt was 53 years old today. He spent his birthday in the thick of the fight for the Republican state ticket. He continued his attack on John A. Dix, whom he assailed in his speech here tonight, more severely than ever.

The Colonel criticized Winfield A. Hupphoe, chairman of the Democratic state committee, saying he was a man who should not be trusted. Dix Enemy of Labor. On Mr. Dix's labor record, Colonel Roosevelt said: "Last Sunday there appeared in the New York American an article written by Mr. Hearst and read by Mr. Shearn, in which it was alleged that Mr. Dix and his partners employed hundreds of them in paper mills; that those men worked 12 hours a day for \$1.65, and that when the other paper mills of the country had given their men eight hours a day and raised their wages to over \$2, Mr. Dix, as a consolation, raised the wages of the men 10 cents a day, provided as an offset that they should work 13 hours a day for five days in the week and 12 hours on Saturday."

Colonel Roosevelt enumerated the bills benefiting the workmen passed during his term as Governor of New York and as President and said that Henry L. Stimson, Republican nominee for Governor, had for the continuation of this work. "How well the worst enemies of labor understood," he went on, "that Mr. Dix is really against this action. James B. Olin, the head of the Canned Goods Packers' Association, who has announced that he would support Mr. Dix. The most persistent enemy of the child labor law which we have had in New York for years and has done everything he could to secure special exemptions for the mining industry from the requirements of the child labor law."

Partner Declared Untrustworthy. Colonel Roosevelt said that Mr. Hupphoe, Mr. Dix's business partner, and others of the Democrats were saying that the tariff was too high. "I appeal to what Mr. Hupphoe has done in the past as proving the truth of what I say," he continued. "A man who declares publicly that the tariff duties are too high, and who for his private business tries to get them made higher—such a man cannot be trusted and you cannot trust a party which puts him forward as its official and active head and manager in this campaign."

Paper Worker Says Candidate is Right With Unions. NEW YORK, Oct. 27.—J. H. Main, president of the Knip, Sulphite and Paper Workers of America, with headquarters at Fort Edward, N. Y., issued a statement tonight after declaring that a paper mill must run continuously 24 hours a day, he says: "The International Brotherhood of Paper, Sulphite and Paper Mill Workers, affiliated with the American Federation of Labor, thoroughly understands this situation and realizes the necessity of bringing these mills to an eight-hour basis. This, however, must be done in an orderly manner and cannot be wild, reckless agitation nor by revolution, which would cause business depression and disturbance."
