FILIPINOS KILL 8

Natives Slay Christians in Army Report.

100 MANABOS TERRORIZE

Raids, Directed Against Foreign Element, Result in Death to Americans and Chinese. Labor Troubles Responsible.

WASHINGTON, Oct. 31.—Eight Christians, one an American and two Chinese, have been killed and much property belonging to foreigners has been destroyed by the rebellious Manabos tribesmen in the Philippines, according to a report from Brigadier-General Pershing to the War Department today.

For almost a week or more two bands of about 100 Manabos have been terrorizing the people on the west coast of Luzon, in Southeastern Mindanao Island. Their raids have been directed against the foreign element. The companies of the Third United States Infantry were sent to suppress the disorder. General Pershing does not regard the situation as serious.

Labor troubles are believed by the War Department officials to be responsible for the uprising among the Manabos. The latter are of the lowest type of Filipinos, and they are endeavoring to resist any effort to compel them to work. It is presumed here that the outbreak has resulted from too vigorous measures to meet this condition taken by foreigners owning plantations.

NATIVES HATE ISLE PLANTERS

Uprising in Philippines Caused by Distrust, Says Bostonians.

BOSTON, Oct. 31.—The troubles in Davao Province, Mindanao Islands, are due to the hatred and distrust manifested towards some of the planters by the natives, in the opinion of the Misses Metcalf, two Boston women, who have just returned from Santa Cruz, Davao province, after a residence of five years in the Philippines.

BANK ROBBERS GET \$8000

Bandits Blow Safe and Have Running Gun Fight in Escape.

PALESTINE, Tex., Oct. 31.—Sheriff Black in receipt of a message from Grapeland today telling him that the State Bank of Grapeland was robbed of \$8000 last night. The vault was wrecked with explosives.

CRUISE ADMIRAL'S LAST

Schroeder to Give Up Atlantic Command When Fleet Returns.

NEW YORK, Oct. 31.—The departure from New York Wednesday of the bat-

SHIPMENT CONNECTICUT

flagship of the Atlantic fleet, will mark the beginning of the last cruise of Rear Admiral Schroeder as commander. Schroeder has been a flag officer for five years and its commander-in-chief since the cruise of the famous round-the-world cruise of the fleet two years ago. He will transfer the command upon the return of the Connecticut, early in January.

BATHTUB INQUIRY IS ON

GOVERNMENT BEGINS INVESTIGATION OF TRUST.

Edward L. Wayman Tells of Agreement With 16 Defendants on Royalties for Use of Patents.

PITTSBURGH, Oct. 31.—Government investigation into the so-called "bathtub trust" began here today before Lindsey C. Spencer of Baltimore, appointed examiner by the United States Circuit Court in that city to take testimony.

Edwin F. Grosvenor, special assistant to Attorney-General Wickersham, is representing the Government, while Attorney Herbert Noble of New York, Hartwell F. Heath and Frank G. Wales are for the defendants, who are the Standard Sanitary Manufacturing Company of this city and 15 other corporations.

Charges of violating the anti-trust law are alleged by the Government, and Edward L. Wayman, of this city, as a witness today told of an agreement he drew up and which the 16 defendants signed in which the corporations agreed upon a penalty for the violation of regulations controlling the marketing of their products.

BOTH SPEEDY AND EFFECTIVE.

This indicates the action of Foley Kidney Pills, as E. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble, for which I found no relief until I used Foley Kidney Pills. These cured me of all my ailments. I was troubled with backaches, severe shooting pains in the sides, with annoying urinary irregularities and a sense of incompleteness in the act. The steady use of Foley Kidney Pills rid me entirely of all my troubles. They have my highest recommendation." Sold by all druggists.

JURORS MAY READ

Supreme Court Rules Murder Verdict Shall Stand.

FORT WORDEN CASE ISSUE

Refusal to Send Jury From Room While Admissibility of Testimony Is Argued Is Also Adjudged Permissible.

WASHINGTON, Oct. 31.—A man's constitutional rights are not necessarily violated because the jury trying him on a charge of murder are allowed to separate and to read newspapers during the trial. It was held today by the Supreme Court of the United States.

The court held similarly in regard to the refusal of a Judge to send the jury out of the courtroom during arguments on the admission of evidence.

Furthermore the court laid down the rule that the act of requiring the accused to put on a coat, alleged to have been worn when the crime charged was committed, did not amount to "requiring the prisoner to testify against himself."

Jurors Held Competent.

"No doubt the more conservative course," said Justice Holmes, "is to exclude the jury during the consideration of the admissibility of confessions, but there is force in the Judge's view that if the jurors are fit to play the part assigned to them by our law they will be able to do what a Judge has to do every time he tries a case on the facts and we cannot say that he was wrong in thinking that the men before him were competent for their task."

CABINET MEN STUMP OHIO

Wilson, Knox, MacVeagh and Wickersham in Campaign.

WASHINGTON, Oct. 31.—A fourth Cabinet officer has been ordered to Ohio to help in the Republican campaign. Secretary of Agriculture Wilson's dates in New York State have been curtailed to enable him to speak in some of the rural districts of President Taft's state on Friday and Saturday.

PRISON PROMOTER'S FATE

Klamath Franchise-Serker Sentenced for Passing Bad Checks.

KLAMATH FALLS, Or., Oct. 31.—George L. Price, the telephone promoter whose arrest here last Summer and his subsequent escape from a San Francisco office while on the way to the Bay City attracted great attention, has been sent to San Quentin prison for a term of five years. According to reports just received here from San Francisco, he was arrested for issuing fictitious checks when he left California and came here to promote a telephone company.

When arrested on a requisition, he fought extradition, but was finally sent to California. At Weed he escaped from the detective having him in charge, and later returned here when the California officials announced they would make no further effort to get him. Failing in his efforts in business here, he drifted back to California, was arrested, tried and convicted, and is now in prison.

FACTORY LAW IS UPHELD

Supreme Court Decides Mill Did Not Provide Safeguards.

OLYMPIA, Wash., Oct. 31.—(Special.)—By sustaining the Pierce County Superior Court in granting Charles H. Anderson, a Washington mill worker, an injunction against the mill by a jury for the loss of part of one hand while at work for the Pacific National Lumber Company, the Washington Supreme Court has again upheld the famous factory act.

It was brought out that the company had failed for three months to provide a hood for the jump saw and that Anderson lost his fingers while going about his work as an oiler in a regular manner.

The court holds that the company was guilty in not providing proper safeguards for its employes.

For bowel complaints in children always give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil. It is certain to effect a cure and when reduced with water and sweetened is pleasant to take. No physician can prescribe a better remedy. For sale by all dealers.

Hood's Sarsaparilla

LEGISLATION HELD VOID

ALIEN SPEAKER OF HOUSE IS BASIS OF CONTENTION.

Seattle Lawyer Declares Every Measure Enacted at Olympia in Last Session Is Invalid.

SEATTLE, Wash., Oct. 31.—(Special.)—That the whole work of the session of the 1909 Legislature is void, because the House of Representatives was presided over by an alien in the person of Leo O. Melgo, of North Yakima, is the contention of Philip Twogger, attorney for Giuseppe Avarro and Francisco Avarro, two of four Italians charged with the murder of a fellow-countryman in Seattle two months ago. Habeas corpus proceedings for the release of the two Italians will be filed in the Superior Court tomorrow morning.

In support of his application for a writ, Twogger recites that no bill shall become law until signed by the presiding officer of each house; that each house shall elect its own officers, and no person is eligible to membership in the Legislature unless he be an American citizen.

The attorney declares that Speaker Melgo is not now and was not during the regular and extra sessions of the 1909 Legislature an American citizen; that he could not legally have been a member of the House and therefore was not eligible for the Speakership. He follows this with the conclusion that the House was never organized according to law and that all of its acts, including the criminal code, are invalid.

Pull Out a Hair

The Way to Tell Whether or Not Your Hair is Diseased

Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. Ninety-eight per cent of the people need a hair tonic. You can make and use one that you can see and understand, which will tell you whether your hair is healthy or not. Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased and requires prompt treatment if its loss would be avoided. If the bulb is pink and full the hair is healthy.

We want every one whose hair requires treatment to try our Rexall "93" Hair Tonic. We promise that it will do anything if it does not give satisfactory results. Rexall "93" Hair Tonic is designed to overcome dandruff, relieve scalp irritation, stimulate the hair roots, tighten the hair already in the head, grow hair and eradicate baldness.

Out of 100 cases where it was given a thorough, conscientious test, it grew hair on 93 heads, which should be sufficient proof that Rexall "93" Hair Tonic contains extraordinary remedial and hair-growing qualities. It is because of our knowledge of this preparation and our sincere faith in its goodness that we want you to try it at our risk.

Rexall "93" Hair Tonic is a clean, clear preparation which does not grease, gum or thicken the hair, and it has a very pleasant odor. We have it in two sizes, prices 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Portland only at the Owl Drug Co., Inc., corner Seventh and Washington streets.

A BEAUTIFUL WOMAN
is often distressed by Gray or badly bleached hair. Imperial Hair Regenerator will remedy this. Any shade from Black to the lightest Ash Blonde is produced. Colors are durable, easily applied. Absolutely harmless. Sample of hair colored free. Correspondence confidential.

IMPERIAL CHEMICAL MFG. CO.
115 W. 24th St., New York.

SWAMP ROOT
Is not recommended for everything, but if you have kidney, liver or bladder trouble, it will cure you. It is a very pleasant and powerful diuretic. Sample of the remedy you need. At druggists in fifty cent and dollar sizes. You may have a sample bottle of this wonderful new discovery by mail free, also pamphlet telling all about it. Address, Dr. Kilmer & Co., Binghamton, N.Y.

BULLETIN No. 19

Fenders

With the desire that the true position of this company be understood by its patrons and by the public generally, we solicit careful reading of the following statements regarding the fender problem in this city.

We are informed that a considerable portion of the public has in some manner received the impression that this company has refused to abide by the decision of the Council and Mayor of Portland adopting a fender. We desire to disabuse the minds of the public of any such impression. This company is at all times anxious to comply with all lawful regulations. These tests have developed several fenders which we deem superior to the Nelson fender as life-saving devices. Twenty-one tests were made of the Nelson fender and a record was kept of each of said tests.

In only three of said tests was the automatic attachment used—one during the last four years and a great many different types of fender have been tested on our cars under the supervision of the Council for the purpose of determining the best type of fender adapted to our service. We have opposed the adoption of the Nelson fender because of our belief that it is not the best type of fender that will give the maximum of protection, but, in our opinion, in adopting the Nelson fender an error of judgment has been made.

During the last four years a great many different types of fender have been tested on our cars under the supervision of the Council for the purpose of determining the best type of fender adapted to our service. We have opposed the adoption of the Nelson fender because of our belief that it is not the best type of fender that will give the maximum of protection, but, in our opinion, in adopting the Nelson fender an error of judgment has been made.

It should be borne in mind that the nonautomatic tests depend entirely upon the vigilance of the motorist, and the results in this character of tests were no more favorable than with the present fender on the cars of this company similarly operated.

The Nelson fender has not, to our knowledge, been adopted by the municipal authorities of any other city, and we did not deem it wise to adopt an experimental device upon a system the size of that operated in Portland.

It has not been demonstrated by the advocates of the Nelson fender that it can be successfully operated in conjunction with the several different types of fenders in use upon the cars of this company, although the ordinance adopted by the Council requires the use of type Nelson fender on all cars equipped with airbrakes and not with air brakes that in their opinion, it would be dangerous to operate the fender in conjunction with the airbrakes.

The ordinance provides that all cars operated with airbrakes shall also be equipped with the Nelson fender. We have found in practice that the Nelson fender is not in use upon the cars of this company, although the ordinance adopted by the Council requires the use of type Nelson fender on all cars equipped with airbrakes and not with air brakes that in their opinion, it would be dangerous to operate the fender in conjunction with the airbrakes.

Notwithstanding the difference of opinion between the Council and ourselves as to the merits of the fender prescribed by the ordinance, we wish the public to understand that it is the settled policy of this company, so far as it is possible to do so, to comply with all lawful and reasonable regulations imposed upon us by the duly constituted municipal authorities.

Portland Railway, Light & Power Co.
