Indications Are That Home Rule Bill Has Carried in Oregon.

LANE COUNTY IS "WET"

Twenty-Two Countles in State Are Moist as Result of Election. Prohibitionists Do Not Give

Up Their Hope.

State-wide prohibition has apparently been defeated by a majority that may range from 10,000 up. The striking feature of returns so far indicate Ing feature of returns so far indicate that the Prohibitionists have lost at least 13 of their "dry" counties so far as the state-wide prohibition vote is concerned, while they have not gained one "well" county.

From all indications it appears that the home rule bill will carry.

the home rule bill will carry.

In all probability, Lane County, which rolled up a majority of 770 for the Prohibitioniats two years ago, has gone "wet" on the state vote, but turned a majority of more than 700 against the home rule bill. Umatilla County, which gave the "drys" 634 macounty, which gave the dispersion of the "drys" by 690, both went into the opposite column. The "dry" majority in Douglas County appears to have been cut by half and Josephine County switched from 363 "dry" to a similar majority for the "wota." majority for the "weta."

Vote Is Freakish.

The vote on state-wide prohibition and the home-rule bill in certain pre-tincts was almost freakish. In "dry" precincts the bome-rule bill led the vote against prohibition and again was defeated while the "wet" vote had a

The only counties known to have voted dry are Benton, Douglas, Linn and Yambill counties.

J. R. Knodell, Superintendent of the Anti-alcon League, stoutly maintained last night that state-wide prohibition would carry by 8000, reducing his first prediction by 2000, and he also declared that the home rule bill had been defeated by 10,000.

McAllister Is Satisfied.

H. C. McAllister, General Manager of the Greater Oregon Home Rule Associa-tion, maintained his optimistic attitude, declaring that the home rule bill had carried by \$600 to \$600 and that state-wide prohibition had been defeated by anywhere from 10,000 to 20,000.

only three counties, two counties outside of Multomah, have reported on all the initiative and referendum measures and the returns are therefore too meager, to warrant an estimate on the results of the election aside from that on the measures heretofore mentioned.

Will Carry Curry.

MARSHFIELD, Or., Nov. 9 .- (Special)—Complete returns on county op-tion show Coos County is wet by 40 votes. The vote on Home Rule is about the same. The county is close on Bow-erman and West. Fourteen of the largest precincts out of 35 in the county, give Bowerman a lead of 80. Mc-Lain for Raliroad Commissioner, will have nearly 500 lead over Miller. Coke, for Circuit Judge, has a lead of 7500 in the county and district,

which insures his election. Hamilton, Democrat, and Jones, Republican, are making close race for Circuit Judge. Curry County is probably wet, and will give West a slight majority.

GARMENTS GIVEN

Donations to Charity, However, Still Fall Short of Needs.

Twenty-seven hundred garments, and 417 w

articles of household linen required for use in sickness, were displayed yesterday at the annual tea given by the Portland branch of the Needlework Guild of America.

This was an encouraging advance of 600 over the number of garments collected by the Guild last year and showed a generous response from new members of the organization and others interested in charitable work.

Four thousand garments are urgently required and 10,000 would not be too many, it was announced, as provision for the many cases of destitution which are likely to come to the knowledge of the Guild workers during the coming year. It is hoped that some belated gifts may still be received. Scarcely any clothes for boys have been provided. Few shoes have been received. Outside garments, as well as underwear, would be welcome.

In spite of unfavorable weather there was a good attendance at the tea yesterday and much satisfaction was extended.

in spite of uniavorable weather there was a good attendance at the tea yesterday and much satisfaction was expressed at the generous quality, as well as quantity, of the gifts displayed. While a large reserve is made of garments for private cases, the Guild sends contributions to the Baby Home, the Commons, the Boys' & Girls Aid Society and other institutions and tries to give help to needy patients discharged from the city hospitals.

"We have no wish to rub salt into any man's wounds, but it is plain in the cold light of the 'morning after' that Mr. Roosevelt's course since his return in June has been one long series of political blunders. On a supposition which his closest friends have sedulously fostered, that his heart was fixed on the reministion for the President fixed on the nomination for the Presidency in 1912, it can only be said that he misread the situation utterly, and acted like a man whose famed politi-cal skill had entirely deserted him.

"His initial error lay in a complete misapprehension of the temper of his countrymen. He seemed to be looking at it through an African mist or a London fog. It was amazing that a man who had often shown that he had almost insultive knowledges of what
