# VASHINGTON STATE LABGELY REGULAR

Insurgency Spends Itself With Election of Warburton and La Follette.

### HUMPHREY'S VOTE LARGE

Regular Candidates for Supreme Court Bench Get Overwhelming Majorities and Legislature Is in Republican Hands.

SEATTLE. Wash., Nov. 9.—Special.)—On the face of the returns insurgency in Washington has paused with the indorsement of Miles Poindexter as United States Senator and the election of Stanton Warburton and Wilelection of Stanton Warburton and William L. La Follette as Representatives in Jongress from the Second and Third Districts, respectively. William E. Humphrey, regular Republican in the First District, is returned by a large majorty and all five of the regular Republican Supreme Court Justices are re-elected by a vote so large as to constitute a rebuke to the element that opposed them. The Legislature is easily Republican, in the regular sense of that term, and the party is confirmed, unhampered, to power. inhampered, to power.

For the first time since statehood was secured there is presented a clear field when the Legislature meets for its 60 days' session next January. Reg-ular Republicans predominate for the reason that insurgency only secured the Senator and two Representatives, and to have left to a hit-and-miss pol-ley the nomination and election of ley the nomination and election of Legislators. Certain it is that the methods of insurgency which gave the phenemenal vots to Poindexier at the September primaries could not prevail when applied to the Supreme Court in the November election.

### Stumbling Block Removed.

Ordinarily the senatorship is the biggest stumbling block in the way of legislation. It has been removed. There is not the slightest doubt that Poindexter will be promptly declared the Senator to succeed S. H. Piles whose term will expire next March. The next biggest obstacle has been the

next biggest obstacle has been the liquor question.
Unless the signs fail, the State will stand on the legislation of two years ago, when a local option measure was adopted giving to incorporated cities the right to act as a unit and to counties outside of the cities the same right. Whatever may be the hopes of Prohibitionists to bring forward a more drastic law involving the county ore drastic law involving the county more drastic law inverting the county unit, it is believed that such a move has already been blocked. Evidence to that effect is found in the defeat of D. A. Scott, of Ritzville, a "dry" aspir-ant for Speaker, who has been defeated for re-election in the Fifteenth repre-sentative district by a "wet" Demo-

### Way Cleared for Work.

This clears the way for work. One of the first questions to press for astitement undoubtedly will be the restoration of the nomination of Supreme ation of the homination of Supreme Court judges to the direct primary. Both parties have declared for it. Action ought to be quick and decisive. A Federal income tax which was rejected at the extraordinary session of 1909 on the ground that impeachment was the

order, will demand consideration.

There will be a tendency to hold down appropriations, which went out of bounds in 1909. There must be a reapportionment, a redistricting of the

Remedial Legislation will be demanded with respect to the Hen law, which is far from satisfactory. The state aid road law, which has aroused host-lifty in many quarters will probably be amended. The foregoing are a few of the points which Legislators will be expected to pass upon.

County will have its quota. Of the II members of the House, IZ are new menFred J. Mees. Charles H. Ennis. Bdgar J. Wright, William Wray, Victor Zednick, H. E. Kennedy, Somers Hayes Smith, Francis P. Goss. Oscar M. Haroldson, Fred W. Hastings, H. D. Buchanan and H. E. Foster.

Five of the old-timers will be there—
Howard D. Taylor, who aspires to the Speakorship; George B. Webster, Walter T. Christonsen, Dr. J. A. Ghent and F. H. Tonkin. The faces that have disappeared are those of Allen Clark, W. G. Nortz, W. Piper have been re-elected, from among them will probably be chosen the leader of the new Senate, with Piper in the forefront for recognition on that score.

Notwithstanding, the new members of the Senate and House, King County has strong delegations in both branches. They will probably set the pace in what ought to be a record-breaker for legislative work in this State.

The plurality of the Republican Supreme Judgeship candidates is estimated at 40,000, as against 47,271 for Taft in 1908.

## Women Get Suffrage.

Far the most interesting result of the election is the ratification of the woman's suffrage amendment to the state Constitution. Some 195,000 women will at once become qualified voters and they will participate in the Spring elections. The Washington women's fight for the amendment was conducted without the slightest assistance from the National Woman's Suffrage Association, there having been a disagreement as to methods of campaigning. The women worked among the granges and labor unions and lost no opportunity to get their arguments into the newspapers. Every county thus far reported gave a majority for the amendment. The large counties of King. Pierce, Spokane. Snohomish and Whatcom maintained a ratio of 2 to 1 in favor of the amendment. n favor of the amendment. The Socialists vote was probably about

#### Interest at South Bend Centers on Candidates for Legislature.

SOUTH BEND, Wash., Nov. 9 .- (Special.)—Election day in this city passed without unusual incident and an average vote was polled. Pacific County polls nearly 2000 vote, of which fully 75 per cent are normally Republican. No figures on Representative in Congress are yet available, but reports from some of the larger precincts indicate that War-burton (Republican) is losing but little

New Faces Appear.

Owing to the direct primary, there will be a large number of inexperienced legislators from all parts of the state. King county will have its quota. Of the 17 members of the House, 12 are new menaldson (Democrats) for Prosecuting Atapectively. Drissler (Republican) is believed to be

When asked about the matter, Governor M. E. OFFICIAL COUNT AWAITED

Returns Show Control of Legislature Will Be Divided, Republicans

Predominating in House, Democrats in Senate.

BOISE, Idaho, Nov. 9.—(Special.)— Whether Governor James H. Brady, Republican, shall succeed himself or lose his place to a Democrat, James H. Hawley, is still an unsettled question in Idaho tonight. Although the office of Idaho tonight. Although the office of Governor is the only one in the balance, the situation is as unique as it is unusual, for the early returns of yesterday pointed to the re-election of Brady by a safe majority, the tide only turning at about midnight, when returns from the southeastern Mormon counties began to come in.

Headed by Fremont County, which gave Hawley a majority of 900, successive counties and even that of Bannock, the home of Brady, increased the lead of the Democratic nomines. The gubernatorial cituation was then in doubt and has remained so since.

Official Count Awaited.

Official Count Awaited.

That an official count will be required to determine who has been elected Governor seems to be about the only thirs, definitely settled by the returns. Both sides are claiming victory for their nomines for Governor, although the entire State Republican ticket is conceded to have been elected with the exception of the chief executive. The Republicans assert Brady is elected by less than 300, while the Democrats say Hawley is elected by less than 100.

The Democrats suffered a severe jolt in the complete returns from Fremont County, which they had been claiming from 1200 to 1500 majority. Hawley had but 902 plurality. The Capital-News,

from 1200 to 1500 majority. Hawley had but 202 plurality. The Capital-News, Republican evening paper, declares Brady's election tonight by 1000. The Statesman, Republican, will say tomor-row morning that Hawley has a lead of 400 votes. It is believed that majority will be increased instead of decreased by the late returns.

Small Brady Majority Seen.

The most accurate obtainable news tonight from the 23 counties, in which the total majority is estimated in five from

total majority is estimated in five from partial returns, give Brady the small majority of 143. The estimated returns are Bolse, Custer, Idaho, Lemhi and Owyhee Counties. The vote is shown by counties, as follows:

For Brady—Ada, 240; Bear Lake, 450; Bolse, 150; Bonner, 500; Canyon, 520; Cassia, 220; Latah, 790; Lemhi, 190; Lincoln, 150; Oneida, 1250. Total, 4280.

For Hawley—Bannock, 367; Bingham, 100; Blaine, 450; Custer, 300; Elmore, 50; Fremont, 900; Idaho, 100; Kootenai, 600; Nez Perce, 450; Owyhee, 150; Shoshone, 270; Twin Falls, 150; Washington, 150. Total, 4127. 370; Twin Total, 4137.

The State issue in the gubernatorial fight was along "Wet" and "dry" lines.

The "drys" lost over their local option vote of a year ago in almost every county. Ada being an exception. One of the freaks of the election in this respect was that Brady, the "dry" candidate, was supported by the "wet" counties and Hawley the "wet" candidate, was indorsed by the "dry" counties.

Burton French Elected.

Burton L. French, insurgent Repubcan candidate for Congress, leads the Republican ticket. He has an estimated plurality of 12,000 over Arthur M. Bowen.
