Simpson, Republican, of Lebanon, is leading A. A. Tussing, Democrat, of Brownsville by a narrow margin for Linn's third seat in the lower House, with the result to be finally determined by reports from the one missing precinct.

Successful candidates for county offices are: D. S. Smith, for Sherfff; Willard L. Marks, for County Clerk; Grant Forman, for County Recorder; W. W. Francis, for Treasurer; Alfred L. Geddes for Surveyor; William Fortmiller, for Coroner and O. H. Russell for County Commissioner.

Smith is a Democrat and the remain-ing winners are all Republicans, but Marks, Geddes and Fortmiller were ined by both parties at the primaries. PROGRESSIVES LEAD THE ENTIRE WEST

Local Situation Offers Striking Parallel.

ANOTHER BLOW AT TRUSTS

Non-Progressives Quickly Being Ousted-An Open Attack of the Old Regime - Overwhelming Victory Assured.

Victory Assured.

Elections throughout the country resulted in a political convulsion of farreaching extent, similar to the famous tidal wave of 1892, and even more widespread in its effect.

Local issues offer a striking parallel; the present musical instrument trade situation is acute. Manufacturers of player planos have heretofore dictated to dealers which instruments to handle and which not to handle, what prices to charge, and in nearly all cases they have demanded exorbitant prices for player planos.

A Portland concern has boldly broken away from these restrictions. Backed by a capital of three million dollars, they are now marketing through their forty stores direct to the people, the latest and most highly improved instruments at a great deal less than the prices dictated by the trusts.

To correctness of this my policy is being fully demonstrated by the late returns of tremendous sales in Oregon, Washington and California; the entire Western country has loyally supported this move.

In conformity with this decision, Ellers Music House is closing out all types of player planos that have in some way or other not been able to keep step with the rapid and wonderful progress in modern player planos. Knabe, Angelus, Sohmer, Cecilian, etc., etc.—many of them the very latest styles made by these respective manufacturers—and others more or less used. Planola Planos for which they were heretofore compelled to ask one thousand dollars or more, they are now selling for \$770 and \$827. To facilitate their immediate sale they are taking "silent" planos in part payment, at fair valuations. Furthermore, for those who are not prepared to pay all cash, they accept a small amount in cash and give the purchaser two years' time in which to finish paying the balance. This is the greatest selling event ever held in the history of the player plano. You will heartily agree with this statement, if you carefully investigate.

By refusing to continue the representation of the Weber Plano, both grands and uprights, they are furthe

eminence which the Weber formerly held.

While the Effers Music House is very busy with this sale of player planos, their Emancipation Sale, they call it—nevertheless their retail establishment, 353 Washington street, would not be entitled for a moment to retain its proud and well-earned position of leadership in the plano trade, if it did not at all times present buyers an opportunity to secure better and in every way more desirable planos than are obtainable elsewhere, no matter what circumstances or pretexts compet their sale.

cumstances or pretexts compet their sale.

Thus, they now offer for \$187 a fine plane, standing 4 feet 9 inches high, really elegant Mahogany case, carved panels, that have never heretofore been sold by the dealer who held the agency for it for less than \$300; they have also suppers \$400, \$500, \$600 and \$650 planes, which may be secured now at a corresponding reduction. Particular attention is called to a lot of beautiful \$355 planes now priced at \$253, and the plainer styles for only \$224, at retail department of Eliers' Music House, \$35 Washington street, at Park (Eighth) street, the Always Busy Corner.
