SUFFRAGE BILL SWAMPED

Liability Law Submitted by Labor Bodies Carries by Big Vote.

With returns in covering fully 80 per cent of the vote cast on the home rule liquor amendment to the constitution, the measure has a majority in the state of 3325.

RETURNS MEAGER FROM LINN

From one of the strongest prohibition counties, Linn, very meager returns have been received on this measure.

WHEELER, WASHINGTON, COOS, CURRY, GILLHAM, GRANT, HARNAY, LAKE, LINCOLN, SHERMAN AND TILLAMOOK.

On the face of incomplete returns it is indicated that the bill providing for the maintenance of the Monmouth Normal School has carried by a substantial majority but that the bills for the benefit of the Ashland and Eastern Harney Oregon schools have failed, although the unreported vote in Jackson and Josephine counties on this measure may tip the bill over with a small majority.

ASHLAND HAS CHANCE EVEN YET.

The Weston school vote includes about one-third of the vote of Umatilla County, where Weston is located, and the complete vote in that county will probably cut down the majority against by 1000, but other counties unreported are likely to offset part of Umatilla's vote.

WOMEN CANNOT VOTE.

Woman suffrage has been overwhelming defeated throughout the state. In returns, complete and partial from 20 counties, not one has given a majority for the amendment. The vote reported from these 20 counties, as totaled, gives 28,964 for woman suffrage and 25,217 against, or a majority in opposition to the measure of 3,747. At the same ratio the amendment in the total vote throughout the state has been defeated by about 20,000.

200 MAY HAVE GONE DOWN

The employers' liability law, or the bill submitted by the labor organizations, has carried by a large majority. Reports from 18 counties, some complete and others partial counts, give the bill 23,500 for and 18,525 against, or a majority of 4,975.

EXPRESS STRIKE IS ENDED WITH "IF"

New York Men Wait for New Jerseyites.

EXACT AGREEMENT SIGNED

Strikers Will Go Back to Work Monday, Perhaps.

MAYOR GAYNOR CREDITED

In Executive Office, Trans-continental Companies and Representatives of Strikers Sign—Old Men Back With Proviso.

NEW YORK, Nov. 10.—After wrangling for five hours, an executive session of the striking drivers and helpers of the five transcontinental express companies decided tentatively early this morning to return to work on Monday, under the terms of the agreement signed yesterday afternoon.

GAYNOR GIVEN CREDIT.

The strike was settled in a fashion today in the office of Mayor Gaynor in the belief of the Mayor, the representatives of the companies, and the executive officers of the companies, but the agreement, although drafted and signed by both parties, was threatened with rejection tonight.

AGREEMENT IS EXACT.

The agreement, in the form of a letter to Henry R. Towne, president of the Merchants' Association of New York, follows:

"We are willing to take back our employes who are on strike, whether or not they have joined a union, reserving the right, however, to decline to take back any of them, whether they are members of a union or not, who may have committed or incited acts of violence and hostility against us."

ELECTION CLOSE AT HAND

LONDON, Nov. 10.—The conference organized shortly after the death of King Edward in an endeavor to secure a settlement of the controversy over the veto powers of the House of Lords—a controversy aggravated by the refusal of the upper house to pass the budget—has been dissolved without reaching an agreement.

STATE'S CREDIT NOT GOOD

Washington Must Pay Cash Fees for Stewart's Extradition.

VANCOUVER, B. C., Nov. 10.—The application for extradition of Dr. Francis Stewart, charged with grand larceny and embezzlement of \$14,000 in Vancouver, Wash., will not be heard until the State of Washington pays its arrears of debt to Vancouver courts and deposits fees in the present case in advance.

Dr. Stewart was arrested on Tuesday, but refused to go back voluntarily. Chief of Police Chamberlain today received word from Governor Hay, of Washington that the necessary papers had been forwarded to Washington, D. C., and that an application for extradition would be made.

About a year ago the Washington state authorities had an extradition case before Judge Grant and neither he nor the attorneys engaged in it have ever received their fees from Governor Hay.

FIGHT TO BE RENEWED.

The political situation now reverts to the status before the truce. The conference secured a respite in the controversy over the most acute issue of the day during the period of national mourning, which gives hope that some means will be found to avoid political complications until after the coronation.

How this is to be accomplished is a matter of conjecture, and politicians are preparing to resume the fight. Advanced Liberals, long tired of inactivity, are urging the government to press forward the original proposals limiting the power of the House of Lords by immediately introducing in the upper house the resolutions adopted in the House of Commons last April.

These the House of Lords would reject and, in the crisis then arising, Mr. Asquith is pledged to advise the use of the royal prerogative for the appointment of a sufficient number of peers to insure the passage of a measure making the will of the commons supreme.

ELECTION MAY BE BEFORE CHRISTMAS.

If this course were followed, probably there would be a general election in January or soon after. The opinion prevails tonight, however, that the government will force an immediate dissolution and get elections over before Christmas.

The result of the recent bye-elections encouraged the Liberals to make an immediate appeal to the peers. Besides, they are thoroughly organized and in a far better position for a contest than they were last January.
