NEW YORK, Nov. 11 .- The striking drivers and helpers of Jersey City nullified this afternoon the agreement reached early this morning be tween the New York strikers and the five transcentinental companies. That agreement is conditional upon the consent of the Jersey City men to return

to work. They have refused. The situation now reverts to the position it occupied before Mayor Gaynor took a hand, with this exception, that the Mayor is angry and resolved to temporize no more. Some of the drivers and helpers who believed the Jersey would ratify the agreement were on their wagons today but, if the International Brotherhood of Teamsters makes good its word, they will all be

There was little violence in the streets today.

The agreement which failed prowided that the express companies should take back their striking employes without discrimination against the men who belong to a union and that conferences begin at once between employes and companies looking to an agreement on wages and hours.

Panie Barely Averted When Garment-Workers Get Allowances.

CHICAGO, Nov. 11 .- A serious incident of the Garment Workers' strike pocurred today when \$000 or 6000 strikers, expecting to receive their strike lowance, were refused admission to

the open Board of Trade. It was in this building that they had expected to receive the money. When told they could not enter, they forced their way into the place, until stairways, corridors and the floors were

packed to suffecation. Few spoke English, which added reatly to the work of the police. The latter tried to clear the place by peace able means, but when a woman's cries were heard, they drew their clubs and

drove the meb into the street. This action probably prevented a panio. When order was restored, the strikers, one by one, were called from the street to the door of the building, where they were paid. From \$3 to \$9 was given each one, according to the number of persons dependent on him. The weather was cold and the crowd shiv-

Oregon Rejects Prohibition by Vote Close to 16,000.

OFFICIAL GAZETTE LOSES

Multnomah's Majority of 6500 for This Measure Is Overcome by Results in Outside Counties -- All Tax Bills Lost.

Belated election returns yesterday indicate conclusively the defeat of two of the U'Ren measures, and the probable defeat of the other two. The returns also revealed that the rural districts have not reduced the majority against the prohibition amendment, but rather the negative vote is rolling up with each successive report. On a count of 72,000 votes, or approximately three-fourths of the total cast, the prohibition amend-ment is defeated by 13,500. The amendment has been defeated by probably more than 16,000.

The two People's Power League, or U'Ren measures, certainly defeated, are the official gazette bill and proportional The two in doubt are the bill providing for primary election of delegates to National conventions and the constitutional amendment providing for verdicts by three-fourths of the jury in civil cases.

State Disapproves Measure.

Although Multnomah County gave the official gazette bill a majority of more than 6500, the other portions of the state generally disapproved of the measure until on a count of about 64,-000 votes the Multnomah majority has been overcome, and a majority against the amendment of 4898 recorded. The total majority against the measure, it is indicated by this vote, will exceed 6000. Proportional representation has been defeated by approximately 4000, if the present ratio is maintained in the balance of the canvass.

On the National delegate primary bill a count of about 56,000 votes gives a majority of 527 in favor of the bill. Multnomah County has given the bill a majority in excess of 1300, but the other portions of the state show a close vote, with a tendency toward disapproval of the measure. If the vote now uncounted is of the same char-Forbes. Mr. Clarke was engaged in the investigation of alleged graft at margin.

ARMOUR PREDICTS EARLY DE-CLINE OF PRICES.

Hogs Two Pounds Heavier Would Make Great Difference in Total, Declares Packer.

KANSAS CITY, Nov. 11 .- Charles W. Armour, head of the Armour interests here, said today that he believed food prices had reached their climax and were now on the down grade.

"General food prices are working to ward a lower basis," he said. "The cereals are getting down. People are going to take advantage of lower prices and that will have a tendency to relieve the stringency in meat prices, especially pork."

Just how soon the lower prices are to come, Mr. Armour said he did not

know. "for no dealer likes to sell stuff at such high prices as pork has been bringing for several weeks. But when the pack-er has to pay 8, 9, 10 and 11 cents for live hogs, what has he to say about

prices?" Mr. Armour said that if the farmer would raise better hogs the pork prob lem in this country would soon be solved. Suppose, he argued, that two pounds extra weight were put on every hog sent to the markets. The aggre gate increase in weight would be enor
