**ROBIN COOPER ACQUITTED**

State Sets Accused Slayer of ex-Senator Carmack Free.  
NASHVILLE, Tenn., Nov. 15.—Robin J. Cooper, charged with the murder of ex-United States Senator Edward M. Carmack, November 9, 1908, obtained a verdict of not guilty in the Criminal Court this morning on recommendation of Attorney-General Anderson. Thus was brought to a close the final chapter in one of the most celebrated cases in the annals of the courts of Tennessee. In striking contrast to the scenes marking the first trial of this case, when the courtroom was packed almost to suffocation by those eager to hear every word of the evidence, there were only a few persons present. Attorney-General Anderson stated: "This defendant and Colonel Duncan B. Cooper and John Sharp were indicted jointly for the murder of Senator Carmack. The case resulted in the acquittal of Sharp, Colonel Cooper and this defendant were found guilty of murder in the first degree. The Supreme Court affirmed the case of Colonel Cooper, but as to this defendant there was a reversal. Judge Nell then stated to the jury that in view of the statement of the Attorney-General and in view of the fact that no further effort had been made to prosecute the case, the jury would return a verdict of not guilty. This was done."
