### PERITONITIS ENDS LIFE OF H. M. HOYT

Counselor for Department of State Expires at His Home in Washington.

### BURIAL WILL BE PRIVATE

Death Follows Return From Canada, Where He Was in Connection With Negotiations for Reciprocity Agreement.

WASHINGTON, Nov. 20.—H. M. Hoyt, counselor for the Department of State, died at his home here at 8:20 o'clock this morning from peritonitis.

Mr. Hoyt was taken ill in Canada, while there in connection with the reciprocity negotiations between the United States and that country. Since his return last Monday he had been confined to his home. Physicians called into consultation considered the case extremely serious from the beginning.

His condition was such last night that Dr. Robert M. Baker, of this city, and the wife, son and daughter of Mr. Hoyt deemed it advisable to remain at the bedside throughout the night. Shortly after midnight they noticed a perceptible weakening of the pulse beats. From then on, except for a short period during which he rallied somewhat, Mr. Hoyt sank rapidly until death came at 8:20 o'clock.

### Intestinal Trouble Fatal.

Mr. Hoyt, it was said, had been suffering from an intestinal trouble for more than a year, resulting eventually in the disease which caused his death. He suffered during his last illness with perforating ulcers of the stomach, which resulted in peritonitis.

In the death chamber, besides the physicians, were Mrs. Henry M. Hoyt, Henry M. Hoyt, Jr., and Mrs. Philip P. Hirschhorn, wife, son and daughter of the deceased.

The body will be taken to Wilkesbarre, Pa., for burial, which will be private, following short funeral services at the residence here tomorrow. The date has not yet been fixed.

Henry Martin Hoyt was the strong hand of Philander C. Knox when the latter was Attorney-General. In fact, he made himself so indispensable that when Mr. Knox became Secretary of State he lost no time in obtaining the transfer of Judge Hoyt from the Department of Justice to his own office.

Mr. Hoyt was assigned August 21, 1908, to the post of Counselor of the department. In that field he rendered invaluable service to the Government.

### Mind Thoroughly Trained.

Mr. Hoyt had a thoroughly trained mind. His record of service is bright. He was at the elbow of the Attorney-General in the prosecution of many of the cases which involved governmental attack upon the great corporate violators of the anti-trust law.

President Roosevelt, to succeed John Richards.

While he was Solicitor-General, Mr. Hoyt prepared and argued several noted cases with success.

Many of them were of a constitutional character and the trace of his work is left in the land.

One case in particular, which he fought and won, but did not serve long enough in office to see completed, was the famous contempt of court case against Sheriff Joseph Shippe and other men of Chattanooga, Tenn. His successor in office, Lloyd W. Bowers, now dead, moved sentence in that case.

Hoyt Native of Wilkesbarre. Mr. Hoyt was born in Wilkesbarre, Pa., December 2, 1856, being the son of General H. M. Hoyt, once Governor of the commonwealth. He was educated in the public schools, graduated from Yale in 1878, took a post-graduate law course in the University of Pennsylvania in 1881, and afterward was admitted to the bar and practiced law in Pittsburg. In 1886 he married Anna, daughter of Colonel Morton McMichael, one of the foremost citizens of Philadelphia.

He moved that year to New York

H. M. Hoyt, Counselor for Department of State, Dies Sunday in Washington, D. C.

and became assistant cashier of the United States National Bank, but after three years returned to Pennsylvania to become treasurer and president of the Investment Company of Philadelphia. In 1894 he resumed the practice of law in Philadelphia, but came to Washington in 1897 to accept an appointment as assistant Attorney-General. This post he filled until 1903, when he was made Solicitor-General.

### JAMES J. HILL EXPECTED

Empire Builder May Attend Meeting of Oregon Development League.

SALEM, Or., Nov. 20.—(Special.)—That James J. Hill will probably be present at the sessions of the Oregon Development League in this city next week as well as in attendance at the Oregon Apple Show, is very likely, according to a statement of James J. Sayer, who was in the city today on his trip along the line of the Southern Pacific to interest publicity organizations of various cities in the meeting of the league here.

Mr. Sayer says telegrams have been received from Mr. Hill which practically indicate that the railroad magnate will be in Salem and Portland.

### STATE UNION PLANNED

FARMERS OF OREGON TO PERFECT ORGANIZATION.

National Officials to Be Entertained at Great Banquet in Pendleton Friday.

PENDLETON, Or., Nov. 20.—(Special.)—With C. S. Barrett, National secretary of the Farmers' Educational & Co-operative Union of America coming from his home in Atlanta, Ga., next Friday promises to be a great day for the Farmers' Union in Pendleton and Umatilla County. In addition to the National leader, there will be two other prominent National workers here and the members of the union in this county are preparing to entertain hundreds of their brethren from all parts of Eastern Oregon.

Elaborate arrangements are being made for the occasion. The details of the day's programme were taken up at the meeting of the Pendleton branch of the organization today. It was decided to have a noon banquet, which

will be the largest of its kind ever held in Eastern Oregon. Farmers' wives from all over the county will be the hosts and they will bring the supplies from their farm homes.

A state organization will be perfected. The Umatilla County organization, as well as the locals in other parts of Eastern Oregon, have been under the direction of the National organization, but with the formation of an Oregon union, this will be changed. State officers will be chosen and a state organization perfected.

The coming of Mr. Barrett has awakened renewed interest in the union in this county and at the meeting of the local organization held here this afternoon 26 new members were initiated.

### Schools Close in Four Counties.

PENDLETON, Or., Nov. 20.—(Special.)—Pendleton and Umatilla County teachers, to the number of 200, are leaving this city tonight for La Grande to attend the annual meeting of the eastern division of the Oregon State Teachers' Association. As a result of this meeting there will be no school this week in the Counties of Umatilla, Union, Wallowa and Baker.

The convention will close Wednesday evening giving the teachers in attendance an opportunity to return to their homes for Thanksgiving dinners.

Liverpool claims to be the best lighted city in the United Kingdom.

### FEW WOMEN TO VOTE

WALLA WALLA SUFFRAGISTS SHOW APATHY.

Though Eligible to Participate in Election Only Six Register.—Time Expires Next Week.

WALLA WALLA, Wash., Nov. 20.—(Special.)—Although women are eligible to vote at the city school election, to be held here December 3, only six have registered, and this in a county and a city where woman's suffrage carried by a heavy majority.

While the newly passed law has not become effective and will not, until Governor Hay makes his proclamation, women are nevertheless eligible to vote in the school election.

Registration is required of them, however, separate from that of the men of the city, who can vote from their registration at the city hall. The women must register with Mrs. Margaret Center, secretary of the Board of Education, and up to tonight, only

a half dozen had complied with the law.

The registration closes next week. The election is to choose directors for the Board, but there has been but one candidate, Dr. W. E. Russell, to file. He asks for re-election. The time for filing of candidates closes Wednesday.

### HUNTERS BAG BLACK BEAR

Portland Nimrods Kill Quarry in Hills Back of Linnton.

Six Portland hunters bagged a big black bear in the foothills a few miles back of the Linnton rock quarry yesterday, and returned to Portland last night highly elated with their success. The party consisted of Deputy District Attorney Hennessy, James Anderson, a former member of the Portland police force, Thomas L. Richards, Arthur Cavill, Ed Chandler and Ed White.

Anderson was informed Saturday that the bear had been seen back of the quarry, and he immediately organized the party. Taking a pack of dogs with them, they scoured up Mr. Bruin about 10 o'clock yesterday morning. Two well-directed shots by Richards and Anderson killed the bear, which will weigh close to 400 pounds. Leaving two of their number to camp near the carcass, which was strung to the limbs of a tree, the other hunters returned to Port-

land with the news, and will leave for the scene with a wagon this morning to bring in the specimen of their prowess.

Duck hunters, who visited the nearby shooting preserves yesterday, and who returned last night, reported only fair success, as the birds were flying too high to be brought down. The heavy wind is responsible for this, and several hunters intend visiting the preserves today or tomorrow in order to supply their friends with wild fowl for Thanksgiving dinners.

### Women of Woodcraft Feasted.

VANCOUVER, Wash., Nov. 20.—(Special.)—Eighty women, members of the good fellowship committee, composed of five officers from each of the 16 circles of the Women of Woodcraft, of Portland, visited the two Women of Woodcraft circles here last night in joint meeting. They were met at the ferry by two committees of the local circles and escorted to Eichenlaub's Hall, where a reception in their honor was held. A banquet was served.

### New Logging Camp on Lewis River.

VANCOUVER, Wash., Nov. 20.—(Special.)—A logging camp has been established by Rector & Daly, of this city, in a body of 6,000,000 feet of timber on the North Fork of the Lewis River, six miles above Woodland. Camps are being built and logging will begin as soon as possible and continue all winter.

## Gold Mine Stock for Christmas Presents

### 10c Shares Given Away Last Year Are Now Worth Nearly Ten Times Ten

There could be no more appropriate nor cherished Christmas present this year than a block of Swastika mining stock. We have in mind a gold mine enterprise selling its shares in a State of Washington city this time last year, and more than fifty persons whose names are now on that company's records received their first stock as Christmas presents from their friends. The company is at this time shipping ore and concentrates to the Tacoma smelter, several carloads being there for treatment at this time, an officer of the company informs us, and while none of its shares are on the market, its stockholders declining to part with them, it is quite certain their intrinsic value is as much as \$1 each, or within a fraction of it. This is a gift that GROWS. It is one that, given by a husband to his wife, will soon pay her store bills; by a young man to his sweetheart will prove a fertile nest egg on their wedding day. One thousand shares bought NOW for \$100, will soon grow into \$1000—once our mill and machine drills are installed. This kind of a present beats silk dresses, because IT WILL BUY SILK DRESSES FOR THE NEXT FIFTY YEARS!

## We Are Not Selling Stock to Develop This Idaho Gold and Silver Mine

### We Are Raising Money to Buy a Mill and Machine Drills

THE MINE IS DEVELOPED NOW, up to a point wherein we have cut rich veins of ore, assaying \$20, \$40, \$50, \$150, \$175, \$210, \$255, \$315, \$340 and to \$387 to the ton. Fifteen-dollar ore and the mill we will buy would cost \$1000 and save in wages \$12,148 per year. These two savings would, of themselves pay more than 28 per cent per year interest on the entire capitalization of the Swastika Company. The Hercules, with its 20-ton mill and \$75 ore, is producing \$3750 per day, and has been averaging this for months. This amount is \$1,672,750 per year. This is enough to pay 215 per cent per annum on the whole Swastika capitalization, so it is not a question of guessing what CAN be done in Idaho, but what IS BEING DONE RIGHT NOW, and on a property much less favorably situated than the Swastika, and that never in its history looked so good.

## The Mill Would Save This Company \$180,800 Each Year, and Would Cost \$30,000

It would take 10 tons of ore and make one ton of it. This would save \$6 smelter charges on each 9 tons out of 10, and \$6 per ton freight on 9 tons out of 10, provided it were necessary to ship to Tacoma. Our booklet explains the proposition, and is free to all who ask for it. Four machine drills, best grade, would cost \$1000 and save in wages \$12,148 per year. These two savings would, of themselves pay more than 28 per cent per year interest on the entire capitalization of the Swastika Company. The Hercules, with its 20-ton mill and \$75 ore, is producing \$3750 per day, and has been averaging this for months. This amount is \$1,672,750 per year. This is enough to pay 215 per cent per annum on the whole Swastika capitalization, so it is not a question of guessing what CAN be done in Idaho, but what IS BEING DONE RIGHT NOW, and on a property much less favorably situated than the Swastika, and that never in its history looked so good.

## THE SWASTIKA MINING & DEVELOPMENT CO.

220 Drexel Bldg., S. W. Cor. Second and Yamhill Sts., Portland, Or. Office Open Wed. and Saturday Evenings. Phone Main 8726. J. B. PURCELL, Pres.; C. J. DONDERO, Sec.-Treas.; G. H. MARTIN, Counsel; J. L. Wells, H. W. Manning, C. W. Dowling and R. L. McCunsey, Directors. See Our Ad. in Next Thursday's Oregonian.

## The First Day Our Mill Starts Up if You Buy These Shares You'll Pay \$1 Each for Them

They are selling at 10 cents now because we're anxious to get the mill and machine drills in operation. And they may be paid for on installments, too. This gives the poor man a chance to get out of the rut—to get into a corporation that will help him when he needs it.

### Shares 10 Cents Each, 10% Cash and 10% Per Month

These are the terms on which we sell, except orders for 100 shares or less are cash: 200 shares, \$10 cash and \$10 in 20 days; 300 shares, \$10 cash and \$5 per month; 400 shares, \$10 cash and \$5 per month; 500 shares, \$10 cash and \$5 per month; 600 shares, \$10 cash and \$5 per month; 700 shares, \$10 cash and \$5 per month; 800 shares, \$10 cash and \$5 per month; 900 shares, \$10 cash and \$5 per month; 1000 shares, \$10 cash and \$5 per month.

Send for Our Free Booklet and Read All About Our Proposition.
