EX-FORESTER IS BITTER

Chances Are Not Minimized.

BY HARRY J. BROWN OREGONIAN NEWS BUREAU, Wash-Ington, Nov. 38-If the plane of Theodore Roosevelt go not astray, the next Republican National convention, which will essemble in the Summer of 1912, will tender the Presidential nomination to the only living ex-President and will insist upon his acceptance. Th's, and a great deal more concerning the political aims and purposes of the Colonel, was learned during his recent visit to Washington. but his intimate friends with whom he talked have been loath to discuss what they learned in more or less confidence

Colonel Roosevelt has never, so far as known, said to any man that be is a candidate for renomination, nor has be admitted in so many words that he would cept the nomination if it were tendered him. Yet he has spoken with characteristic frankness in a way which left his friends in no doubt whatever as to nis true attitude, and that attitude is as stated; he wants another nomination. he will not openly become a candidate.

Result Not Disappointment.

Public analysis of the recent elections, and particularly that in New York State, was something the Colonel sindiously avoided, nor did he permit himself to mments whatever on the resuit. It is known, however, that he is not as sorely disappointed over the outcome as many would suppose, for while he sincerely wished for the election of Stimson and did his utmost to bring faunch, which went out one night withit about, yet he feels that his own po-litical prospects were not dimmed by the loaded with plunder. Because of these things, Colonel Roosehis personal or political popularity has of the manner of the Republican defeat Here that his friends will regard him turned. the more highly and that outside of New York State he will be the gainer rather than the loser.

Yet he realizes that a Republican vicin New York would have been helpful to him in another direction, for it would have shown him to be the greatest and most powerful Republican in his own state, able not only to overthrow the old bosses in whom the people lacked confidence, but to defeat the De mocracy as well. Such a victory, however, would, he believes, have been less beneficial in the country at large than in the state of New York, and it is that he relies for the successful carrying through of the plan he now has up permost in mind.

Western Tour Is Blunder.

Had Colonel Roosevelt not undertaken his Western speaking tour during the voters both West and East, he undoubtwould have come nearer carrying New York than he did on November & For when he invaded the West he preached doctrines intended for Western oters; doctrines which met with considerable approval in the section where. East, he found his Western utterances | Hoaglin Woman and Farmhand Lobeing subjected to the severest condem nation, and found them less favorably received than they had been in the West

According to some of his friends who talked with him when in Washington, the Colonel new realizes that he blundered when he went West. RIO DE JANEIRO, Nov. 24 .- The mutiny in the Brazilian navy, which broke out the night of November 23 on board the battleship Minas Geraes and suddenly extended to other vessels of the fleet, is in a critical stage. The mu ineers today sent to the government a strongly worded ultimatum, demanding an increase in pay and the abolish ment of corporal punishment and sev eral other unpopular regulations.

The Senate, which today was called in extraordinary session to consider the question, voted unanimously in faof amnesty to the rebels, but the Chamber, after discussing the subject nost of the day, adjourned without taking final action

That a measure requiring an immedi ate reregistration of all Chinese now within the United States is to be considered at the next session of Congress was the announcement brought to Portland yesterday by Daniel J. Keefe, Commissioner-General of Immi-

gration of the United States. Mr. Keefe declared himself in favor of the most radical exclusion act ever recommended to the Government, and asked that authority be given to his department to deport, without reference to the Federal Courts, any Chinese found in the country without a certificate after the new registration shall

have been ordered. Mr. Keefe regards the proposed law as the only successful solution of the Chinese coolie labor question.

"While the number of Chinese departing from the country is much larger than the number who find their way into the United States, our information is that 50 per cent of those now here are illegally within the United States," said Mr. Keefe.

Boys Outgrow Pictures

"Since the last registration Chinese who were boys then have grown up and do not look any more like the pictures taken of them as bables than a Bonheur painting resembles the Angelus. It is impossible to dispute pictorial evidence successfully, and you may recall that prosecutions have recently been begun against court officers who connived at the juggling of photographs on registration certificates. My report was signed before trip."

Commissioner Keefe stopped at Portland to secure first hand information of the methods being used by immigration inspectors, representatives of the Department of Commerce and Labor and the Department of Justice in the prosecution of white slavers. The Commissioner is on his way to ors, and were killed, and one officer ceived word of the death of his son, Honolulu to investigate reports that the contract labor laws are being violated by the importation of Asiatics. BANISHED PRIESTS AT SAN FRANCISCO

CLERGY DRIVEN FROM PORTU-GAL GLAD TO BE IN AMERICA.

Jesuits Will Settle in California, After Turbulent Life in Unsettled European Country.

SAN FRANCISCO, Nov. 24.—(Special.)

Driven from Lisbon by the revolutionary party in control of Portugal five priests and six lay brothers, mem bers of the Society of Jesus, are today preparing their home in this city and offering thanks that they have reached a community where religious tolerance obtains

The party arrived here from New York on the Overland Limited and was met at the ferry by Rev. Father Joseph Sasia, S. J., president of St. Ignatius College. They were conducted to the college, where they will be housed until they are assigned to various places in

this state. The fugitives have undergone many dangers and trials since the revolutionists drove King Manuel from his

throne. At the outbreak of the revolution many of the Jesuits fled from their churches and colleges, and narrowly escaping death at the hands of the

revolutionary soldiery, reached Spain. The whole of Spain was in such a tumuit and so many anti-clerical demonstrations were made that all who were not actually needed for work in that kingdom were transferred to

other posts. The 11 Jesuits who reached this city are from a party of 17 sent to this country from Spain. Four went to Canada from New York, two to St. Louis and 11 came to California.

LORDS DECIDE TO REFORM

Upper House of Parliament Adopts Appropriation Measure.

The upper chamber then adjourned until Monday, when dissolution of Parliament will take place. Thus the government's veto bill has been ignored by the House of Lords. A noticeable feature of the debate has been the number of liberal peers who

supported Lord Lansdowne's scheme and opposed the government veto bill. The suffragettes continued their riotconduct tonight. They gathered in Whitehall and smashed a number windows in the government office. Sixteen were arrested.
