She sustained a broken arm and a fracture of the skull.

"MAKING OF THE CONSTITUTION" IS TOPIC—Rev. William Parsons pastor of the Third Presbyterian Church, will deliver his lecture, "Making of the Constitution," in that church tonight. This is one of the lectures Rev. Mr. Parsons has been delivering before the Chautauqua Association of the East, and is the beginning of a series he will deliver during the winter. All will be welcome.

POKER GAMES INTERRUPTED—Detectives Day, Hyde and West beat up a social poker game in a room at Third and Davis streets yesterday afternoon and arrested five players who gave the names of George Eaber, Orin W. Davis, Frank Palmer, William H. Campbell, and Charles Webster. A sum of money was taken as evidence. The prisoners were held under bond of \$50 each.

SCHOOL CENSUS BEING TAKEN—The annual census of the school children of the city is being taken under the direction of School Clerk Thomas. A house-to-house canvass of the entire city is being made, and all from 4 to 20 years old will be included. It is estimated that the number of school children will be about 27,000. It is expected the work will be completed by Saturday.

RETURNED MISSIONARY WILL SPEAK—Rev. S. W. Ward, who spent more than 30 years as a missionary in India, will arrive in Portland Saturday and speak Sunday morning and evening, in the Free Methodist Church, in Central Addition. He will illustrate his talks with pictures and curios secured by him in India.

REV. J. T. LOGAN HOLDS MEETINGS—Rev. J. T. Logan, editor of the Free Methodist, leading paper for the Free Methodist churches of the United States, is holding special services in the First Church, East Ninth and East Mill streets, and yesterday spoke twice. He will be in the city for two weeks.

CITY IS ASKED FOR \$6000

Rose City Park Wants Fire Protection Appropriation Increased.

At a meeting of the Rose City Park Improvement League it was voted to ask the city an appropriation of \$6000 to purchase a lot for a fire station and to provide fire protection for that community. The city had proposed to appropriate \$3000, which is considered too small.

It was announced at the meeting that a postal inspector would visit Rose City Park with a view to extending the fire zone to the district to include Gregory Heights and to furnish three mail carriers instead of one now employed and who is reported to be absent most of the time.

The committee on electric lights reported that the electric light company would install lights on Sandy boulevard to the city limits.

The committee on the clubhouse reported that \$3000 of the \$15,000 of the clubhouse association had been taken, with good prospects that the entire \$15,000 would be subscribed by January 1. Progress was reported on the plan to park Sandy boulevard. Several new members were received.

SUCCESS WILL BE SUBJECT

Leading Men Will Lecture on Climbing Rocky Road.

Arrangements have been made by the Board of Education for a series of special lectures on practical subjects, ranging from agriculture to development in departmental studies opportunities. All that remains to be done is deciding the dates for the lectures and the buildings in which they will be held. They are to be open to people of all ages, sexes and occupations.

Each lecture will be given by a man who has risen to prominence in his profession through his intellect and individual efforts. The various stages of the journey up the rocky path leading to success will be outlined in each instance, and the Board hopes that young men especially may be able to gain both inspiration and practical knowledge from the lectures. Every effort has been made to secure the services of the best men in the different businesses which will be treated.

Each speaker will go carefully into the means which must be taken to qualify for success in his profession.

MAN'S SKELETON FOUND

BOYS MAKE GRUESOME DISCOVERY WHILE IN WOODS.

Although No Weapon Is Found Position of Body Indicates That Laborer Committed Suicide.

The skeleton of a man, which from all appearances had lain undiscovered for many weeks or months, was found yesterday afternoon in the woods on the Barnes road, above the City Park.

The discovery was made by Kenneth Crow, of 523 Morrison street, and Vincent Pennell, of 545 1/2 Morrison street, boys who were spending their holiday rambling on the hills.

Young Crow had stepped upon a log and was singing a song when his merriment was checked by the sight of the bones lying close at his feet. The boys, thoroughly frightened, fled from the place and notified the first man they met.

The surroundings indicated suicide, though no weapon was seen. An overcoat was spread on the ground and the body was lying face downward on it. The skeleton was dressed in a blue suit and coarse working shoes.

The boys notified police headquarters and Patrolman Sims was sent to make an investigation, but could not find the spot. Later the boys appeared at the station, but it was then too late to send out for the body. The coroner was notified and will send this morning, under guidance of the two boys, who laid a tree across the trail at the point where the body lies.

Each speaker will go carefully into the means which must be taken to qualify for success in his profession.

CAMERA MEN TO COME

PACIFIC ASSOCIATION PICKS PORTLAND FOR SESSION.

Camera Men to Meet Here in Summer of 1912—Church Conventions Also Arranged.

Portland will be the rendezvous of the Pacific Photographers' Association of the Northwest in the Summer of 1912. Chairman Raymond, of the convention bureau, returned from Seattle yesterday morning bearing proof that Portland will be the next convention place. The association is well attended each year, and bids fair to bring many strangers to Portland.

A telegram was received yesterday from Marion Lawrence, secretary of the International Sunday School Association, saying that he would be unable to come to Portland from Sacramento, but that W. N. Hartshorn, of Boston, would arrive in a day or two to convene the bureau regarding the cooperation of the I. S. S. A. with the national meeting of the National Association of the Christian Churches, which is to meet here next July. The Sunday school association will meet in San Francisco the last week in June, and it is the plan of the convention bureau to have the dates follow each other, that delegates may attend both conventions. Portland wants the Christian Churches to meet here in the first week of July if the Sunday school convention is held here in June.

er, spent the next day trying to purchase four new live decoys. Mr. McCue had killed that many of the "tame birds" by cutting loose with both barrels, and he is now engaged in the pleasant task of squaring himself with his friends, who heard about his excellent marksmanship. It is said that he exhausted 300 rounds of ammunition in the fruitless effort to bag some "real wild" ducks, but without success.

Union Wants Branch Asylum. UNION, Or., Nov. 24.—(Special).—Union is preparing to present its claims to the State Commission for the location of the branch insane asylum, to be placed at either Union, Baker or Pendleton. Within 60 days from the time the Governor declares the bill a law the location will be made. This place will claim a central location, fine soil, pure water, a temperate climate, state land already bought and other advantages. Union was chosen for a consideration of this class in 1892 against 14 other locations.

A Fire Back Guaranteed For Five Years

If You burn coal, the Fire Back of the Charter Oak Stove or Range you buy is guaranteed for five years. If you burn wood it is guaranteed for twenty years. It will more than likely last for double that time, but we insure its life to prove the integrity of the stove you put your money in.

Charter Oak Stoves and Ranges

for sixty-three years have been doing more than their duty in the best portion of our American homes.

Primarily Charter Oak Stoves and Ranges are built to give the necessary volume of heat with the least consumption of fuel. This they do. But more than that they are constructed artistically—with graceful designs—handsomely ornamented and well and accurately balanced throughout.

Why put up with a stove that is not a reliable heat producer, or that does not bake even or cook steadily? Why invest your money in something that eats up tons of coal and gives you no return?

A Charter Oak in your home provides you with all the heat you require, yet it consumes a minimum amount of fuel. You can regulate the volume of heat to suit yourself. You can keep your fire over night and be sure to have it next morning. It needs no attention.

It is made extra heavy and for over half a century has proven its lasting strength. Each stove is gas proof so that your room or kitchen is not filled with unpleasant odors. One in your house will improve your home conditions and insure well cooked meals.

If inconvenient to get to the dealer, write us for our free books. You can't afford to buy a stove or range until you have found out all about the Charter Oak.
