Representative-elect from the Se Oregon District, refuting the charge of bad faith to certain Siletz clients, which was made against Mr. Lafferty which was made against Mr. Lafferty immediately before the recent election. In the story that was published in a Portland evening paper at that time, L. W. Waller was said to be the particular homesteader who had charged Mr. Lafferty with bad faith in the handling of his claim. Mr. Waller denies this absolutely, declaving that he had no knowledge of the publication of the charge, and that he had nothing to do with it. Mr. Waller's letter follows:

"Monmouth, Or., Nov. 13, 1918 -- Mr. A. W. Lafferty, Portland, Oregon-Dear Sir: I came to Monmouth to-day, Got your letter at Fails City as I came through. Certainly, I want you to look after the case until it is flaished. I am not paying any attention to it; it is in your hands. I have never doubted at any time but what you were doing your very best fer me, and in regard to that piece in the paper. I have not seen it, and had no hand to be a seen it. in ave not seen it, and had no hand in it in anyway. Never even told any-one I had lost faith in you. Attorney-General Gives Opinion on Liquor Question Affecting Wallowa District City.

SALEM, Or., Nov. 29,- (Special.)foseph may go wet, should it vote wet, regardless of the fact that Wallowa uniy voted dry. This is the gist an epinion submitted to A. M. Runnells, City Attorney of Joseph, by the Attorney-General as follows:

Runnells, City Attorney of Joseph, by the Attorney-General as follows:

Yours of the 25th instant, relative to local option vote in your county, received, and in repli, as I gather the facts from your letter. Wallows County voted dry, while the precinct in which is sociated the City of Joseph voted wei. If this is correct, then the County Court will issue its order, declaring the whole county dry. Which will include the City of Joseph, and which erder will become effective January I next.

You ask, also, will it be necessary for this city to appear before the County Court and wask that the precinct be excepted, provided said court undertakes to proclaim the county dry. Replying therete, beg to say that the city has no standing to object, as the vote extends over the whole county, and if it carried within the county, then the whole county was voted dry. However, Section 2 of Article XI of the countition was amended at the last election. See voters pamphlet, page 71. And the vote, I expect, will be canvassed and declared in a few days, when they will be in full force and effect.

Then, under the authority of that amendment to the constitution, the City of Joseph can prepare an ordinance regulating the sale of intexicating liquing within its boundaries, and provide for holding an election upon the question and taking a vote as to whether local option shall prevail in the city, and if the city then votes wet, it takes it out of the operation of the County Jidde's order, but the city will have to provide for and take a vote upon the question."

FAMOUS RAINBOW PROPERTY TO RE SOLD FOR \$1,050,000.

United States Smelting, Refining & Mining Company Negotiating for Baker County Mine.

PENDLETON, Or., Nov. 29.-(Special.) -The largest and probably the most important mining deal ever consummated made here today by Fred R. Mellis, pres ident of the Oregon-Idaho Investment Company, who is in Pendleton for the transaction of business. According to Mr. Mellis, the famous Rainbow mine in Raker County is about to be sold to th United States Smelting, Refining & Min ing Company, the largest concern of its kind in the world. T. price to be paid is \$1,050,000.

The first payment of \$200,000 is to be made on or before Masch 3 and the bal-ance of \$55,000 by May 2. ance of \$20,000 by May 2.

A crew of mining engineers from the purchasing company is now on the ground making a final examination, and Mr. Mellis thinks there is little doubt

of their report being favorable.

The Rainbow is one of the most famous ines in Eastern Oregon and bas long been considered by many interested in mining as the most promising. It ad-joins the Humbolst mine, one of the properties of the company of which Mr. Mellis is president, and it is for that reason that he is interested in the transfer of ownership.

Declaring that the members of the School Board have been willing at al schools and the subject of school build-ings with representatives of the civic council and other taxpayers, H. C. Campbelt a director of the Board, said last night that the civic council had elected to question the work of the Board at its meeting Monday night in a manner cal-culated to create unwarranted public sentiment against the Board.

He said that the charges and intima-tions of collusive bidding in the construc-tion of buildings were without foundation and, on the contrary, that all bids for construction work were advertised for in the regular way and contracts were awarded to contractors of respon-sibility submitting the lowest bids.

Because we have not bowed to the wishes of certain architects in this city, pressure is being brought to bear in every way possible to force us to step partment, down and out," said Mr. Campbell. "It of the to would appear that the civic council is quarries for taking up the cudgel for these aggriered gentlemen and by doing so it would seem that that body is working for the interests of certain ones of its members.

"We are ready at any time to confer

with the members of the civic council or its special committee, in regard to the entire question. We have nothing to conceal. We were elected by popular vote as members of a body to conduct the school afairs of Portland and Multnomah County. The members of the Board are County. The members of the Board are inewn to the people of this city and ertainly have honorable records. Do the people want us to resign in favor

of members of the civic council?
"The duties of the School Board engage considerable attention. We are required to devote much time to the work. Yet we do not receive any pay. We do not ask for pay for our services. As to the business of the Board, every cent that has been received and spent has been properly receipted and vouched for. The books are a matter of public record. Every transaction made by the board is open to the taxpayers for in-vestigation. The members of the civic council know this. They have been asked to investigate everything ther-oughly. We are ready to meet their committee."

Congress, was the with these statements.
"As conditions are now," Mr. Douglas testified, "the American merchant is handleapped. The foreign steamship handleapped. The foreign steamship nandicapped. The foreign steamship owners make a rate at Hamburg, Lon-don and Paris that controls the export shipment of an article to this country. Even if the American should charter a steamer for his own freight, he would not be able to obtain additional freight

to make up a cargo."

Similar conditions govern trade between the United States and South America, Mr. Douglas said, as all the lines plying between the two countries are owned abroad, and foreign steaming the asserted, bad spent

ROCK QUARRIES TO BE TURNED TO ROAD DEPARTMENT.

Washington Board of Control Finds Convict Labor Be Paid for Highway Work.

OLYMPIA, Nov. 29 .- (Special.)-In a ong report on the state rock crushing lants the State Board of Control tells of the operations of the five quarries, or rather of the attempt to operate them and ends with the recommendathem and ends with the recommenda-tion that they be placed entirely under the control of the State Highway De-partment. The Board reports that out of the total money derived for the quarries from all sources, amounting to \$131.316.10, \$122.591.14 had been spent, leaving \$5,416.96 available for the op-eration of the "defective Fidalgo and Meskill quarries."

At the outset the rate charged for

At the outset the rate charged for crushed rock was 50 cents a cubic yard to state, counties, cities and towns and 60 cents to individuals, firms and corporations, but when this was found in-adequate the rate was boosted to 60

and 50 cents respectively.

The board takes up the question of convicts at road and quarry camps and among the recommendations are that: The prisoners be taken direct to the camps instead of to the penitentiary. so as to save mileage; the Legislature fix a minimum wage to be paid all convicts at work so that they will be relieved of the evil influence of penury when released; the Legislature allow the Board of Control to have more traveling guards for the gathering of information concerning paroled prisoners from the penitentiary and youths from the State Training School and the Legislature pass again the section of the indeterminate sentence law, re-

pealed by the new criminal code.

The board says that additional legis The board says that additional legis-lation is needed to develop the fullest possibilities of the plan of building roads and operating quarries with con-vict labor. The board then takes up its plans of taking first-timers direct to convict camps and allowing a stated sum for good work.

Rapid Rise of Rivers and Creeks Is Cause for Some Alarm.

MORE MOISTURE PROMISED

Rains Are Predicted for Western Oregon and Washington, With Easterly Winds-Snow Deep in Eastern Part of State.

Rivers and creeks are rising rapidly as a result of the heavy rainfall and snow storms throughout the state, flooding marshes and lowlands and

threatening further damage. Forecasts for this state and Washington do not give promise of any clearing in the weather, but indicate that the extent of the high water has not yet been reached.

Torrents of rain have been failing in the valley of the Willamette and warm winds have followed snow storms in the mountains, with the result that the the mountains, with the result that the water in the river is steadily coming up. Weather Forecaster Beals predicts that by Friday the Willamette in Portland will have risen over 14 feet above the low mark. Already navigation on the Upper Willamette is as hindered by the high water as it was by low water in the Summer.

Storm's Sweep Wide.

The sweep of the storm was wide, taking in all of Oregon and most of Washington. In Eastern Oregon and in the mountainous regions of other parts of the state, considerable snow fell. Continuing, the storm promises to cross the entire northern half of the United States, forecasts from Wash-United States, forecasts from Wash-ington, D. C., indicating severe cold east of the Rockies. Severe weather in Alaska and the extreme Northwest also predicted. A stoam moving northward from the Carolinas now has the New England

Coast in its teeth.

Water in the capricious Willamette is rising by leaps and bounds. Records of the local weather bureau show that the river rose 5.4 feet at Eugene during 24 hours, 6.1 feet at Harrisburg, 6.3 feet at Albany 4 feet at Salem and 2.4 feet at Albany, 4 feet at Salem and 3.6 feet at Wilsonville. Yesterday, the river rose 1 of a foot in Portland.

Willamette Will Rise. ,

"The Willamette at Portland will rise rapidly during the next few days," said Forecaster Beals yesterday. "It will probably reach a stage of 10 feet tomorrow, 13 feet Thursday and 14.5 feet Friday."

This is on the assumption that more rain will fall, as it is predicted for to-day in the Western haif of Cregon and Washington. Brisk easterly winds are also expected, particularly in the Straits of Fuca, on the Washington Argument will be heard December 1.

Steamboat men declare that if the Willamette keeps up its pace, the volume of water will be so great as to har vessels as effectually as the low stage did last Summer. Drift is running in large quantities in the upper river, of "Curiey" Pratt, who is under arrest

several log booms having been re-leased by the flushed stream, but only that which finds its way over the falls at Oregon City will prove a menace in the stream here.
In some places, the recent storm caused considerable damage. The snowfall at Hood River severely crip-

Trip to California to Be Made in Hope of Bettering Health. Recovery Is Expected.

SALEM, Or., Nov. 23 .- (Special.)-While Governor and Secretary of State Benson expects to leave for the South within the next 10 days, he intends to qualify for office as Secretary of State and will not resign, according to a statement given out today. While it is known that a number of the

friends of the Governor, who has been re-elected to the office of Secretary of State, have been holding consultations with an idea of requesting him to resign owing to his ill-health, it has been learned that Mr. Benson has not been approached as yet with the propositian and it is pos-sible he will not be, should he evince a determination to continue in office. His friends all express the hope that another trip to California will prove to be greatly beneficial to his health, but the long, tiresome journey from Califor nit to Oregon proved to tire the Governor greatly and some of his friends fear that the trip to the South may be a detriment to him physically, rather than resulting in an improvement of his condition. The Governor is of an optimistic frame of mind and is fully confident that he will of the opinion that he is now well on the road to recovery and the only remedy that he needs further is a long, continued
