FUND BIG ENOUGH

Major McIndoe Believes by End of Year North Project Will Be Started.

STORMS DO LITTLE HARM

Covernment Engineer Returns From Fort Stevens and Says Progress on Jetty Work at Mouth of River Is Satisfactory.

O. R. & N. steamer Elimore was yester-day inspected and she will go to Astoria loday, handling freight.

To lay up until next season, the steamer failey Gatzert, of The Dailes, Portland Astoria Navigation Company's fleet, esterday went to the C. R. & N. yard. In tow of the steamer Ocklahama the French bark Michelet left up from As-toria yesterday, and is due in the harbor this morning. The barge Amy Turner

this morning. The In tow of the tug Hercules the British bark Poltailoch yesterday sailed from San Francisco to load lumber at St. Helens for Hing, Rolph & Co., the cargo being consigned to Port Natal.

In a certificate of change of masters filed yesterday at the Custom-House it is shown that Captain Thomsen, of the Eureka, has been appointed master of the Alliance, vice Captain Astrop.

Leaks in the stern of the pilot schooner Joseph Pulltzer having been caulked, she will probably be floated today from the Port of Portland drydock and return to

Port of Portland Grydock and return to her station off the Columbia River.

Buoya No. 2 and M. which were missing on Grays Harbor bay, were yesterday replaced by the lighthouse tender Manzafita, and a new outer buoy was established to mark the south channel. Reports received yesterday by the Yellow Stack Line from Corvallis were to the effect that it was believed the crest of the high water had been reached there, though its influence will be felt here until after tomorrow.

While passing Stevens Point, below

Unless a further cut is ordered in the estimate of \$950,000 made by the chief of engineers for the improvement of the mouth of the Columbia, there will be sufficient available, with money on the steamer Shaver "broke up" a raft, steamer Shaver "broke up" a raft, through it being caught in the stiff current, and the steamer Wauna was sent

Major Melados yesterday resumed his office duties after spending a day at Fort Stevens, where he went in connection with matters bearing on fortication work. He said the jetty had suffered practically nothing from the recent storms, only a few piling being washed out. The extension labors of the past season have progressed so satisfactorily that it is not doubted the coming year will see completion of the undertaking, and the driving of the opening wedge on the north jetty, which navigation suthorities agree will forever solve the problem of providing permanent deep water at the entrance to the Columbia River.

"When I speak of preliminary work on the north jetty, I do not mean surveys and such features alone, but I am very and such features alone, but I am which is by Balfour, Guthrie & Co., and which is to come from San Francisco for cargo. There resterday entered at the Custom-House the stramers Washington, Westerner and Roanoke from San Francisco and the Eureka from Eureka from Eureka from Eureka from Sur Francisco for cargo. Secured the old union rate. The Golden Cathrie & Co., and which is to come from San Francisco for cargo. Secured the old union rate. The Golden Cathrie & Co., and which is to come from San Francisco for cargo. Secured the old union rate. The Golden Cathrie & Co., and which is to come from San Francisco for cargo. The country from San Francisco for cargo. The come from San Francisco for cargo. The country from San Francisco for ca Major McIndos yesterday resumed his

to the Columbia River.

"When I speak of preliminary work on the north jetty, I do not mean surveys and such features alone, but I am ef the opinion that we will have sufficient to provide terminais for the project," said Majer Melndoe. There is a large amount of preparatory labor necessary on an enterprise of that character, so that while we will probably not actually begin on the jetty proper by driving piling for the treatle and such things, we will no doubt be in a position when funds are available to rush construction of the main jetty project.

Same Interligence is appropriate to the southern harbor during the Summer.

What is regarded as one of the most unusual charters of the season is announced by Bates & Chesebrough at San Francisco, which firm has taken the ship Henry Villard for a voyage to Ancon with general cargo, and she will be sufficient to provide the same in the Lower Columbia and towed to the southern harbor during the Summer.

What is regarded as one of the most unusual charters of the season is announced by Bates & Chesebrough at San Francisco, which firm has taken the ship Henry Villard for a voyage to Ancon with general cargo, and she will be sufficient to provide terminate to the southern harbor during the Summer.

rush construction of project. In the estimates as submitted to President Taft by Chief of Engineers Hisby are eliminated emergency items that are usually carried by the old system of rivers and harbors bills, which were passed every two years. Yet, as there has been an understanding through which annual appropriations will be made for the improvement work, it is not doubted but that at all times there will be sufficient available for immediate demands. In the past, emergency appropriations have not alemergency appropriations have not always been expended, but the residue serves to care for shortness or rush demands on later needs.

ELLA AND ERNA LOAD WHEAT

Italian Firm Buys Small Tramps for Mediterranean Service.

Mediterranean Service.

Following months of inactivity on the Sound and a fruitless season preceding of spasmodic voyages, the German steamers Ella and Erna, of the Jebson & Ostrander Line, that extends from British Columbia and Puget Sound to San Francisco and Mexico, have been chartered for wheat to the United Kingdom, the Ella by Halfour, Guthrie & Co. and the Erna by Kerr, Gifford & Co. The former is of 2256 and the latter of 2172 tons, so they will not carry record cargoes.

It is understood that the steamers have been sold by the line to Italian interests and that after discharging wheat in Europe they will head for the Mediterranean to ply on a permanent commercial route Cargoes will be furnished on Puget Sound.

Another outside fixture that was yesterday received is that of the Norwe-

Another outside fixture that was resterday received in that of the Norwegian steamer Solveig, of 2862 tons not register, which has been taken by Philadelphia interests to load a cargo of spruce in Wilapa Harbor for Buenos Ayrea. The Norwegian steamer Hermine recently took a cargo of spruce from Grays Harbor, and the British steamer Strathtay was finished a few days are on Puret Nound and carried days ago on Puget Sound and carried a deckload of 1,340,000 feet of spruce,

Lewis Loads Larger Cargo.

Captain Manning, of the British ship William T. Lewis, which shifted to the stream yesterday afternoon, after com-pleting her cargo for the United Kingthom, has established a record in loading, as she has abourd 2455 tons, or 30 tons more than on her previous visit here. In 1906 the vessel, then known as the Robert Duncan, cleared with 2425 tons. Captain Manning says that whe could take on more wheat and not 3425 tons. Captain Manning says that she could take on more wheat and not prove unwieldy. James Rolph, Jr., managing owner of the ship and head of the San Francisco Merchanis' Ex-rhange, reached the city yesterday to arrange for her sailing.

...... hand that has been husbanded by Ma-jer J. F. McIndoe, to complete the south jetty and to start work on the north . It was reported yesterday that the It was reported yesterday that the German bark Mimi, chartered Tuesday by Balfour, Guthrie & Co., and which is to come from San Francisco for cargo, secured the old union rate, 27s &d.

be towed by the steamer George W. Fenwick. The move was made because of heavy offerings of New York cargo. They will sail December 24.

HILL MAKES DENIAL

Story of New Road Discredited by Representative.

PLAN ONCE CONSIDERED

E. P. Shannon Says That Rogue River Valley Line Will Not Be Part of Hill System in Southern Part of State.

An absolute and unqualified denial

An absolute and unqualified denial of the report, published in a Southern Oregon paper, to the effect that the Hill interests contemplate building a line of railway from Klamath Falls through Medford and Jacksonville to Crescent City, a port in Northern Callfornia, is made by E. P. Shannon, assistant to John F. Stevens, president of the Spokano, Portland & Seattle, and head of the Hill lines in Oregon.

The report referred to stated that the portions of the Pacific & Eastern already constructed would be used as a part of the line, and that the Pacific & Eastern survey from Klamath Falls to a pass 22 miles south of Crater Lake would be utilized. The Pacific & Eastern is now a Hill line, having been purchased from John R. Allen. The fact that G. A. Kyle, formerly a prominent Hill official, is consulting engineer for a mile of new road being built by the Rogue River Valley Railroad Company up Jackson Creek is taken as an indication that that road is also to become a part of the supposedly proposed new line.

"There had been some talk of such a line being built," said Mr. Shannon, "but the plan has been definitely abandoned. We would not be likely to use Mr. Kyle, one of our former officials, if we really intended to build such a line and wished to shroud our movements in mystery, as is supposed. John R. Allen is not connected with the Hill interests. He bought the Pacific & Eastern and we purchased it from him. That is as far as the connection goes."

John Sisemore, Pioneer, Is Dead. GRANTS PASS, Or., Nov. 30.—John Bisenore, a ploneer who died here November 26, was buried at Myrtle Creek, Monday, was born in Kentucky in 1835, came to Salt Lake in 1854, to California in 1855, and to Oregon in 1860, resided in Jackson County up to 1882. He then moved to Crook County, where he was extensively interested in livestock. He owned extensive property in

stock. He owned extensive property in the town of Bend.

There survives him one daughter,
Mrs. W. B. Johnston, of Roseburg, and
one son, S. C. Sisemore, of Fort Klamath. Both were with him during his
last filness and at his demise.

Steamer Arcadia Overdue.

LONDON, Nov. 30.—The American teamer Arcadia, from New Orleans Octoer 11 for San Juan, has been posted at Loyds as overdue.

Ran Over Bodies, Too. Dry and Very Crusty-Used Cuticura and Did No More Scratching, Eczema Disappeared in 6 Weeks.

Now More Than Two Years Ago and No Sign of Trouble Has Returned.

"I had a doctor for them but he could not help. Then I read of the Cuticura Remedies. As I am a chemist, having served my apprenticeship in Germany, I did not have much confidence in them. Yet I was soon taught something better, for after I used Cuticura Soap, Ointment and Resolvent the first time the children felt very well and did no more scratching. Then the eczema became dry and entirely disappeared after about six weeks' treatment. This is now more than two years ago and no sign of the trouble has returned, therefore I can recommend the Cuticura Remedies without reserve to all people who are suffering with eczema. William Grelek, 74 Douglas St., Brooklyn, N. Y., Mar. 10, 1910."

Constitutional Blood Poison is the most insidious of all diseases. begins in an insignificant manner, usually the appearance of a tiny sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time its chain of symptoms begin to crop out. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, the glands in the groin swell, and sometimes the hair comes out, Mineral medicines cannot cure Constitutional Blood Poison; they only shut the disease up in the system to smoulder and await an opportunity of breaking out afresh. The only pos-sible way to cure the disease is to REMOVE the germs from the blood. S. S. S. goes into the blood, and while removing the infection makes the blood pure, fresh and healthy. This

causes a general upbuilding of the entire system, and when S. S. S. has made a cure there is no return of the hideous symptoms. S. S. S. is made

entirely of vegetable matter, containing not the least particle of mineral in any form. It is a perfectly safe medicine and a certain cure for blood poison. We have a Home treatment book which we will be glad to send free to all who write and request it, also any medical advice without charge.

WHY WAIT

until your whole system is polluted, or until your nervous system is tottering under the strain and you become a physical and mental wreck? With special allments you can make

wreck? With special allments you can make no compromise. You must conquer them now by the right treatment or they will fill your whole life with fallure, misery and woe. Uncertain, improper or half-way treatment can only do harm.

The service I render is entirely unlike and better than the ordinary. I have devised new and scientific methods of treating men's allments in all their phases. I cure cases that others cannot cure, and cases that others cannot cure, and cases that others cannot cure, all my forms of treatment have been perfected along the lines of nature's requirements and are in exact harmony with the natural recuperative forces. Therefore, my cures are painless, prompt and thorough.

thorough.

I GIVE INDIVIDUAL TREATMENT
I wish to make one point distinct and emphatic. The remedies employed in treating my patients are prescribed and compounded to meet the exact requirements of each individual case. Every patient of mine can rest assured that the treatment he receives is not of the "ready-made" kind. I make a special study of every case I treat, note all conditions in the beginning, note all developments as the cures progresses, and so alter my remedies as to accomplish just what my knowledge and trained perception tell me must be accomplished. After diagnosing your case I will know just what you need.

SPECIFIC BLOOD POISON.

SPECIFIC BLOOD POISON. I cure this alment completely. The system is thoroughly cleansed and every poisonous taint removed. The last symptom vanishes to appear no more, and all is accomplished by the use of harmiess, blood cleansing remedies. Do not submit to the dangerous dosing commonly indulged in. Such treatment merely obscures the symptoms.

Visit Dr. Taylor's \$10,000 Museum of Anatomy FREE TO MEN

I also treat successfully kidney and blader troubles, blood allments, piles and all re-

By varicose veins we understand a twisted, hardened and knotted condition of the veins carrying the blood. The stagmant blood in the affected veins seriously interrupts the organs and often is because of reflex symptoms which are not easily recognized. By my improved methods I use no knife, cause no pain nor loss of time from business. By treatment is scientific, the orough, permanent, and never falls. It will pay every man suffering from varicose veins to investigate before considering other treatments. CONSULTATION AND DIAGNOSIS FREE My Honest and Candid Advice Costs You Nothing. I cheerfully give you the very best opinion, guided by years of successful practice. Men out of town, in trouble, write if you cannot call, as many cases yield readily to proper home treatment and cure. My offices are open from 9 A. M. to 8 P. M. Sundays, 10 to 1 only.
