SPEEDERS AIMED AT .- Drastle actio against speeders of motorcycles is urged upon Chief of Police Cox, by the Port-land Motorcycle Club, who, through their secretary, R. R. Ruffner, transmitted to the Chief yesterday afternoon resolutions adopted by them to that effect. The club takes the stand that all riders of motorcycles, for their own protection and that of the public, must not violate the speed laws. The communication says that the most flagrant offenders are messenger hops who go about the streets at all hours of the day and night at breakneck speed. The rules of the club provids a fine for any of its members who are caught speeding, and the members have done much missionary work in inducing others to regard the law.

Bold Foreign Escapes.—Attempting the "rush act" to secure money on a forged check, an unknown man was folled yesterday morning through the fact that Louis Senosky, the intended victim, knew the genuine signature of H. B. Litt, the purported maker of the check. The stranger tushed into Senosky's place, with his coat off and an expressman's badge on his hat, and said he had just done some hauling for Mr. Litt and had received the check, which called for MS. Senosky scrutinized the instrument and said, "Why, this is not Litt's signature!" The stranger waited to hear no more, but rushed out and escaped.

CLUB SECURES NEW MEMBERS.—The Brooklyn Improvement Club secured 20 new members at the entertainment given Thursday night in the assembly hall of Brooklyn school, and will get about is more. The entertainment was the first given in a school assembly hall in Portland under the new rules, which permit such entertainments where the cost of light and janitor's services are paid. It was through the work of the Women's Federation that this privilege was secured so that lectures and entertain-ments of the right sort may be held in the assembly halls.

J. W. Roberts to Make Special Report on Postoffice.

HILL REPORT QUESTIONED

Belief Is Recommendation of Taft Appointee Meets With Disapproval of Treasury Department-May Choose Block S.

for the City of Portland, as recom-mended by Dr. J. W. Hill, has not met with the approval of the Secretary of the Treasury was made plain yesterday morning when Joseph W. Roberts, of San Francisco, reached the Seward Hotel. Mr. Roberts is the Federal superintendent of building construction for the Pacific Coast. He admits that he is here in connection with the purchase of ground by the Government for Postof-flice purposes. That is as far as Mr.

Roberts will go.
"I am under orders to secure certain Roberts will go.

"I am under orders to secure certain additional information desired by the Secretary of the Treasury in connection with the Postoffice site," said Mr. Roberts last night. "I know nothing of the report submitted by Dr. Hill, and have nothing to do with it. I have not called upon Dr. Hill, and really have nothing to say on the matter. My report will be confidential and will be submitted to the Secretary of the Treasury as soon as I Secretary of the Treasury as soon as I am through with the mission which brought me here."

Roberts Talks but Little.

Superintendent Roberts said he would call upon Postimuster Merrick this morn-ing, but did not intimate just what he had to say to the Porthand official. In

fact, Mr. Roberts refused to talk more than he could help.

It has been known for some time that the representatives of the owners of block S, chief among the latter being Dr. Andrew C. Smith, have been in Washington to Dr. Andrew C. Smith, have been in Washington to controvert the report that Washington to controvert the report that Dr. Hill, appointed by President Taft to handle the site selection matter and whose compensation for the 79 days of service was approximately \$1400, had turned down block S on the allegation that it was "filled in" ground. Dr. Smith disputes that statement, and it is believed that Roberts may be here to investigate the question.

Roberts is the man who had much to do with the building of the Customs-

lo with the building of the Customs-House in Portland, and who constructed the Postoffice building at San Francisco, and is considered an authority. His reputation was made when the San Francisco Postoffice building not only withstood the earthquake of 1906, but the

fire which afterward destroyed the dis-trict on all sides of it. Knowing that Postmaster Merrick and Senator Bourne had joined in a recom-mendation of block S because it was the cheapest site offered within 50 rods of the Grand Central Station, it is generally believed that Bourne has helped block the report submitted by Dr. Hill.

Realty Men Busy on "Tip."

Another rumor was prevalent last night in real estate circles to the effect that Dr. Hill had selected and recommended the purchase of block 68, bounded by Tenth and Eleventh streets, Burnside and Couch streets. So strong was the 'tip" that real estate men were endeavoring to make trades on account of it.
The block is a part of the Glisan estate,
under the management of Rodney L. Glisan, and was not among those offered to
the Government when bids were called
for in August

Under the instructions which are said dered in response to the advertisement. Knowing these facts to be true, real estate promoters were inclined to credit the rumor of the location of the favorite selection of Dr. Hill.

The allowed the school districts to make their levies.

The total assessment of property in Multinomah County before being equalized by the County Board of Equalization was \$277,478,625. There are 184.

Mr. Roberts will be here until Monday or Tuesday, and perhaps longer. He is not a Beaver and admits an inability to perform his mission when the rain pours down as it did yesterday.

WORK HELD TOO HEAVY

Y. M. C. A. WOULD LIGHTEN BURDEN OF JUVENILE COURT.

Proposed Law Reform Is for Creation of Sixth Judgeship for Minor Cases Only.

Reform in the Juvenile Court law is proposed by a committee of business men in charge of the hoys' work of the Young Men's Christian Association. A sub-committee has taken the matter up with E. C. Bronaugh, ex-judge of the Juvenile Court, asking him to draft a

work and reports that he finds 210 children of school age in that part of the district. With this showing the league hopes to induce the Board of Education to provide a modern schoolhouse there. Burnier is Finned.—John Mergens, who runs a butcher shop known as "John's Market," at it North Sixth street, was fined 20 in Municipal Court yemerday morning for selling spoiled meat. A. L. Shureman was the complainant and said ha had bought a chicken from Mergens, which was unfit for food.

But the work has been piling up so high since he died, that the judge in charge has had but little time to give to the boys and girls. Their cases demand more attention. I understand there has been hardly a case of contributing to the delinquency of a minor which has been tried in the last two years. He said he is in favor of placing probate business in the Circuit Court instead of the County Court, which would give litigants in estate matters one less court to which to appeal, and reduce the amount of red tape. He said he would also make the County Court the final arbitrator of all Municipal Court and Justice Court matters, unless jurisdictional matters were involved. CITY ENGINEER CHARGED

R. B. Lamson Says Official Is Derelict in Making Repairs.

Charges made by R. B. Lamson that the City Engineer had forced him to strengthen a retaining wall on his own land to protect a street improvement on Aspen street, on Williamette Heights, refusing later to make repairs when the wall gave way and the street improvement suffered, were taken up by the street committee of the Executive Board yesterday afternoon, and, after a hearing was given them, were referred to the City Attorney to determine the legal status of the matter. Statements made by Mr. Lamson and Statements made by Mr. Lamson and City Engineer Morris at the hearing did not agree, but the committee did not put either man under oath. Mr. Morris insisted that his department had Morris insisted that his department had been notified by Mr. Lamson that the city would not be permitted to go on his land in order to make a retaining wall, while Mr. Lamson denied that such a request had ever been made.
